

**WISCONSIN DEPARTMENT OF HEALTH SERVICES  
PROPOSED ORDER TO ADOPT PERMANENT RULES**

The Wisconsin department of health services proposes an order to: **renumber and amend** DHS 75.03 (89); **amend** DHS 34.02 (16) and (23), 34.11 (3) (c), 34.21 (7) (d) (e), and (k), 34.22 (1) (a) (8) (a), (3) (b) (intro.), (3) (c) 3., and (5)., 34.23 (3) (a), 34.26 (1) (a) and (c), 35.03 (2), 35.07 (2), 36.11 (1) (b) 2., 36.17 (2m) (b), 40.08 (7) (a) (intro.), 40.10 (2), 50.09 (4) and (5), 50.12 (5) (d), (6) (a)(intro.), 63.02(19), 63.06 (5) (d) 1. and 2., (6) (a) 1. to 4. and (b) 1. to 3., 75.12 (2); and **create** DHS 34.02 (8m), (16m), (20m), and (21m), (23) (Note), 34.21 (8) (a) (11), 34.22 (3) (b) 4. and 5., 35.03 (8m), (18m), and (22hm), 35.15 (2) (b) 7m., 36.03 (10r), (11m), (28m), and (32m), 36.07 (5) (t), 36.19 (1m), 40.03 (18m), (49m), and (51m), 40.07 (1) (fm), 40.14 (1) (b) 6m., 50.02 (10m), (19g), and (19r), 50.06 (11m), 61.021 (4m) and (13m), 61.075, 63.02 (13m), (18m), and (20), 63.06 (5) (d) 2m., (6) (a) (6), 63.09 (5), 75.03 (38m), (89) (b) and (c), relating to Division of Care and Treatment Services telehealth.

**RULE SUMMARY**

**Statute interpreted**

Not applicable.

**Statutory authority**

The department is authorized to promulgate the proposed telehealth rules based upon the following:

Sections 227.11 (2) and 49.45 (61) (d), Stats.  
2019 Wis. Act 56.

The department is authorized to promulgate rules for each rule chapter specified in this order as follows:

Chapter DHS 34: Section 51.42 (7) (b), Stats.

Chapter DHS 35: Sections 49.45 (2) (a) 11., 51.04 and 51.42 (7) (b), Stats.

Chapter DHS 36: Sections 49.45 (30e) (b) and 51.42 (7) (b), Stats.

Chapter DHS 40: Section 51.42 (7) (b), Stats.

Chapter DHS 50: Sections 51.042 and 51.42 (7) (b), Stats.

Chapters DHS 61 and 63: Sections 51.42 (7) (b) and 51.421 (3) (a) and (c), Stats.

Chapter DHS 75: Sections 46.973 (2) (c), 49.45 (2) (a) 11., 51.42 (7) (b), 51.4224 (2) and (3), and 51.45 (3), (8) and (9), Stats.

**Explanation of agency authority**

The department's authority to promulgate the proposed rules is provided in ss. 227.11 (2) and 49.45 (61) (d), Stats., and 2019 Wis. Act 56 ("Act 56") s. 8 (3).

Section 49.45 (61), Stats., created by Act 56, directs the department to provide reimbursement under Medical Assistance for telehealth services specified in par. (b) and subds. (c) 1. to 3. Subdivision (c) 4

provides that the department shall reimburse under Medical Assistance “any service that is not specified in subds. 1. to 3. or par. (b) that is provided through telehealth and that the department specifies by rule.” Paragraph (d) provides that the department “shall promulgate rules specifying any services under par. (c) 4. that are reimbursable under Medical Assistance. The department may promulgate rules excluding services under par. (c) 1. to 3. from reimbursement under Medical Assistance. The department may promulgate rules specifying any telehealth service under par. (b) or (c) 1. or 2. that is provided solely by audio-only telephone, facsimile machine, or electronic mail as reimbursable under Medical Assistance.”

### **Related statute or rule**

The following statutes or rules directly relate to reimbursement of many Medical Assistance services when delivered by means of telehealth and communications technology services:

Sections 1173(d) to (f), 1176, 1177, 1180, and 1905 of the Social Security Act.  
45 CFR 164.105(1)(2)(ii) and 164.302, et seq.  
Sections 49.45 (61) and 49.46 (2) (b) 21. through 23., Stats.

