(i.e., Lincoln Hills). The existing text also includes rules	
of conduct that prohibit youth from violating a facility's	
rules or policies. The proposed rule amends other aspects	
of some of these provisions, but retains the references to	
"policies". Any policy that has the force of law – meaning	
that the legal rights of a youth may be affected – is by	
definition a rule, and should be promulgated through the	
administrative rulemaking process. Depending on the	
contents of a facility's policy, it could raise questions on	
whether a policy has been properly promulgated. Consider	
whether rules and regulations currently contained only in	
agency policies should also be promulgated as	
administrative rules. Alternatively, consider elaborating in	
the rule summary to explain the reasoning for why the	
referenced policies are not promulgated as rules, such as	
whether a policy does not have the force of law or is	
exempt from rulemaking, or whether ch. DOC 373, as	
promulgated, adequately puts a youth on notice of the	
prohibited conduct.

any contact with another person unless it is appropriate	
and permissible under facility policy. SECTION 25 creates	
the conduct rule of "Violating boundaries", and prohibits	
the intentional touching of any part of another person with	
a body part or object without consent. There seems to be	
significant overlap between these two conduct rules, but	
any conflict or duplication cannot be fully assessed as the

In the rule summary's listing of related statutes or rules, the agency refers to "Wisconsin Administrative Code Chapter 301". However, there is no ch. DOC 301. Is this intended to refer to ch. 301, Stats.?	This error has been corrected.
SECTION 3 of the proposed rule creates a new definition of "disturbance" to mean that a "group disturbance" occurred, an "incident" occurred, or a youth has taken a hostage. Neither existing ch. DOC 373 nor the proposed amended rule create a definition for "incident". The rule should create a definition or include a reference to the definition given in s. DOC 376.03(16).	The reference to the definition of "incident" in s. DOC 376.03(16) has been added to this section.
SECTION 17 of the proposed rule amends the conduct rule of "participating in a disturbance" in s. DOC 373.22(1), which is described as intentionally or recklessly participating in a disturbance, "including disruptive behavior, throwing items, or language that includes hate or conflict." This language is different from the definition of "disturbance" that the proposed rule creates in s. DOC 373.03(9), which means either a group disturbance, an incident, or taking a hostage. The department should address the difference between the definition and the language in s. DOC 373.22(1) that includes disruptive behavior, throwing items, or using language of conflict or hate as constituting a disturbance.	s. DOC 373.22(1) has been updated to reference the definition of "disturbance" in s. DOC 373.03(9).
SECTION 15 of the proposed rule create the conduct rule of "bullying", and defines it as unwanted aggressive behavior that involves a real or perceived power imbalance through "verbal behavior, physical, or social behavior or both…" The word "physical" should be revised to the phrase "physical behavior", to make the terms consistent. The sentence also includes three types of behavior but refers to "or both". This should be revised to read either "or a combination", or as "or both physical behavior and social behavior", depending on the intended meaning of the sentence.	This section has been updated to reflect the recommended edits.
In SECTION 17 of the proposed rule, amending s. DOC 373.22(1), the comma between "including" and "disruptive" should be deleted. In SECTION 25 of the proposed rule, s. DOC 373.35 creates the conduct rule of "unauthorized forms of communication", which applies when a youth "communicates with persons whom the department has prohibited contact". The provisions should read "with persons with whom" the department has prohibited contact.	This section has been updated to reflect the recommended edit. This section has been updated to reflect the recommended edit.

FINAL REGULATORY FLEXIBILITY ANALYSIS

The Department of Correction has determined that the rule will not have a significant economic impact on a substantial number of small business since the rule does not regulate small businesses as that term is defined in s. 227.114, Stats.
