Assumptions Used in Arriving at Fiscal Estimate

The proposed rules implement the licensing mandates imposed by 2007 Wisconsin Act 63 relating to electrical contractors and electricians. The department currently administers a program for the certification of electricians and electrical contractors who then use the certification to obtain a license in municipalities which require licensing. The provisions of Act 63 requiring state-wide licensure are effective April 1, 2013.

The department estimates that an additional 10,000 electricians and electrical will obtain license prior to April 1, 2013. The current 4-year license fees for an electrical contractor is \$200, a master electrician \$200, a journeyman electrician \$100 and a beginning electrician \$20. This will then result in additional annual revenues of \$458,500 with 2013 implementation.

The department anticipates that workload associated with this licensing can be absorbed within current resources and staff levels.

Long-Range Fiscal Implications

No long-range fiscal implications are anticipated.