### **Plain language analysis**

In Act 56, the Wisconsin Legislature directed reimbursement of many Medical Assistance services when delivered by means of telehealth and communications technology services. It directs the department to reimburse Medical Assistance certified providers for services provided through asynchronous telehealth, interactive telehealth, and remote patient monitoring services, including for federally recognized Medicare telehealth services, remote physiological monitoring, remote evaluation of prerecorded patient information, brief communication technology-based, and care management services. It also directs the department to identify certain Medical Assistance reimbursable telehealth services and authorizes the department to identify certain Medical Assistance non-reimbursable telehealth services in administrative code. The department’s Division of Medicaid Services is proposing amendments to Chapters DHS 101, 105, 106 and 107 to comport with Act 56.<sup>1</sup>

The services covered in Chapters DHS 34, 35, 36, 40, 61, 63, and 75 are eligible for reimbursement for certain services provided from Medical Assistance. These rule chapters need to be amended to align with the proposed changes to Chapters DHS 101, 105, 106, and 107.

### **Summary of, and comparison with, existing or proposed federal regulations**

Federal law does not establish distinct requirements for Medical Assistance program reimbursement of services provided via telehealth. Instead, the Medical Assistance program may reimburse services provided via telehealth when the underlying service provided meets federal laws and policies. The Centers for Medicare and Medicaid Services (CMS) looks to and generally models its definition of telehealth on the Medicare definition of telehealth services.

The Health Insurance Portability and Accountability Act of 1996 (“HIPAA”) also applies to services provided via telehealth. Applicable HIPAA requirements include the privacy and security rules to ensure the protection of protected health information transmitted and stored. In order to comply with these requirements, providers must ensure that the platforms used to provide services via telehealth contain adequate security measures.

During the emergency period, as defined in s. 1135 (g) (1) (b) of the Social Security Act, 42 U.S.C. § 1320-5 (g) (1) (b) and declared in response to the COVID-19 pandemic, the federal Department of Health and Human Services granted a number of flexibilities relating to services provided via telehealth. These flexibilities include not penalizing providers for using platforms that do not comply with HIPAA requirements, encouraging the reimbursement of services provided via telehealth under the Medical

<sup>1</sup> Proposed amendments to Chapters DHS 101, 105, 106 and 107 were included in Statement of Scope SS 061-20, available at [https://docs.legis.wisconsin.gov/code/scope\\_statements/all/061\\_20](https://docs.legis.wisconsin.gov/code/scope_statements/all/061_20).

Assistance program, and expanding the scope of reimbursable telehealth services under the Medicare program.

### **Comparison with rules in adjacent states**

#### **Illinois:**

305 ILCS 5/5-5.25 (b)-(c) authorizes permanent reimbursement of behavioral health services provided via telehealth when provided by a certain state certified provider. Illinois regulations permanently authorize reimbursement of asynchronous and real-time video services provided via telehealth under certain conditions. These conditions include requiring a certified professional to be present at the originating site at all times, the distant site provider to be a certified professional, and the communication platform to be capable of allowing for proper diagnosis and transmission of clearly audible heart tones and lung sounds, clear video of the patient and diagnostic tools. It also excludes group psychotherapy via telehealth from reimbursement. 89 IL Adm. Code 140.403.

During the federal COVID-19 public health emergency, Illinois laws were temporarily expanded to authorize reimbursement of additional telehealth services authorized by the federal government. 305 ILCS 5/1.5 Illinois regulations were also temporarily expanded to authorize reimbursement of audio-only telephone communication and online portal communications initiated by an established patient. A certified professional is not required to be present at the originating site. Additionally, providers are not required to be certified by the Illinois Medical Assistance program. 89 IL Adm. Code 140.403.

