PROPOSED ORDER

An order of the Dentistry Examining Board to renumber and amend DE 12.03 (intro.) as DE 12.03 (1) and (2), and to amend DE 12.02 (intro.) and DE 12.03 (intro.), relating to training of unlicensed persons.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted: s. 447.02 (2) (b), Stats.

Statutory authority: ss. 15.08 (5) (b) and 447.02 (2) (b), Stats.

Explanation of agency authority:

15.08 (5) (b), Stats. The examining board shall promulgate rules for the guidance of the profession to which it pertains and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the particular trade or profession.

447.02 (2) (b), Stats. The examining board shall promulgate rules specifying the "...standards, conditions and any educational requirements that are in addition to the requirements specified in s. 447.04(1) that must be met by a dentist to be permitted to induce general anesthesia or conscious sedation in connection with the practice of dentistry".

Related statutes or rules: s. 447.01 (8), Stats.

Plain language analysis:

The Board desires to provide clarity on delegating procedures and functions to unlicensed persons and in addition clarifying licensee's roles in reporting such violations.

Section 1. includes a minor amendment relating to currently acceptable format and adds the phrase "and functions" in s. DE 12.01 (intro.) to the list of activities to be delegated to an unlicensed person. The term "function" is used throughout the chapter when dental procedures are listed.

Sections 2. and 3. are the major revisions to this rule whereby deleting the verification form and the reporting to the board if training of unlicensed persons is made. In addition, this section also clarifies various violations if a licensee fails to report any known violations conducted by other licensees.

Summary of, and comparison with, existing or proposed federal regulation:

No existing or proposed rules or laws were found in an Internet-based search of the U.S. Code or the Code of Federal Register (CFR) regarding dentists training unlicensed individuals and required forms verifying such training.

Comparison with rules in adjacent states:

An Internet-based search revealed the following regarding the requirement of a form for dentists to verify the training of unlicensed individuals for the four adjacent states.

Illinois: Illinois Department of Financial & Professional Regulation issues temporary training licenses during residency requirements for dentist, hygienists and dental specialists. In the code, there is no mention of a licensed dentist providing such training be required to apply or report such activity to the Division of Professional Regulation. [SECTION 1220.156]

Iowa: The Iowa Dental Board has responsibility over dentistry, dental hygiene and dental assisting and administers the state code, Licensure to Practice Dentistry or Dental Hygiene, has no reference to training of unlicensed individuals or forms so required. [Section 1220.156, Chapter 11]

Michigan: The Michigan Board of Dentistry is charged with licensing and requirements for licensee for dentists; these rules include dentists training on various methods of sedation and proper handling of waste. No rules currently list training and verification forms for unlicensed individuals. Proposed rules are in place that will amend to expand the assignment of intra-oral procedures under direct supervision by dentists to registered dental assistants and allow licensees to earn continuing education credits through volunteer clinical dental work. [Public Health Code: Act 368 of 1978, Part 166, Dentistry]

Minnesota: Under the Minnesota Board of Dentistry, dentists employing, assisting, or enabling in any manner an unlicensed person to practice dentistry" as found in Minnesota Statutes, section 150A.08, subdivision 1, is in violation of the state code. A brief review of the code did not reveal that a licensee has the authority to train an unlicensed individual, nor is there a means to report such training to the board. [Chapter 3100, Dentists, Hygienists, and Assistants]

Summary of factual data and analytical methodologies:

The Board, in reviewing their rules in response to Executive Order 61, recognized that in practice, no form has been approved by the Board or required to be submitted to the Board for each circumstance of training an unlicensed person.

The proposed provisions are expected to reflect current practice.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:

The Dentistry Examining Board in reviewing their rules in response to Executive Order 61 found that neither the Board nor the industry was in conformance to the rule, which was deemed unnecessary.

Fiscal Estimate and Economic Impact Analysis:

The department is currently soliciting information and advice from businesses, local government units and individuals in order to prepare the Economic Impact Analysis.

Effect on small business:

These proposed rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department's Regulatory Review Coordinator may be contacted by email at Greg.Gasper@wisconsin.gov, or by calling (608) 266-8608.
