Statement Explaining Need for Rule

This rule-making is needed to make technical updates to ETF rules by removing obsolete language, adjusting language to account for changes in Wisconsin law, and correcting references to repealed or renumbered statutes.

Analysis Prepared by the Department of Employee Trust Funds

1. Statutes interpreted:
Sections 40.02 (21d), 40.08, 40.22, 40.23, 40.25, 40.26, 40.80, Stats.
2. Statutory authority:
Sections 40.03 (2) (i), 40.03 (2) (ir) and 227.11 (2) (a), Stats.

3. Explanation of agency authority:
By statute, the ETF Secretary is expressly authorized, with approval by the Employee Trust Funds Board, Teachers Retirement Board, Wisconsin Retirement Board, and Deferred Compensation Board to promulgate rules that are required for the efficient administration of the fund or of any of the benefit plans established by ch. 40 of the Wisconsin Statutes.

In addition, each state agency may promulgate rules interpreting the provisions of any statute enforced or administered by the agency if the agency considers it necessary to effectuate the purpose of the statute.

4. Related statutes or rules:
There are no other related statutes or administrative rules directly related to this rule.
5. Plain language analysis:
The purpose of this rule is to make technical updates to ETF rules by removing obsolete language, adjusting language to account for changes in Wisconsin law, and correcting references to repealed or renumbered statutes. This consists of changes to ETF 10, 20, and 60 to account for the changes in Wisconsin law regarding the availability of Domestic Partnerships. Additionally, changes to ETF 10 and 20 address recent changes to Wisconsin law regarding break in service and service purchases, Wisconsin circuit courts' e-filing initiative, and Qualified Domestic Relations Orders (QDROs) more than 20 years old. The section on QDROs is recreated for better organization. Amendments to ETF 11 seek to bring the code up to date with current ETF practices. Finally, this rule proposes changes to ETF 11 and 20 to correct links that currently link to renumbered or repealed statutes and references to repealed, amended, or renumbered statutes.
6. Summary of, and comparison with, existing or proposed federal statutes and regulations:
There are no existing or proposed federal regulations that directly pertain to this proposed rule.
7. Comparison with rules in adjacent states:
As the changes proposed are technical updates to correct obsolete language and make ETF rules consistent with recent changes in Wisconsin law, there is no directly applicable comparison to adjacent states. Periodically, similar agencies in adjacent states promulgate technical rules to update existing administrative rules.
8. Summary of factual data and analytical methodologies:
Due to changes in Wisconsin law, the ETF rules contain obsolete regulatory provisions, terms, and cross-references. The proposed technical changes would allow ETF rules to be consistent with recent changes in Wisconsin law, rather

than continuing with outdated language in the code. Additionally, correction of obsolete terms and incorrect links will make the ETF rules more accurate and prevent confusion by those subject to the rules.

9. Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:
This rule does not have an effect on small businesses because private employers and their employees do not participate in, and are not covered by, the Wisconsin Retirement System. Please see attached economic impact analysis.
10. Effect on small business:
The rule has no effect on small businesses.

Regulatory Flexibility Analysis:

The proposed rule has no effect on small businesses because only governmental employers and their employees may participate in the benefit programs under ch. 40 of the statutes administered by the Department of Employee Trust Funds.

Fiscal Estimate and Economic Impact Statement:

Please see the attached Fiscal Estimate and Economic Impact Statement.

(d) 4. ~~Except as provided in s. ETF 50.50 (2) (b), buying~~ Buying creditable service does not establish creditable service in or for any particular annual earnings period or calendar year, or prior to any past date, or for purposes of measuring continuous years of creditable service.

A written certification by the employer for which the service was rendered that the service will not be used to establish entitlement to, or the amount of, any other pension or retirement benefit from a plan for federal, state or local government employees which is subject to sections 401 or 403 of the internal revenue code, except for a disability or OASDHI benefit or a benefit paid for service in the national guard and the reserves. SECTION 28. ETF 20.19 (6) (b) and (Note) are repealed.

SECTION 29. ETF 20.35 is repealed and recreated to read:

ETF 20.35 Qualified domestic relations orders; division of WRS accounts and annuities.

(1) SCOPE AND PURPOSE.

(a) This section applies to any order to divide any benefit of the Wisconsin retirement system which is received by the department.

