

ORDER OF THE STATE OF WISCONSIN NATURAL RESOURCES BOARD
REPEALING, REPEALING AND RECREATING, AMENDING AND CREATING RULES

The Wisconsin Natural Resources Board proposes an order to repeal NR 20.20(4)(h)7. and 8.; to amend NR 19.025(3)(a) and (5)(a), 19.275(3)(a), 19.30, 20.06(10), 20.16(1)(b)2., 20.20(1)(a), (c), (cm), (d) and (h)1., 20.20(2)(bm), 20.20(2)(g)3., 20.20(3)(f)1., 20.20(7)(c), 20.20(16)(g), 20.20(26)(g)3., 20.20(29)(a), (c), (cm), (d) and (h), 20.20(32)(c), (d), and (g), 20.20(35)(a), (b), (c), (d), and (g), 20.20(37)(a), (c), (e)2. and (i), 20.20(42)(b), (c), and (f), 20.20(44)(b)1. and 2., (d)1. and (g)1., 20.20(49)(f), 20.20(50)(a), (b)1., (cm), (d)3., and (h), 20.20(51)(bg), 20.20(55)(bg), 20.20(56)(i), 20.20(57)(c), 20.20(64)(h), 20.20(67)(a)2., 20.20(68)(a)2., 20.20(72)(a), (c), (cm), (d) and (h), 20.20(73)(h)6. and (o)6., 24.09 and 24.10; and to create NR 19.27(4)(a)1.d, 20.20(36)(am) and 20.20(64)(d)4., relating to fishing and clamming on the inland, outlying, and boundary waters of Wisconsin.

FH-01-09

Analysis Prepared by the Department of Natural Resources

1. Statutes Interpreted: In promulgating this rule, ss. 29.014(1), 29.039, 29.041, 29.053, 29.531 and, 29.533, Stats., which authorize fishing, and 29.537, which authorizes clamming, have been interpreted as giving the department the authority to make changes to fishing and clamming regulations on inland and boundary waters of Wisconsin.

2. Statutory Authority: Sections 29.014(1), 29.039, 29.041, 29.053, 29.537 and 227.11(2)(a), Stats.

3. Explanation of Agency Authority to Promulgate the Proposed Rules Under the Statutory Authority: Sections 29.014(1), 29.039, 29.041, 29.053 and 29.537, Stats., grant rule making authority to the department to establish and maintain open and closed seasons for fish, clams and game and any bag limits, size limits, rest days and conditions governing the taking of fish, clams and game that will conserve the fish, clams, and game supply and ensure the citizens of this state continued opportunities for good fishing, hunting and trapping; grant that the department may establish limitations relating to taking, possession, transportation, processing, and sale or offer for sale, of nongame species; and provide that the department may regulate hunting and fishing on and in all interstate boundary waters, and outlying waters. Section 227.11(2)(a), Stats., expressly confers rulemaking authority on the department to promulgate rules interpreting any statute enforced or administered by it, if the agency considers it necessary to effectuate the purpose of the statute.

4. Related Rule or Statute: None.

5. Plain Language Rule Analysis:

Sections 1, 2, and 3 would allow the department to conduct criminal history background checks on individuals who want to serve as department-sponsored volunteer angler education instructor or a mentor as part of a department sponsored or approved learn-to-hunt program. These instructors often and primarily serve as instructors for youth. Similar to the hunter, boater, snowmobile, ATV and trapper education volunteer instructor programs, it is important that we make sure we are not providing the opportunity for any individual who is not allowed to associate with children or who has been convicted of an illegal act involving children, from having the opportunity to work with children during the angler education programs conducted by DNR.

This proposal would also remove the condition that a mentor for fishing programs may not serve as a mentor for more than 3 anglers and clarify that the applicant, instructors and mentors need to possess a valid fishing license. Section 1 will also reduce the 30 day advanced notice for applications for fishing programs to 15 days.

Section 4 clarifies that either a small game or a fishing license is a valid approval for taking crayfish as they are the licenses most related to the activities of harvesting these species. This is similar to what is required for taking turtles.

Section 5 clarifies that any line or device used for fishing must be under the control of the angler with a tethered line that allows for the retrieval of the device and attached hook and line, and explicitly states that remote-controlled fishing devices must also be tethered or connected to a line of which the angler has control.

Section 6 removes a requirement that barbless hooks must be used during the early, catch-and-release inland trout season. Barbed hooks would be permissible, but artificial lures only would still be required.

Sections 7, 8, 15, 16, 17, 19, 20, 21, 23, 24, 25, 27 and 32 clarify the boundaries of the Wisconsin river from its origin downstream to the southern Columbia county line as “Wisconsin river, including bayous, sloughs, and flowages upstream to the first dam or highway bridge.” This wording is similar to wording currently in place for the Wisconsin river from the southern Columbia county line downstream to the mouth of the river, and affects waters in Adams, Juneau, Lincoln, Marathon, Oneida, Portage, and Wood counties. In Juneau, Lincoln, Marathon, and Portage counties additional language is used to further clarify the boundaries of the Wisconsin river and its flowages.

