ANALYSIS

Statutes interpreted: s. 961.16, Stats.

Statutory authority: s. 961.11 (4), Stats.

Explanation of agency authority:

961.11(4) If a substance is designated, rescheduled or deleted as a controlled substance under federal law and notice thereof is given to the controlled substances board, the board by affirmative action shall similarly treat the substance under this chapter after the expiration of 30 days from the date of publication in the federal register of a final order designating the substance as a controlled substance or rescheduling or deleting the substance or from the date of issuance of an order of temporary scheduling under 21 USC 811 (h), unless within that 30-day period, the board or an interested party objects to the treatment of the substance. If no objection is made, the board shall promulgate, without making the determinations or findings required by subs. (1), (1m), (1r) and (2) or s. 961.13, 961.15, 961.17, 961.19 or 961.21, a final rule, for which notice of proposed rulemaking is omitted, designating, rescheduling, temporarily scheduling or deleting the substance. If an objection is made the board shall publish notice of receipt of the objection and the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing, the board shall make a determination with respect to the treatment of the substance as provided in subs. (1), (1m), (1r) and (2) and shall publish its decision, which shall be final unless altered by statute. Upon publication of an objection to the treatment by the board, action by the board under this chapter is stayed until the board promulgates a rule under sub. (2).

Related statute or rule: s. 961.16, Stats.

Summary of, and comparison with, existing or proposed federal regulation:

On September 11, 2015, the United States Department of Justice, Drug Enforcement Administration published its final rule in the Federal Register removing [¹²³I]ioflupane from schedule II of the federal Controlled Substances Act. The scheduling action was effective September 11, 2015.

Plain language analysis:

The Controlled Substances Board did not receive an objection to excluding [¹²³I]ioflupane as a schedule II under ch. 961, Stats. based upon the federal scheduling. The Controlled Substances Board took affirmative action on October 13, 2015 to similarly exclude [¹²³I]ioflupane under chapter 961 effective October 19, 2015 to allow for publication in the Administrative Register. The Affirmative Action Order will expire upon promulgation of a final rule.

This rule amends 961.16 (2) (b), Stats. which excludes [¹²³I]ioflupane from schedule II.

Comparison with rules in adjacent states:

Illinois: Illinois does not exclude [¹²³I]ioflupane from scheduling.

Iowa: Iowa excludes [¹²³I]ioflupane from scheduling.

Michigan: Michigan does not exclude [¹²³I]ioflupane from scheduling.

Minnesota: Minnesota does not exclude [¹²³I]ioflupane from scheduling.

Summary of factual data and analytical methodologies:

The methodology was to remove [¹²³I]ioflupane from scheduling to conform with the federal Controlled Substances Act.