(b) The purpose of this section is to specify how the department shall apply a QDRO to the participant's account or annuity or respond to an order which is not a QDRO.

(c) For purposes of ss. 40.02 (48m) and 40.08 (1m), Stats., and this section, a marriage is terminated upon entry of a judgment, decree or order of divorce, annulment or legal separation. A domestic partnership as defined in s. 40.02 (21d), Stats., is terminated as provided in s. ETF 20.10 (3). A domestic partnership, as defined in s. 770.01 (2), Stats., is terminated as provided in s. 770.12, Stats.

(d) The department must receive the DRO from either the participant or the alternate payee within 20 years after the marriage was terminated by a final judgment or decree, or the otherwise valid DRO shall have no effect on the participant's account or annuity.

Note: See s. ETF 10.82 concerning receipt by the department.

(2) ALL QDRO DIVISIONS. Upon receipt of a QDRO, the department shall divide WRS accounts and annuities in accordance with the percentage awarded to the alternate payee in the QDRO, based on the date on which the marriage was terminated by a court judgment, decree or order or the domestic relationship was terminated as provided in s. ETF 20.10 (3) or s. 770.12, Stats., as follows:

(a) Percentages. The percentage of the participant's account or annuity that is awarded to the alternate payee by a QDRO is limited to a percentage between zero percent (0%) and fifty percent (50%) expressed to no more than 2 decimal places. A QDRO with a percentage awarded to the alternate payee expressed to more than 2 decimal places may not be rejected for that reason alone, but the department shall round the percentage to 2 decimal places.

(b) Debts of the participant. Any debt, memorandum account or account receivable balance reflecting amounts owed by the participant to the department, the fund or any benefit plan, accrued as of the decree date and still outstanding at the time the account or annuity is divided, shall be divided between the participant and alternate payee in the same proportion as the participant's account or annuity.

(3) DIVIDING ACCOUNT WHEN PARTICIPANT WAS NOT AN ANNUITANT ON DECREE DATE. If the participant was not an annuitant on the decree date, the department shall divide the participant's account as provided in s. 40.08 (1m) (b) 1., (c), (d) and (f) 1., Stats., and as follows:

(a) Creditable service. Creditable service which the participant has been granted as of the decree date is a part of the Wisconsin retirement system account of a participant and shall be divided in the same ratio as other account balances. The creditable service and amounts awarded to the alternate payee shall be in a separate

account in the fund for the benefit of the alternate payee. After the division under this section, the alternate payee may apply for a separation benefit under s. 40.25 (2), Stats., provided the application is received by the department prior to the date on which the participant would have met the minimum age requirement for a retirement annuity under s. 40.23, Stats., or after the date on which the participant has met the minimum age requirement but is not vested, and payment of a separation benefit would comply with all provisions of the internal revenue code. After the date the participant reaches or would have reached the minimum retirement age, and is vested, the alternate payee may only apply for retirement benefits under s. 40.23, 40.24, or 40.25 (1), Stats.

(b) *DRO received after participant had become an annuitant.* The participant shall retain the remainder in his or her separate account under s. 40.40 (4) (a), Stats., unless the participant is an annuitant at the time of the division. If the participant is an annuitant when the division occurs, the participant's creditable service and account as of the decree date shall be reduced by the percentage awarded to the alternate payee. The balances shall then be brought forward to the effective date of the current annuity, including any contributions and service for periods after the decree date, and the annuity option chosen by the participant shall be recalculated. The amount by which the monthly annuity payments previously made to the participant exceed the participant's recalculated monthly entitlement for the same period shall be a balance due from the participant. This balance due shall be due from the participant and may be collected as provided in s. 40.08 (4), Stats., including by a reduction of the present value of the participant's annuity as reduced by the division, resulting in a recalculation and reduction of the participant's monthly annuity.

(c) *Purchased service credits.* Previously purchased service shall be divided in the same proportion as the other portions of the participant's account and creditable service. If an application to purchase creditable service is received prior to the decree date, as defined by s. 40.02 (18f), Stats., then service for which payment is made shall be included in the division. The department shall pay any refund due only to the participant and shall bill only the participant for any supplemental payment due for such purchased service. No refund shall be due to the participant from the department for the portion of any excess payment withdrawn from the public employee trust fund by the alternate payee. Credit for service purchased by an application received after the decree date shall not be divided by the qualified domestic relations order regardless of the source of the funds for the purchase or when the services were actually rendered.

