Analysis by the Department of Public Instruction

Statutory authority: s. 227.11 (2) (a) (intro.), Stats.

Statute interpreted: s. 121.91 (4) (o), Stats.

This rule change will align PI 15 to recent changes in statute as a result of 2017 Wisconsin Act 59, the 2017-19 biennial budget. The changes set forth in this rule order provide that school districts may levy for and expend funds for costs associated with an energy efficiency project, in an amount no greater than the maximum levy specified in the resolution, without incurring additional revenue limit penalties by the Department. As such, school boards are given flexibility under this rule change to expend costs in an amount less than the amount specified in the resolution in any given year.
