: (CLEARINGHOUSE RULE 09-)

PROPOSED ORDER

An order of the Examining Board of Architects, Landscape Architects, Professional Engineers, Designers and Land Surveyors to repeal A-E 8.03 (5) (a) to (e); to renumber and amend A-E 8.03 (5) (intro.); and to create A-E 8.03 (5) (a) and (b), relating to the definitions of supervision, direct supervision, responsible charge, and direction and control.

Analysis prepared by the Department of Regulation and Licensing.

ANALYSIS

Statutes interpreted:

Sections 443.11 to 443.13, Stats.

Statutory authority:

Sections 15.08 (5) (b) and 227.11 (2), Stats.

Explanation of agency authority:

The Examining Board of Architects, Landscape Architects, Professional Engineers, Designers and Land Surveyors, or the applicable section of the board, under the authority of ss. 443.06 to 443.13, Stats., may establish the registration and practice requirements for architects, landscape architects, professional engineers, designers and land surveyors and impose discipline against a registrant for violating the rules of professional conduct set forth in ch. A-E 8.

Related statute or rule:

There are no other statutes or rules other than those listed above.

Plain language analysis:

This proposed rule-making order clarifies the meaning of the terms “supervision,” “direct supervision,” “responsible charge,” and “direction and control” as related to the practice of architecture, landscape architecture, professional engineering, designing and land surveying. The current rules of professional conduct define the terms in the negative, specifying what duties are not included in the definition. The proposed amendments define the terms in the positive sense, specifying the duties of a registrant exercising “supervision,” “direct supervision,” “responsible charge,” and “direction and control.”

SECTION 1 renumbers the introduction and removes the words “The terms do not include any of the following:”

SECTION 2 repeals s. A-E 8.03 (5) (a) to (e).

SECTION 3 creates s. A-E 8.03 (5) (a) and (b).

Summary of, and comparison with, existing or proposed federal regulation:

There is no existing or proposed federal regulation defining the terms.

Comparison with rules in adjacent states:

Illinois:

“Direct supervision or responsible charge” means work prepared under the control of a licensed professional engineer or that work as to which that professional engineer has detailed professional knowledge. 225 ILCS 325

Iowa:

The term “in responsible charge” as used in this chapter means direct control of and personal supervision over any land surveying work or work involving the practice of engineering. A licensee shall not place the licensee’s signature or seal on any engineering document or land surveying document unless the licensee was in responsible charge of the work, except that the licensee may do so if the licensee contributed to the work and the licensee in responsible charge has signed and certified the work. Iowa § 542B.2(4)

Michigan:

The term “responsible charge” is defined as the person who determines technical questions of design and policy; advises the client; supervises and is in responsible charge of the work of subordinates; is the person whose professional skill and judgment are embodied in the plans, designs, plats, surveys, and advise involved in the services; and who supervises the review of material and completed phases of construction, but is

referenced in the requirements for sealing documents for projects involving overlapping architecture and engineering professions; a licensee shall not seal a plan, drawing, map, plat, report, specification, or other document not prepared by the licensee as the person in responsible charge. § 339.2001 (d), Michigan Admin. Code.

Minnesota:

A person in responsible charge of architectural, engineering, land surveying, or landscape architectural work means the person who determines design policy, including technical questions, advises with the client, superintends subordinates during the course of the work and, in general, the person whose professional skill and judgment are embodied in the plans, designs, and advice involved in the work. A person in direct supervision of work means that person who is the employer, an employee of the same firm, or who is under contract to or from another firm and who is in responsible charge of technical, architectural, engineering, land surveying, or landscape architectural work in progress, whose professional skill and judgment are embodied in the plans, specifications, reports, plats, or other documents required to be certified pursuant to that subdivision. MN Rule § 1805.1600

Summary of factual data and analytical methodologies:

There have been changes in the profession that require updating of this rule. This rule change will provide additional clarification of “responsible charge” and similar terms used in s. A-E 8.03 (5) as it relates to the practice of architecture, landscape architecture, professional engineering, designing or land surveying.

Analysis and supporting documents used to determine effect on small business or in preparation of economic report:

This rule change will not affect or impact adversely small businesses or the private sector. No written analysis or formal research was involved in reaching this conclusion.

Section 227.137, Stats., requires an “agency” to prepare an economic impact report before submitting the proposed rule-making order to the Wisconsin Legislative Council. The Department of Regulation and Licensing is not included as an “agency” in this section.

Anticipated costs incurred by the private sector:

The department finds that this rule has no significant fiscal effect on the private sector.

Fiscal estimate:

The department estimates that the proposed rule will have no significant fiscal impact.

Effect on small business:

These proposed rules will have no significant economic impact on a substantial number of small businesses, as defined in s. 227.114 (1), Stats. The Department's Regulatory Review Coordinator may be contacted by email at hector.colon@wisconsin.gov, or by calling 608-266-8608.