(d) *Creditable military service.* If the participant has active military service, the alternate payee shall be granted the percentage specified in the QDRO of the military service for which the participant would be eligible as of the decree date, based on the participant's total creditable service as of the decree date, regardless of when the participant requests the crediting or provides satisfactory documentation. If a participant does not provide to the department proof of active military service and the certification of active military service on the form prescribed by the department, the department shall nevertheless divide the participant's account without the military service provided the court order is otherwise a QDRO.

(e) *Actuarial adjustment for early retirement.*

1. The actuarial reduction applied to the participant's and alternate payee's annuities as provided in s. 40.23 (2m) (f) and (fm), Stats., shall be calculated based on

the participant's and alternate payee's actual ages on his or her respective annuity effective dates, using the creditable service that would otherwise have been credited to the participant's account on the respective annuity effective dates if the participant's creditable service had not been reduced per a QDRO.

2. For the purposes of determining the amount of service used to calculate the alternate payee's actuarial reduction for early retirement under the provisions of s. 40.23 (2m) (fm), Stats., if the participant has part-time service in at least five of the ten annual earnings periods immediately preceding the annual earnings period in which the alternate payee's retirement benefit becomes effective or the date on which the participant terminated covered employment, whichever is earlier, the provisions of s. 40.23 (2m) (fm), Stats., shall apply. If the decree date is prior to July 1, 2009, the provisions of s. 40.23 (2m) (fm), Stats., in effect prior to that date shall apply.

(4) DIVIDING ACCOUNT WHEN PARTICIPANT WAS AN ANNUITANT ON DECREE DATE.

(a) Annuity division. Except as provided in par. (b), if the participant was an annuitant on the decree date, the department shall divide the present value of the annuity as provided in s. 40.08 (1m) (b) 2., (c), (d) and (f) 2., Stats., and sub. (3) (e), and as follows, and pay separate annuities to the participant and alternate payee, respectively. An annuity shall be divided so that the actuarial present value of the undivided annuity is equal to the aggregate actuarial present values of the 2 separate annuities resulting from the division as of the effective date of the division.

(b) Zero percent QDRO. If the participant's annuity is a joint and survivor annuity with the alternate payee as the named survivor, and the percentage awarded to the alternate payee in the QDRO is zero percent (0%), then the alternate payee may not receive any Wisconsin retirement system annuity based on the QDRO and the participant's annuity shall be recalculated as a straight life annuity payable to the participant, with no change in the remaining guarantee period, if any.

(c) Division of accelerated annuity option. If the participant selected an accelerated payment option as provided in s. 40.24 (1) (e), Stats., or s. ETF 20.04 (3), and the participant's temporary annuity is still in force as of the effective date of the annuity division, then the department shall calculate the present value of both the temporary and life annuities using the actuarial tables in effect on the effective date of the annuity division. The department shall then divide the total present value based on the percentages specified in the QDRO and calculate separate annuities for the participant and alternate payee as specified in s. 40.08 (1m) (f) 2., Stats. If the participant or alternate payee provides a projection of his or her social security benefits at age 62 from the social security administration, the department shall use that projected social security amount to calculate the amount of the temporary annuity for that person. If no projection is supplied, then notwithstanding s. ETF 20.03 (2), the department shall assume that person's projected social security benefits at age 62 equals that person's prorated portion of the participant's temporary annuity amount as of the effective date of the annuity division, calculated based on the respective percentages of the annuity being awarded to the participant and alternate payee. If the reduced annuity payable for life to the alternate payee or participant is below the threshold specified by s. ETF 20.05 (1), then that person shall receive an annuity in the same optional form originally selected by the participant, except that the temporary annuity option provided in s. 40.24 (1) (e), Stats., or s. ETF 20.04 (3) is not available.

(d) Disability annuities. Upon division of a disability annuity calculated under the provisions of s. 40.63 (1) or (4), Stats., the alternate payee's annuity shall consist of a portion based on the participant's actual service and a portion based on the assumed service used to calculate the participant's disability annuity. The portion of the alternate payee's annuity based on the participant's assumed service and age shall cease upon the death of the alternate payee. Benefits payable upon the death of the alternate payee shall be based on the guaranteed portion of the alternate payee's annuity only. Once the participant's disability annuity has been divided, the termination or suspension of the participant's disability annuity or the death of the participant has no effect on the alternate payee's annuity. If the participant's disability annuity is subsequently terminated and the participant's account restored under the provisions of s. 40.63 (9) and (10), Stats., the contributions and service credited to the restored account shall be reduced by the same percentage awarded to the alternate payee by the QDRO.

