

Clearinghouse Rule 13-114

PROPOSED ORDER OF THE STATE SUPERINTENDENT OF PUBLIC INSTRUCTION REVISING PERMANENT RULES

The scope statement for this rule, SS 093-13, was published in Register No. 692, on August 14, 2013, and approved by State Superintendent Tony Evers, on August 27, 2013. Per the Dane County Circuit Court order issued in Coyne, et al. v. Walker, et al., Case No. 11-CV-4573, the Department of Public Instruction is not required to obtain the Governor's approval for the statement of scope or this rule.

The State Superintendent of Public Instruction hereby proposes to amend PI 5.02(6) and (11m), PI 5.035(6), and PI 5.04, relating to high school equivalency diplomas and certificates of general educational development.

ANALYSIS BY THE DEPARTMENT OF PUBLIC INSTRUCTION

Statute interpreted: s. 115.29(4), Stats.

Statutory authority: s. 115.29(4), Stats.

Explanation of agency authority:

115.29 General powers. The state superintendent may:

(4) HIGH SCHOOL GRADUATION EQUIVALENCY.

(a) Grant declarations of equivalency of high school graduation to persons, if in the state superintendent's judgment they have presented satisfactory evidence of having completed a recognized high school course of study or its equivalent. The state superintendent may establish the standards by which high school graduation equivalency is determined. Such standards may consist of evidence of high school courses completed in high schools recognized by the proper authorities as accredited, results of examinations given by or at the request of the state superintendent, successful completion of correspondence study courses given by acceptable correspondence study schools, a general educational development certificate of high school equivalency issued by an agency of the U.S. government, course credits received in schools meeting the approval of the state superintendent or other standards established by the state superintendent.

(b) Promulgate rules establishing fees for issuing a declaration of equivalency of high school graduation or a general educational development certificate under par. (a). The rules may provide exemptions from the fees based on financial need.

Related statute or rule: N/A.

Plain language analysis:

PI 5 governs the issuance of high school completion credentials by the State Superintendent, which includes the certificate for completion of the General Educational Development (GED) Test and the High School Equivalency Diploma (HSED). This rule change is designed to align the rule with changes in the GED Test. The current rule references the number of subtests and the passing scores for the GED, which will be changing in January 2014 when a new test is implemented by GED Testing Service. Additionally, technical changes are needed to align the rule with statute.

The following changes were made to PI 5:

- Changed the name of the corporation who owns the test based on changes in incorporation for GED Testing Service, LLC.
- Changed the number of subtests from 5 to 4 because the new test only has 4 subtests.

- Corrected the language to indicate that the passing score will now be 150 on each of the 4 subtests and that there will be no average score to be attained.

Summary of, and comparison with, existing or proposed federal regulations: N/A.

Comparison with rules in adjacent states: No information.

Summary of factual data and analytical methodologies:

This rule change is designed to align the rule with changes in the GED Test and with current statute.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact report:

The GED Test and the HSED credentials are used by persons applying for employment or post-secondary education to demonstrate high school completion. A well educated work force that is college and career ready is critical to the economic prosperity of the citizens of Wisconsin. Aligning the rule to the changes in the GED test facilitates this process.

Anticipated costs incurred by private sector:

There is not expected to be a cost to the private sector.

Effect on small business:

The proposed rules will have no economic impact on small businesses, as defined in s. 227.114 (1), Stats.
