

RULEMAKING REPORT TO LEGISLATURE

CLEARINGHOUSE RULE 18-064

Ch. DHS 146

Basis and Purpose of Proposed Rule

The department, through the Division of Public Health, is charged with carrying out a statewide immunization program. Essential to this charge of protecting individuals from vaccine preventable diseases is the ability to purchase vaccines, should federal or state funds be available. These vaccines are then made available, free of charge, to eligible individuals through the local health departments and tribal health clinics, as well as health care providers throughout the state who participate in the Vaccines for Children Program. The proposed rule updates the list of vaccines which the Division of Public Health may make available.