(e) Rehired annuitant with suspended account. The suspended payments in the participant's memorandum account are converted into a monthly annuity as of the decree date. This monthly amount consists of the increase that is attributable to the suspended payments from the participant's original annuity. This increase is added to the monthly annuity as of the decree date, and the annuity division is based on this amount.

(5) REJECTION OF DRO.

(a) Rejection and notice. The department may not honor any order to divide Wisconsin retirement system benefits which it determines is not a QDRO as defined in s. 40.02 (48m), Stats. The department shall send written notice of its rejection of an order to the person submitting the order and to the participant and alternate payee if those persons' current names and addresses are stated in the order or are readily determinable from department records.

(b) Participant's account already closed. A QDRO or order to vacate received after the participant's account was closed by payment of a lump sum benefit on or after the decree date has no effect, regardless of whether the participant returned to participating employment after the decree date. If the participant's account to which the QDRO applies is subsequently restored under the provisions of s. 40.25 (5), Stats., because the benefit was paid in error, or under an agreement approved by the department where the full amount of the benefit paid plus monthly interest at the assumed rate has been paid to the department, the restored account shall be divided according to the QDRO.

(c) Alternate payee's account already closed. An order to vacate or an amended DRO received after the alternate payee's account was closed by payment of a lump sum benefit has no effect.

(d) Participant or alternate payee deceased. A QDRO received after the participant's or alternate payee's date of death has no effect on the participant's account or annuity.

(6) LIMITED GRACE PERIOD TO CORRECT SPECIFIED ERRORS.

(a) If the department rejects an order for the division of a participant's account and subsequently receives an otherwise acceptable application from the participant for a benefit which would close the participant's account due to payment of a lump sum

benefit, the department shall delay payment of the lump sum benefit until 30 days after the date the order for division was rejected. This paragraph applies only if the basis for the rejection was one or more of the following:

1. The order did not meet all of the requirements in s. 40.02 (48m), Stats.

2. The order received by the department was not a certified copy or was not signed by the judge or a duly authorized family court commissioner.

(b) If the department has not received a second QDRO within 30 days after the rejection, then the department shall complete processing the application for benefits and sub. (5) (b) shall apply.

(7) EFFECT OF POST-DECREE DATE CORRECTIONS AND ADJUSTMENTS.

(a) *Service purchased after decree date.* Credit for service purchased by the participant after the decree date in a QDRO may not be affected by that QDRO.

(b) *Active military service.* If the department divided a participant's account per a QDRO without first receiving proof and certification of active military service, as provided in sub. (3) (d), and the participant subsequently provides documentation of active military service and the certification on the form prescribed by the department, the department shall divide the military service creditable based on services rendered prior to the decree date between the participant and alternate payee's accounts pursuant to the QDRO. Any resulting adjustments to the alternate payee's and participant's benefits shall be made retroactive to the respective benefit effective dates. The participant may not receive creditable military service for any active military service that would have been granted to the alternate payee had the participant submitted timely to the department the certification of active military service as provided in s. 40.02 (48m) (f), Stats.

(c) *Other corrections and adjustments directly affecting benefits.* The effect of any other corrections and adjustments to service, contributions, or interest earnings affecting the benefits the participant accrued as of the decree date, including corrections of administrative errors and corrections or adjustments of any factor affecting the calculation of an annuity to be divided, shall be divided between the participant and the alternate pursuant to the QDRO. The participant and alternate payee accounts or annuities shall be adjusted accordingly. However, the department shall not adjust benefit amounts if the amount of the adjustment would be less than the thresholds specified in s. 40.08 (7) (a), Stats.

(d) *Interest.* When a participant's annuity is divided as provided in sub. (4) and retroactive payments are due to an alternate payee, or when an alternate payee's annuity must be increased retroactively for any reason, no interest as specified in s. 40.08 (7) (c), Stats., is payable to the alternate payee for any monthly payments payable prior to the month in which the department received the QDRO.

(8) COMPLIANCE WITH SECTION 415(B) OF THE INTERNAL REVENUE CODE.