#### **Iowa:**

Iowa Code 514C.34 authorizes permanent reimbursement of healthcare services provided via telehealth when provided via an interactive audio and video platform and the services meet legal and generally accepted healthcare practices and standards. Services provided via telehealth are to be reimbursed at the same rate as services provided in-person. Iowa regulations authorize reimbursement of services via telehealth that meet professional standards. IA Rule 441-78.55(294A). The Iowa board of medicine authorizes provision of services via telehealth with or without the presence of a health care provider with the member and holds providers to the same standards of care and professional ethics in-person services. IA Rule 653-13.11(147,148,272C).

#### **Michigan:**

Michigan Compiled Laws ss. 330.1100d, 333.16283, 333.16285, 400.1 to 400.119b, 550.3476, and 550.1401k authorize reimbursement of healthcare services provided via telehealth when provided through real-time, interactive audio or video or asynchronously with HIPAA privacy and security rule compliant platform. Services may be provided at a provider site, a school, or a member's home, with member consent, and accessible follow-up services.

#### **Minnesota:**

Minnesota Statutes ss. 256B.0625 subd. 3b. and 147.033 authorize permanent reimbursement of healthcare services provided via telehealth when provided through real-time, interactive audio and visual communications and asynchronous services if provided "in the same manner as if the service or consultation was delivered in person." Services provided via telehealth must be reimbursed at the same rate as service provided in person and are generally limited to three visits per calendar week. Provider-to-provider consultations via telephone, email or facsimile and member-to-provider communications via email or facsimile are not reimbursable. With limited exceptions, physicians that do not practice in but are registered in Minnesota may be reimbursed for services provided via telehealth if they are in good standing outside of Minnesota. Minn Stat. s. 147.032. Minnesota regulations authorize reimbursement of mental health services via telehealth when provided via two-way interactive video and the equipment and connection comply with Medicare standards. (Minn. Adm. Code s. 9505.0371.

### **Summary of factual data and analytical methodologies**

The department formed an advisory committee to advise on changes to DHS 101, 105, 106, and 107 related to 2019 Wis. Act 56. This committee included representatives of ABC for Health, Inc.; Bad River Health & Wellness Center; Disability Rights Wisconsin, Inc.; The Hamilton Consulting Group, LLC; LeadingAge Wisconsin, Inc.; Pharmacy Society of Wisconsin, Inc.; Wisconsin Assisted Living Association, Inc.; Wisconsin Association of Family & Children's Agencies, Inc.; Wisconsin Association of Health Plans, Inc.; Wisconsin County Human Service Association, Inc.; Wisconsin Hospital Association, Inc.; Wisconsin Medical Society, Inc.; and Wisconsin Primary Health Care Association, Inc. Advisory committee members were provided a copy of draft language of the proposed rules and asked to provide comments.

While this advisory committee did not specifically address DHS 34, 35, 36, 40, 63, and 75, they did address the impact of telehealth changes to Medicaid-reimbursable behavioral health services which are applicable to the rules covered in this proposed rule order.

### **Analysis and supporting documents used to determine effect on small business**

The department solicited the input of Medical Assistance providers, including small businesses, throughout the telehealth policy and proposed rule change process.

### **Effect on small business**

The proposed rule changes have the potential to impact Medical Assistance providers that are small businesses. These providers have the opportunity to provide covered services via telehealth, which expands the pool of potential members and services provided beyond that potentially available for traditional in person services but must ensure that the technology used meets applicable federal and state standards. These providers may also experience increased competition from non-local providers providing similar covered services, including out-of-state providers who meet certification criteria.

DHS 34.02 (20m) "Signature" or "signed" means a signature that meets the requirements in s. 990.01(38), Stats.

DHS 34.02 (21m) (a) "Telehealth" means the use of telecommunications technology to deliver services allowable under this chapter, s. DHS 107.01 (5), and ss. 49.45 (61) and 49.46 (2) (b) 21. to 23., Stats., including assessment, diagnosis, consultation, treatment, or transfer of medically relevant data in a functionally equivalent manner to an in-person contact.

(b) "Telehealth" may include real-time interactive audio-visual or audio-only communication.

(c) "Telehealth" does not include communication between a certified provider and a recipient that consists solely of an electronic mail, text, or facsimile transmission.

