9. Policy Problem Addressed by the Rule

This rule update provides greater clarity for Optometrists in scheduling and completing their required continuing education. The update reflects the current practice of Optometry, the current offerings of continuing education, and the updated technological methods of delivery available.

The rule modifies the designated continuing education topics from 7 hours of glaucoma education to 20 of the 30 hours relating to ocular health, conditions, or disease management. This change expands the subject matter designation. The rule further requires that licensees obtain two hours of continuing education related to responsible prescribing of controlled substances for the 2019/2021 biennium.

The rule also lists organizations which provide approved continuing education. If a continuing education course is provided by an organization not on the approved list then the organization can apply for approval by supplying the listed information. Any course which is not in person must be approved by the Council on Optometric Practitioner Education (COPE), the Joint Accreditation for Interprofessional Continuing Education, or by the Board.