(a) The aggregate benefits paid to the participant and alternate payee shall not exceed the benefit limits under Section 415(b) of the Internal Revenue Code. The department shall make any necessary adjustments to the participant's and alternate payee's benefits on an equitable pro rata basis to assure compliance with Section 415(b) of the Internal Revenue Code. Benefits derived from employee

contributions that are actually paid by the employee shall not be subject to the benefit limitations under this subsection.

(b) If the participant's retirement annuity has been divided per a QDRO under s. 40.08 (1m) (b) 2., Stats., any subsequent adjustments necessary for compliance with Section 415(b) of the Internal Revenue Code that result from either post-retirement annuity adjustments under s. 40.27 (2) or 40.28 (2), Stats., or from increases in the compensation limits specified in Section 415(b) of the Internal Revenue Code, shall be prorated based on the percentage of the participant's account that was awarded to the alternate payee in the QDRO.

(c) If the participant's account is divided as provided in sub. (3), any benefit adjustments required under Section 415(b) of the Internal Revenue Code shall be applied as follows:

1. If the alternate payee's benefit becomes effective prior to the participant's benefit effective date:

a. If the aggregate benefits that would be payable to both the alternate payee and the participant on the alternate payee's benefit effective date do not exceed the maximum benefits that would be payable to the participant under Section 415(b) of the Internal Revenue Code if the account had not been divided, the alternate payee's benefit will not be reduced.

b. Any subsequent benefit adjustments necessary for compliance with Section 415(b) of the Internal Revenue Code will be applied solely to the participant's benefits and shall not affect the benefit amount payable to the alternate payee.

2. If the participant's benefit becomes effective prior to the alternate payee's benefit effective date, or the participant's and alternate payee's benefits become effective on the same date:

a. If the aggregate benefits that would be payable to both the participant and alternate payee on the participant's benefit effective date exceed the maximum benefits that would be payable to the participant under Section 415(b) of the Internal Revenue Code if the account had not been divided, the adjustment to participant's annuity shall be prorated based on the percentage of the participant's account that was not awarded to the alternate payee in the QDRO.

b. When a benefit is subsequently paid to the alternate payee, the portion of the total adjustment necessary for compliance with Section 415(b) of the Internal Revenue Code that is applied to the alternate payee's benefits shall be prorated based on the percentage of the participant's account awarded to the alternate payee in the QDRO.

3. If the participant's benefit effective date is on or after the alternate payee's benefit effective date as specified in subd. 2., and as a result of either post-retirement annuity adjustments under s. 40.27 (2) or 40.28 (2), Stats., or of increases in the compensation limits specified in Section 415(b) of the Internal Revenue Code, subsequent benefit adjustments are necessary for compliance with Section 415(b) of the Internal Revenue Code, such adjustments shall be prorated based on the percentage of the participant's account that was awarded to the alternate payee in the QDRO.

(d) For the purposes of determining the aggregate benefits payable to the participant and alternate payee under par. (b), the department shall:

1. First calculate the present value of what the participant's benefit would be as of the benefit effective date of the participant's or alternate payee's benefit effective date, whichever is earlier, as though the participant's account had never been divided by a QDRO.

2. If that total aggregate benefit amount is higher than the maximum benefits permitted under Section 415(b) of the Internal Revenue Code, the department shall reduce the aggregate benefits to the maximum amount payable under Section 415(b) of the Internal Revenue Code. The present value of that maximum benefit payable shall be divided between the participant and alternate payee in proportion to the percentage of the participant's account that was awarded to the alternate payee. The benefits payable to the participant and alternate payee shall then be adjusted as follows:

a. If the alternate payee has received a lump sum benefit under s. 40.25 (1) or (2), Stats., the gross amount of the alternate payee's lump sum payment shall be subtracted from the present value of the participant's maximum benefit payable under Section 415(b) of the Internal Revenue Code calculated under par. (d). The present value of the benefit paid to the participant shall not exceed the remainder of the present value of that maximum benefit payable under Section 415(b) of the Internal Revenue Code.

b. If the alternate payee has previously taken a monthly retirement annuity, the present value of the alternate payee's annuity as of the alternate payee's annuity effective date shall be subtracted from the present value of the participant's maximum benefit payable under Section 415(b) of the Internal Revenue Code. The present value of the benefit paid to the participant shall not exceed the remainder of the present value of that maximum benefit payable under Section 415(b) of the Internal Revenue Code.

c. If the participant's benefit becomes effective prior to the alternate payee's benefit effective date, the present value of the benefit paid to the participant shall not exceed the maximum aggregate benefit calculated under this paragraph minus the present value of the benefit payable to the alternate payee as of the participant's annuity effective date.