These sections also include similar wording for the Chippewa river, East fork of the Chippewa river, the North and South forks of the Flambeau river, LaCrosse river, Lemonweir river, and Yellow river in Ashland, Juneau, LaCrosse, Monroe, Price, Rusk, and Sawyer counties.

Section 9 sets a minimum length restriction for walleye in Upper Clam lake (Ashland county) of 15 inches.

Section 10 increases the minimum length restriction for walleye in Beaver Dam lake (Barron county) from 15 inches to 18 inches, and reduces the daily angler bag limit for walleye from 5 fish to 3 fish.

Section 11 creates an annual open season for trout in Balsam pond and Beaver, Little Star, Nymphia, and Overby (Blaisdell) lakes (Bayfield county), where the seasons in these lakes are currently closed every other year. The annual open season will be between the first Saturday in May and September 30.

Section 12 removes the 14 inch minimum length restriction for largemouth and smallmouth bass in Lake 26 (Burnett county).

Section 13 extends the end of open season for trout in Anderson lake (Douglas county) from September 30 to the first Sunday in March.

Section 14 sets a minimum length restriction for walleye in Bearskull, Fisher, Owl, and Upper and Lower Springstead lakes (Iron county) of 15 inches.

Section 18 increases the minimum size restriction for northern pike in Silver lake (Manitowoc county) from 26 to 32 inches and reduces the daily angler bag limit from 2 to 1.

Section 21 also corrects an administrative error which improperly lists the minimum length restriction for walleye in the Wisconsin river downstream from the St. Regis dam in Rhinelander (Oneida county) as none rather than 15 inches.

Section 21 also increases the minimum length restriction for largemouth and smallmouth bass in Burrows lake (Oneida county) from 14 inches to 18 inches, and decreases the daily angler bag limit from 5 to 1.

Section 22 increases the minimum length restriction for walleye in Big Round lake (Polk county) from 15 inches to 18 inches, and reduces the daily angler bag limit for walleye from 5 fish to 3 fish.

Section 26 replaces the current 9 inch minimum length restriction for trout in Manley creek (Sauk county) with a 9 inch maximum size restriction. This rule will expire 10 years after implementation.

Section 28 increases the minimum size restriction for muskellunge in Big Sand, Kentuck, and Long lakes (Vilas county) from 34 inches to 50 inches.

Section 29 increases the minimum size restriction for walleye in Dead Pike lake (Vilas county) from none to 18 inches, and reduces the daily angler bag limit from 5 to 3.

Section 29 also removes the current 15 inch minimum size restriction for walleye in North Twin and South Twin lakes (Vilas county), but stipulates that walleye between 14 and 18 inches may not be kept, and only 1 walleye larger than 18 inches may be part of an angler’s 3 fish daily bag limit.

Section 29 also increases the minimum length restriction for walleye in White Sand (T42 N R7E S27) and Long lakes (Vilas county) from 15 inches to 18 inches, and reduces the daily angler bag limit for walleye from 5 fish to 3 fish, and also corrects an administrative error which improperly lists the closing date of the open angling season for walleye as March 1 rather than the first Sunday in March.

Sections 30 and 31 add Regner (Washington county) and Foxbrook (Waukesha county) ponds to the state's urban fishing program, in which there is a continuous open season but only persons under 16 years of age or disabled pursuant to s. 29.193 (3) (a), (b) or (c), Stats., may fish from the second Saturday in March to but not including the last Saturday in April, and in which persons may possess 1 largemouth bass, smallmouth bass, northern pike, walleye, sauger or hybrid in total; 10 panfish and bullheads in total; 3 trout and salmon in total, and an unlimited number of rough fish.

Section 33 corrects an administrative error regarding possession of minnows.

Section 34 specifies that the total daily bag limit for walleye, sauger, and walleye-sauger hybrids is 5 in lake Winnebago system waters, of which only 1 may be a sauger or hybrid.

Section 35 closes recreational and commercial clamming and prohibits collection of dead shell in the St. Croix river where it forms the boundary between Wisconsin and Minnesota, and prohibits collection of dead shell from waters within the St. Croix National Scenic Riverway. This standardizes rules between Wisconsin, Minnesota, and the National Park Service in these waters.

Section 35 also prohibits commercial clamming in the St. Louis River where it forms the boundary between Wisconsin and Minnesota.