**SECTION 4.** DHS 34.02 (23) is amended to read:

DHS 34.02 (23) "Walk-in services" means emergency mental health services provided at one or more locations in the county where a person can come and receive information and immediate, ~~face-to-face~~ counseling, support and referral.

**SECTION 5.** DHS 34.02 (23) (Note) is created to read:

DHS 34.02 (23) **Note:** A potential walk-in service could be provided via telehealth if the patient walks into a facility, through which the client receives information, counseling, support, or referral through telehealth.

**SECTION 6.** DHS 34.11 (3) (c) is amended to read:

DHS 34.11 (3) (c) A program shall provide face to face contact for crisis intervention. Face to face contact for crisis intervention may be provided as a function of the county's outpatient program during regular hours of outpatient program operation, with an on-call system for face-to-face contact for crisis intervention at all other times. A program shall have the capability of making home visits or seeing patients at other off-headquarter locations, and shall have the resources to carry out on-site interventions when this is clinically desirable. A program may use telehealth in conjunction with in-person services.

**SECTION 7.** DHS 34.21 (7) (d), (e), and (k) are amended to read:

DHS 34.21 (7) (d) Program staff providing emergency mental health services who have not had 3000 hours of supervised clinical experience, or who are not qualified under sub. (3) (b) 1. to 8., receive a minimum of one hour of clinical supervision per week or for every 30 clock hours of ~~face-to-face~~ direct crisis mental health services they provide.

DHS 34.21 (7) (e) Program staff who have completed 3000 hours of supervised clinical experience and who are qualified under sub. (3) (b) 1. to 8., participate in a minimum of one hour of peer clinical consultation per month or for every 120 clock hours of ~~face-to-face~~ direct crisis mental health services they provide.

DHS 34.21 (7) (k) A mental health professional providing clinical supervision is permitted to deliver no more than 60 hours per week of ~~face-to-face~~ direct crisis mental health services and supervision in any combination of clinical settings.

**SECTION 8.** DHS 34.21 (8) (a) 11. is created to read:

DHS 34.21 (8) (a) 11. Policy on telehealth, including when telehealth can be used and by whom, patient privacy and information security considerations, and the right to decline services provided via telehealth.

**SECTION 9.** DHS 34.22 (1) (a) 8. a. is amended to read:

DHS 34.22 (1) (a) 8. a. Outline the role program staff will have in responding to calls in which a person may be in need of hospitalization, including providing assistance services on-site and ~~over the phone~~ assistance through telehealth.

**SECTION 10.** DHS 34.22 (3) (b) (intro.) is amended to read:

DHS 34.22 (3) (b) *Mobile crisis service.* A mobile crisis service that can provide onsite, ~~in-person~~ intervention for individuals experiencing a mental health crisis. The mobile crisis service shall do all of the following:

**SECTION 11.** DHS 34.22 (3) (b) 4. is created to read:

DHS 34.22 (3) (b) 4. Permit the provision of additional mobile crisis services via telehealth when those services are provided concurrent with onsite response.

**SECTION 12.** DHS 34.22 (3) (c) 3. is amended to read:

DHS 34.22 (3) (c) (3) Be provided by the program or through a contract with another mental health provider, such as an outpatient mental health clinic. If the walk-in services are delivered by another provider, the contract shall make specific arrangements to ensure that during the site's hours of operation clients experiencing mental health crises are able to obtain unscheduled, ~~face-to-face~~ services within a short period of time after coming to the walk-in site.

**SECTION 13.** DHS 34.22 (3) (c) 5. is created to read:

DHS 34.22 (3) (c) 5. Permit the provision of walk-in services via telehealth when those services are used in conjunction with in-person response.

**SECTION 14.** DHS 34.22 (5) is amended to read:

DHS 34.22 (5) OTHER SERVICES. Programs may offer additional services, such as information and referral or peer to peer ~~telephone~~ support designed to address needs identified in the coordinated emergency mental health services plan under sub. (1), but the additional services may not be provided in lieu of the services under sub. (3).

**SECTION 15.** DHS 34.23 (3) (a) is amended to read:

DHS 34.23 (3) (a) The individual's location, ~~if the contact is by telephone.~~