SECTION 30. ETF 60.60 (8) (d) is amended to read:

ETF 60.60 (8) (d) An insured surviving spouse, ~~domestic partner~~, or dependent child may not continue payment of premiums from the conversion account after the death of the insured but may elect, if otherwise eligible, to continue coverage as provided in s. ETF 40.01.

SECTION 31. ETF 70.03 (4) is amended to read:

ETF 70.03 (4) Evaluate the performance of the primary administrator, ~~annually~~ biennially, to determine contractual compliance and compliance with standards as established under sub. (3).

SECTION 32. ETF 70.08 (3) (intro.), (a) (intro.) and 2., and (b) (intro.) and 1. are amended to read:

ETF 70.08 (3) (intro.) Based on the board's review required under s. ETF 70.03 (10), the board may determine that an investment product offered by the primary plan or an alternate plan is no longer acceptable for inclusion in the program. If the board decides to remove an investment product from the plan as a result of the product's failure to meet the criteria as established under s. ETF 70.03 (9), the product shall be phased out of the primary or alternate plan in a 2-step process over a ~~12-month~~ 90-day period that shall commence on the first business day of the ~~sixth~~ third month following the board's decision, as follows:

(a) (intro.) Phase 1 of the investment product termination process shall last for ~~6 months~~ 45 days during which time current members and employees newly enrolling in the primary or alternate plan shall be informed in writing that the terminating investment product does not meet board's evaluation criteria and that this investment product is not open to new enrollments-, and all of the following shall occur:

2. At the end of the ~~6-month~~ 45-day period, the board shall instruct the administrator to automatically redirect any member's deferrals that have not been redirected to an alternative investment product from the terminated product into a board designated alternative investment product offered by the primary or alternate plan.

(b) (intro.) Phase 2 of the investment product termination process immediately follows the first ~~6-month~~ 45-day period and provides an additional ~~6-month~~ 45-day period during which time members shall transfer existing balances from the terminating product to another investment product offered by the primary or alternate plan-, and all of the following shall occur:

1. If at the end of the ~~6-month~~ additional 45-day period, any member has failed to move a remaining account balance from the terminated fund, the board shall instruct the administrator to automatically move that member's account balance into a board designated alternative investment product offered by the primary or alternate plan.

SECTION 33. EFFECTIVE DATE. This rule shall take effect on the first day of the month following publication in the Wisconsin Administrative Register as provided in s. 227.22 (2) (intro.), Stats.

CLEARINGHOUSE RULE 19-126

Comments

[NOTE: All citations to “Manual” in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated December 2014.]

2. Form, Style and Placement in Administrative Code

a. In s. ETF 10.01 (8), the provision should be renumbered in order to place the revised term in alphabetical order among the definitions. The rule caption’s listing of affected provisions should also then be revised to include that provision among the list being renumbered and amended, rather than among the list being amended.

b. In s. ETF 20.35, a period should be inserted at the end of the section title. Also, review and correct use of paragraph titles, for consistent usage. For example, in both subs. (3) and (4), pars. (a) and (b) do not have titles, but pars. (c) to (e) do have titles. Subsection (7) (d) is also missing a title.

5. Clarity, Grammar, Punctuation and Use of Plain Language

In s. ETF 10.01 (1k), the term “vouchered” is used, but not defined. It may assist the lay reader to provide a definition of “vouchered” or a more detailed description of what “vouchering” entails.

11. Policy Problem Addressed by the Rule The purpose of this rule is to make technical updates to ETF rules by removing obsolete language, adjusting language to account for changes in Wisconsin law, and correcting references to repealed or renumbered statutes. This consists of changes to ETF 10, 20, and 60 to account for the changes in Wisconsin law regarding the availability of Domestic Partnerships. Additionally, changes to ETF 10 and 20 address recent changes to Wisconsin law regarding break in service and service purchases, Wisconsin circuit courts' e-filing initiative, and Qualified Domestic Relations Orders more than 20 years old.
