

PROPOSED ORDER OF THE STATE SUPERINTENDENT OF PUBLIC INSTRUCTION ADOPTING PERMANENT RULES

The scope statement for this rule, SS 119-13, was published in Register No. 693, on September 30, 2013, and approved by State Superintendent Tony Evers, on October 14, 2013. Per the Dane County Circuit Court order issued in Coyne, et al. v. Walker, et al., Case No. 11-CV-4573, the Department of Public Instruction is not required to obtain the Governor's approval for the statement of scope or this rule.

The State Superintendent of Public Instruction hereby proposes to repeal PI 34.34(1), (2), and (2m); to amend PI 34.33(intro); and to create PI 34.241, PI 34.242, and PI 34.243, relating to charter school teaching licenses.

Plain language analysis:

PI 34 governs the issuance of licenses for public school personnel in the State of Wisconsin. This rule change was done to align the rule with newly created law under s. 115.28(7)(g), Stats., regarding the three-year charter license. The following changes were made to PI 34:

- Created the criteria to apply and renew the three year charter school license as newly created under s. 115.28 (7)(g), Stats.
- Added clarifying language to make clear the difference between the newly created three year charter license and the existing charter school instructional license.
- Created the 1-year charter school instructional staff license for already licensed teachers in non-virtual charter schools who are unable to demonstrate their content knowledge in core academic subjects before being hired.
- Removed the reference to the 30 hours of training required to teach online that was removed from statute under 2013 Wisconsin Act 20.

Summary of, and comparison with, existing or proposed federal regulations: N/A.

Comparison with rules in adjacent states: No information.

Summary of factual data and analytical methodologies:

2013 Wisconsin Act 20 created s. 115.28(7)(g), Stats., which requires the Department of Public Instruction (DPI) to grant a charter school teaching license to any person who has a bachelor's degree and demonstrates, based on criteria established by the DPI, that the person is proficient in the subject or subjects he or she intends to teach. PI 34 will be modified to include the criteria that a person must meet to demonstrate that the person is proficient in the subject or subjects he or she intends to teach.
