Chapter ATCP 149

Plain Language Analysis

The Department identified ATCP 149.10 as an obsolete or unnecessary rule in the report filed with the Joint Committee for Review of Administrative Rules pursuant to s. 227.29, Stats.

ATCP 149.10 specifies the process for suspending operations under the potato industry act [s. 100.39, Stats. (1989)]. Section 100.39 (10), Stats. (1989) allowed for operations to be suspended when in the public interest due to a national emergency or other reason deemed meritorious by the

secretary. 1991 Wisconsin Act 39 repealed the potato industry act, therefore, this section is obsolete. This rule repeals the obsolete section.

Summary of, and Comparison with, Existing or Proposed Federal Statutes and Regulations

There are federal statutes and regulations relating to potato research and marketing. There is a provision for the Secretary to terminate or suspend the operation of a marketing plan when the Secretary finds that the plan or provision obstructs or does not tend to effectuate the declared policy of the Potato Research and Promotion chapter. There are no provisions relating to suspension due to a national emergency or other reason deemed meritorious by the Secretary.

Summary of Public Comments Received on Statement of Scope and a Description of How and To What Extent Those Comments and Feedback Were Taken Into Account in Drafting the Proposed Rule

The Department held a preliminary public hearing on the Statement of Scope on March 25, 2021 and accepted public comments until April 1, 2021. No one testified or submitted written comments.

Comparison with Rules in Adjacent States

Illinois Illinois does not have rules related to potato marketing.

Iowa Iowa does not have rules related to potato marketing.

Michigan Michigan does not have rules related to potato marketing.

Minnesota Minnesota does have rules related to potato industry promotion. Minnesota rules do not have provisions for suspension based upon a national emergency or other reason deemed meritorious by the Commissioner other than the promotional order being contrary to or does not effectuate the provisions of Minnesota Statutes.

Summary of Factual Data and Analytical Methodologies

The Department reviewed ch. ATCP 149 and identified s. ATCP 149.10 as an obsolete or unnecessary rule in the report filed with the Joint Committee for Review of Administrative Rules pursuant to s. 227.29, Stats. This proposed order repeals the obsolete rule.
