9. Policy Problem Addressed by the Rule

The Podiatry Affiliated Credentialing Board reviewed the pertinent rules and determined that s. Pod 1.08 (5) should be revised to address the issue of podiatric temporary license holders having to reapply for a temporary license half way through their required 2-year post graduate training. The issue is resolved by these proposed rules by changing the duration of temporary licensure from 1 year to 2 years. There was also a need to resolve the issue of new licensees undertaking their first renewal. The problem was new licensees would not have enough time to fulfill their 50 hours of continuing education if they had received their license towards the end of the renewal period. These proposed rules will allow new licensees to satisfy the continuing education requirement by providing approved verified documentary evidence of graduation from a school of podiatric medicine and surgery such as a verified copy of the diploma conferring the degree of doctorate of podiatric medicine.

10. Summary of the businesses, business sectors, associations representing business, local governmental units, and individuals that may be affected by the proposed rule that were contacted for comments.

The rule was posted on the Department of Safety and Professional Service's website for 14 days in order to solicit comments from the public regarding the rule. No comments were received from the public regarding the rule.

11. Identify the local governmental units that participated in the development of this EIA.

No local governmental units participated in the development of this EIA.

12. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

This rule will have no economic or fiscal impact on specific businesses, business sectors, public utility rate payers, local governmental units of the State's economy as a whole.

13. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

Pursuant to Wis. Stat. s. 448.63, persons seeking licensure as a podiatrist in Wisconsin must complete 2 years of post graduate training. A temporary educational license allows individuals currently participating in postgraduate training to practice podiatric medicine. However, per Wis. Admin. Code section POD 1.08 (5), a temporary educational license is only one year. By changing the duration of the temporary educational license from 1 to 2 years, applicants would be allowed to complete the required post graduate training without interruption of licensure.
