ANALYSIS

Statutes interpreted: ss. 440.08 (3) (b) and 457.20 (3) and (4), Stats.

Statutory authority: ss. 15.08 (5) (b) and 440.08 (3) (b), Stats.

Explanation of agency authority:

Each examining board shall promulgate rules for its own guidance and for the guidance of the profession to which it pertains and define and enforce professional conduct and unethical practices not inconsistent with the law relating to the profession. [s. 15.08 (5) (b), Stats.]

The examining board, as appropriate, may promulgate rules requiring the holder of a credential who fails to renew the credential within 5 years after its renewal date to complete requirements in order to restore the credential, in addition to the applicable requirements for renewal established under chs. 440 to 480, that the examining board determines are necessary to protect the public health, safety or welfare. The rules may not require the holder to complete educational requirements or pass examinations that are more extensive than the educational or examination requirements that must be completed in order to obtain an initial credential from the examining board. [s. 440.08 (3) (b), Stats.]

Related statute or rule: n/a

Plain language analysis:

Section 1 repeals the credential renewal procedure and creates clarity to a renewal and reinstatement process.

Renewal within 5 years requires an application, fee, including applicable late fee, and certification of completion of required continuing education.

Renewal after 5 years requires an application, fee, late fee and evidence of either an active credential in good standing in another state or completion within the preceding 2 years of 60 hours of approved continuing education, including 8 hours of professional ethics and boundaries.

Reinstatement applies to the person who has unmet disciplinary requirements but has not renewed his or her credential within 5 years or has a credential which has been surrendered or revoked. The person may apply for reinstatement by submitting evidence of completion of the renewal after 5 years requirements if the credential has not been active with the preceding 5 years, completion of any applicable disciplinary requirements and a showing of rehabilitation or change in circumstances which warrants reinstatement of the credential.

Summary of, and comparison with, existing or proposed federal regulation: None