6. Summary of and Comparison with Existing or Proposed Federal Regulations: None known.

7. Comparison of Similar Rules in Adjacent States: Fisheries management is generally quite similar in the states surrounding Wisconsin. Each bordering state regulates fishing by the use of seasons, bag limits and size limits. Specific seasons, bag and size limits may differ for species across the surrounding states; however, the general principles are similar. Michigan, Minnesota, Iowa and Illinois all have statewide seasons, bag and size limits for fish species, along with special or experimental regulations on individual waters.

8. Summary of Factual Data and Analytical Methodologies Used in Support of the Rule: Rule proposals were developed by fisheries and law enforcement staff to address management and enforcement concerns. Proposals were reviewed for need and adequacy, and approved by a fish team or law enforcement team supervisor and forwarded to regional director for approval. Proposals approved by the regions were forwarded to the Fisheries Management Bureau Director, who conducted a review with the Fisheries Management Board, law enforcement, legal services, the Wisconsin Conservation Congress, and the Great Lakes Indian Fish and Wildlife Commission. Only proposals approved by the Fisheries Management Bureau Director are included.

9. Analysis and Documentation Used in Support of the Agency's Determination Under s. 227.114, Stats., (Small Business Impact): The proposed rules do not apply directly to businesses, but to sport anglers.

10. Effect on Small Business, Including How the Rule Will Be Enforced: The proposed rules do not impose any compliance or reporting requirements on small businesses nor are any design or operational standards contained in the rule. The rule will eliminate the opportunity for commercial clamming operations in the St. Louis and St. Croix Rivers, but no individuals have been operating in these waters in more than 10 years. The rules will be enforced by Conservation Wardens who have arrest powers and may use citations.

SECTION 1. NR 19.025(3)(a) and (5)(a) are amended to read:

NR 19.025 Waivers for an educational recreational activity.

(3) GENERAL; CONDITIONS, LIMITATIONS AND RESTRICTIONS.

(a) An applicant shall submit a request for a waiver at least 30 days prior to a hunting or trapping the event and 15 days before a fishing event . The department may waive the 15 day period for fishing events when the department determines it is not required to conduct criminal history, character or background checks. All applications shall be submitted on forms provided by the department.

(5) SPECIAL FISHING CONDITIONS, LIMITATIONS AND RESTRICTIONS.

(a) Except as provided in par. (b), the applicant, instructors and mentors shall possess a valid fishing approval. During the field portion of the fishing activity there may be no more than 3 novice participants per mentor.

SECTION 2. NR 19.30 is amended to read:

NR 19.30 Criminal history checks; volunteer ~~safety~~ instructors. Whenever application is made to the department by a person interested in becoming certified to instruct as a volunteer all-terrain vehicle, boating, bow hunter, hunter education, Wisconsin cooperative trapper education program or snowmobile safety instructor, the bureau of law enforcement shall conduct a criminal history, character and background check on the applicant. Notwithstanding s. NR 19.025, the bureau of law enforcement shall conduct a background check on any person who applies to serve as an angler or aquatic education instructor, or an educational outdoor skills activity mentor under s. 19.025. Upon becoming aware of information indicating prior illegal activity, the department shall make appropriate inquiry into criminal history and character of instructor or mentoring applicants and determine their suitability for the proposed activity.

SECTION 3. NR 19.27(4)(a)1.d is created to read:

NR 19.27(4) ADDITIONAL RESTRICTIONS.

(a) Crayfish.

1. 'Prohibitions.' No person may:

d. Take, possess or control a crayfish unless the person is in possession of a valid approval which authorizes the hunting of small game or which authorize fishing, unless otherwise exempt from the need to possess one of more of these approvals to hunt or fish under ch. 29, Stats.

SECTION 4. NR 19.275(3)(a) is amended to read:

NR 19.275(3)(a)

(3) ADDITIONAL RESTRICTIONS. No person may do any of the following:

(a) Take, possess or control a turtle unless the person is in possession of a valid approval ~~issued under s. 29.624, 29.161, 29.204, 29.207, 29.231 or 29.235, Stats., which authorizes the hunting of small game, or an approval issued under s. 29.624, 29.228, 29.219, 29.231, 29.235, 29.531, or 29.533, Stats., which authorize fishing,~~ unless otherwise exempt from the need to possess one of more of these approvals to hunt or fish under ch. 29, Stats.

SECTION 5. NR 20.06(10) is amended to read:

NR 20.06(10)

(10) Fish in open water with a free-floating, remote controlled or anchored buoyant device with attached hook and line that is not held or otherwise controlled by the angler with the use of a line.

Note: This method is commonly known as jug fishing.

SECTION 6. NR 20.16(1)(b)2. is amended to read:

NR 20.16(1)(b)2.

2. No person may use any hooks, baits or lures other than artificial lures ~~with barbless hooks~~ while fishing for any species of fish on trout streams specified in par. (a).

SECTION 7. NR 20.20(1)(a), (c), (cm), (d) and (h)1. are amended to read:
