Analysis by the Department of Revenue

Statutes interpreted: ss. 73.03 and 77.51 to 77.79, Stats.

Statutory authority: s. 227.11 (2) (a), Stats.

Explanation of agency authority: Section 227.11 (2) (a), Stats., provides that each agency may promulgate rules interpreting the provisions of any statute enforced or administered by it, if the agency considers it necessary to effectuate the purpose of the statute.

Related statute or rule: There are no other applicable statutes or rules.

Plain language analysis: This rule order does the following:

- Reflects recent law changes relating to sales and use tax.
- Makes various other changes to improve readability.
- Adds examples where needed for clarification purposes.
- Updates certain department procedures to follow, such as the various methods to register to collect Wisconsin sales or use tax and how to inactivate a seller's permit.

Summary of, and comparison with, existing or proposed federal regulation:

There is no existing or proposed federal regulation that is intended to address the activities to be regulated by this rule order.

Comparison with rules in adjacent states:

Minnesota, Michigan, and Iowa administer their sales and use tax laws in a manner consistent with Wisconsin. These states do this through a combination of statutory provisions and administrative rules.

Illinois does not administer its sales and use tax laws in a manner substantively consistent with Wisconsin.

Summary of factual data and analytical methodologies: 2009 Wisconsin Acts 2, 28, 204, and 330 adopted statutory changes to Wisconsin's sales and use tax statutes. The department has created this rule order to properly reflect these changes in Wisconsin's sales and use tax laws.

Analysis and supporting documents used to determine effect on small business:

As explained above, this proposed rule order is created to reflect changes in Wisconsin's sales and use tax laws. As the rule itself does not impose any significant financial or other compliance burden, the department has determined that it does not have a significant effect on small business.

Anticipated costs incurred by private sector: This rule order does not have a significant fiscal effect on the private sector.

Effect on small business: This rule order does not have a significant effect on small business.

Agency contact person: Please contact Dale Kleven at (608) 266-8253 or dale.kleven@revenue.wi.gov, if you have any questions regarding this rule order.

Place where comments are to be submitted and deadline for submission:

Comments may be submitted to the contact person shown below no later than one week after the public hearing on this rule order is conducted. Information as to the place, date, and time of the public hearing will be published in the Wisconsin Administrative Register.

For purposes of this section:

3. 'Accessories, attachments, and parts.' Included within the exemption are accessories, attachments, and parts for tractors and machines used exclusively and directly, or which are consumed or lose their identities in the business of farming. "Accessories" and "attachments" include devices designed to be mounted on a machine, such as a slow moving vehicle sign attached to a tractor or pipes attached to an irrigation pump, or devices to be pushed or pulled by a machine such as a farm wagon or a plow. A machine "part" means a durable unit of definite, fixed dimensions and includes tractor tires, oil filters, and fuel pumps. Canvas covers and paint for exempt machines are exempt. "Parts" does not include fluids such as antifreeze, hydraulic fluids, or diesel fuel anti-gel additives. These are "other tangible personal property" rather than "parts."

6. 'Motor vehicles and their accessories, attachments, and parts.' Specifically excluded from the exemption are "motor vehicles for highway use," which includes motor trucks, automobiles, station wagons, buses and motorcycles. The exclusion from the exemption also applies to accessories, attachments, and parts for motor vehicles for highway use. "For highway use" means registered or required to be registered for that use. Charges for labor for the repair of vehicles registered for highway use, such as nurse tanks and trailers, are taxable. Sales of parts for vehicles registered for highway use which are used exclusively and directly in farming or are consumed in farming, such as nurse tanks and trailers, are not taxable.

(5) (a) Sales tax imposed under s. 77.52 (2) (a) 10., Stats., does not apply to the repair, service, alteration, fitting, cleaning, painting, coating, towing, inspection or maintenance of tangible personal property and items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., if the farmer may purchase the property, item, or good without tax under s. 77.54 (3), (3m), (27), (30) (a) 3. and 5., ~~and (33)~~, and (50), Stats.

(b) Fees for breeding farm livestock or farm work stock, and charges for artificial insemination of farm livestock or farm work stock, and medical and hospitalization services furnished by veterinarians are not taxable.

Charges for the repair, service, alteration, fitting, cleaning, painting, coating, towing, inspection, or maintenance of tangible personal property or items, property or goods under s. 77.52 (1) (b), (c), or (d), Stats., are taxable, unless at the time such services are performed, a sale in Wisconsin of the type of property, item or good so serviced would have been exempt from Wisconsin sales tax. Taxable services to tangible personal property and items, property, and goods under s. 77.52 (1) (b), (c), or (d), Stats., include:

Note to LRB: Amend the example at the end of Tax 11.13 (5) (b) 3. as follows:

Example: On October 1, 2009, Company A begins using its direct pay permit when purchasing tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., from Company B. Company A provides a written statement to Company B that the use of its direct pay permit will be continuous. All purchases of tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., or taxable services, except those described in sub. (6) (a) and (b), by Company A from Company B on or after October 1, 2009, while continuous use is in effect, must be made without paying sales or use tax to the retailer using the direct pay permit. While continuous use of a direct pay permit is in effect, no other exemption certificate may be used.

SECTION 11. Tax 11.13 (6) (a) 2. and 3. are amended to read:

Tax 11.13 (6) (a) 2. Section 77.52 (2) (a) 2., Stats., relating to admissions to amusement, athletic, entertainment, or recreational events, devices, or facilities.

3. Candy as defined in s. 77.51 (1fm), Stats., soft drinks as defined in s. 77.51 (17w), Stats., dietary supplements as defined in s. 77.51 (3n), Stats., and prepared foods as defined in s. 77.51 (10m), Stats., and alcoholic beverages as defined in s. 77.51 (1b), Stats.

Note to LRB: Remove the note at the end of Tax 11.13 (6) (b) 3.

(c) *Exemptions.* Although not eligible to be purchased without paying Wisconsin sales or use tax to a retailer using a direct pay permit, the taxable services and tangible personal property, and items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., described in pars. (a) and (b) may be purchased without Wisconsin sales or use tax if a resale, farming, manufacturing, or other exemption applies. Documentation is required to purchase without tax, as provided in s. Tax 11.14.

SECTION 14. Tax 11.14 (2) (c), (3) (a), and (4) (b) are amended to read:

Tax 11.14 (2) (c) If a purchaser provides an exemption certificate indicating that the property, item, good, or service purchased will be used for activities or under circumstances which make the purchase of the property, item, good, or service exempt from the sales tax or for resale, and the property, item, good, or service is subsequently used by the purchaser in a manner that makes the property, item, good, or service ineligible for exemption from tax, the purchaser is liable for payment of the applicable sales or use tax.

(3) (a) Except as provided in par. (b), a seller is relieved of liability for the tax if the seller obtains from the purchaser, prior to the date of the sale or within 90 days after the date of the sale, a fully completed exemption certificate which indicates that the purchaser will use the property or service in a manner that is exempt from Wisconsin sales and use tax.

(4) (b) If a seller does not obtain an exemption certificate as provided in sub. (3) (a) or the relevant data elements provided in par. (a), the seller may, within 120 days after it is requested by the department to substantiate a claimed exemption, either obtain, in good faith, a fully completed exemption certificate from the purchaser; or by some other means provide proof that the transaction was not subject to Wisconsin sales or use tax. If a seller cannot prove that a transaction was exempt by one of these methods, the seller is not relieved from liability for the tax, interest, or penalties.

SECTION 15. Tax 11.14 (4) (c) is repealed and recreated to read:

Tax 11.14 (4) (c) 1. A seller accepts an exemption certificate as provided in sub. (4) (b) in good faith if all of the following apply:

a. The exemption claimed was authorized by law on the date of the transaction in the jurisdiction to which the transaction is sourced.

b. The exemption could be applicable to the property, item, good, or service being purchased.

c. The exemption being claimed is reasonable for the purchaser's type of business.

2. If a seller obtains the information in subd. 1., the seller is relieved of its liability for the tax unless it is discovered through the audit process that the seller had knowledge or reason to know at the time the information relating to the exemption was provided that the information was materially false or the seller otherwise knowingly participated in an activity intended to purposefully evade the tax that is properly due on the transaction.

SECTION 16. Tax 11.14 (5) (a), (6) (a), (7) (a), (9), and (12) (a) are amended to read:

Tax 11.14 (5) (a) Continuous or blanket exemption certificates do not expire and need not be renewed at any prescribed interval. However, they should be renewed at reasonable intervals in case of a business change, registration number change, or discontinuance of the specific business claiming the exemption. The seller should periodically review exemption certificates on file to ascertain that the person claiming the exemption is the person who furnished the certificate.

(6) (a) *Effect of obtaining exemption certificate claiming resale.* 1. The burden of proving that a sale of property, items, goods, or services is not at retail is upon the seller unless the seller accepts an exemption certificate from the purchaser as provided in sub. (3) (a) or captures and maintains the data elements as required in sub. (4) (a) that indicate the property, item, good, or service is purchased for resale. Obtaining the certificate or capturing and maintaining the data elements that indicate the property, item, good, or service is purchased for resale, relieves the seller from liability for the sales tax and the duty of collecting the use tax.

2. If a purchaser gives an exemption certificate as provided in sub. (3) (a) or provides the data elements described in sub. (4) (a), claiming resale for property, item, good, or service acquired and then makes any storage or use of the property, item, good, or service other than retention, demonstration, or display while holding it for sale, lease, license, or rental in the regular course of business, the storage or use is taxable to the purchaser as of the time the property, item, good, or service is first stored or used. The sales tax shall be reported and paid by the purchaser with the tax return for the period in which the property, item, good, or service is first so stored or used.

(7) (a) A supplier who accepts a ~~properly~~ fully completed exemption certificate claiming a manufacturing exemption marked for “continuous” use may make sales to the manufacturer without collecting the tax if the nature of the property, items, or services sold qualifies for one of the exempt uses claimed by the manufacturer on the form. If an exemption certificate is a “continuous” form, each purchase order of the manufacturer shall refer to it. If an individual order contains both exempt and non-exempt purchases, the purchaser shall designate which items are taxable.

Note to LRB: Amend the note at the end of Tax 11.14 (8) as follows:

Note: Section Tax 11.12 describes the types of property, items, goods, and services which may be sold to farmers without tax, and the use of the exemption certificate to claim farming exemptions.

(9) EXEMPTION FOR FUEL OIL, PROPANE, COAL, STEAM, AND WOOD FOR FUEL FOR RESIDENTIAL OR FARM USE. A retailer shall have a signed exemption certificate if the sale of fuel oil, propane, coal, steam, or wood for residential or farm use is partially exempt from sales or use tax. If the sale is 100% exempt, an exemption certificate is not required.

(12) (a) Containers and other packaging, packing, and shipping materials used to transfer merchandise to customers of the purchaser.

SECTION 17. Tax 11.15 (1) (title), (a), (b), and (c) 1. to 5., 7., and 12., (2) (title) and (j), (3) (a), (4), and (5) are amended to read:

Tax 11.15 (1) (title) ~~ITEMS~~ PROPERTY EXEMPT UNDER S. 77.54 (6) (B), STATS.

(a) To be exempt, containers, labels, sacks, cans, boxes, drums, bags₁ or other packaging and shipping materials for use in packing, packaging₁ or shipping tangible personal property or items or property under s. 77.52 (1) (b) or (c), Stats., shall be “used by the purchaser to transfer merchandise to customers.” Whether the containers or other packaging or shipping materials are returnable or nonreturnable is not a factor. The exemption does not apply to containers used in the incidental transfer of property to customers by persons providing services.

(b) Containers include barrels, bottles, cartons, chemical carboys₁ and kegs. Packaging and shipping materials include property used inside a package to shape, form, preserve, stabilize₂ or protect the contents, such as excelsior, straw, cotton, cardboard fillers, separators, shredded paper, ice, dry ice₁ and batting, and rope, twine, gummed tape, wrapping paper, rubber bands, crates₁ and crating materials, pallets, skids₁ and mailing tubes.

(c) 1. Cans in which canned goods, paints₁ and other commodities are contained; medicine bottles; boxes in which jewelry, candy, suits, dresses₁ and hats are delivered to customers; and ice cream cartons.

2. Bottles and cases used by breweries, wineries₁ or soda water beverage producers to transfer the product to customers.

3. Barrels, half-barrels, kegs₁ and the like, used by a brewery to transfer draft beer to wholesalers or retailers.

4. Caps for milk, beer₁ and soda water bottles.

5. “Fragile,” “Handle with Care₁” or other shipping labels.

7. Paper bags purchased by grocery stores, bakeries₁ or other retailers and used by their customers in carrying out their purchases.

12. Packaging and shipping materials for use in packing, packaging₁ or shipping meat or meat products, regardless of whether these items are used to transfer merchandise to customers.

(2) (title) ~~ITEMS~~ PROPERTY NOT EXEMPT UNDER S. 77.54 (6) (B), STATS.

(j) Bags, boxes, hangers₁ and other containers transferred to customers by laundries, dry cleaners₁ and other persons providing services.

(3) (a) Returnable container deposits received by a retailer at the time of the retail sale of tangible personal property or items or property under s. 77.52 (1) (b) or (c), Stats., such as soft drink bottles, beer bottles₁ and milk containers, and refunds of the deposits may be excluded from the computation of the taxable sales price if they are excluded from the sales price on the retailer’s books of account.

(4) DISPOSABLE ITEMS USED BY RESTAURANTS. (a) The sales price from sales to restaurants, cafeterias, caterers, nursing homes₁ or vending machine operators of disposable items, including paper and plastic cups, plates, butter chips, hamburger and frankfurter baskets or buckets, utensils, straws, placemats, napkins, doggie bags, wrapping materials₁ and toothpicks, transferred to customers for a valuable consideration by these persons as part of the sale of food, food products, and beverages to customers are not subject to the tax.

(b) The sales price from the sale of disposable products to a restaurant that are transferred with candy, soft drinks, dietary supplements, and prepared foods furnished for no consideration by the restaurant to the restaurant's own employees during the employee's work hours is not subject to the tax.

(5) DEMURRAGE, LEASE, OR RENTAL OF FUEL STORAGE TANKS. A gas supplier's monthly charge to a customer for the use of an LPG or other fuel storage tank which remains indefinitely on the customer's premises is taxable. The charge a supplier makes because a gas cylinder is retained by a customer beyond a 30-day period is also taxable. These "demurrage" charges constitute taxable rentals paid for the continuation of possession of the container. If a charge is made to the customer for the use of the container and the container is used *exclusively* for those leasing purposes, the gas supplier may issue a resale an exemption certificate claiming resale when the supplier purchases the container.

SECTION 18. Tax 11.16 (1) (a), (am), (b), (e), and (g), (2) (a) and (c) 1. and 2., and (3) (a) are amended to read:

Tax 11.16 (1) (a) *Exemption.* Section 77.54 (5) (b), Stats., provides a sales and use tax exemption for motor trucks, truck tractors, road tractors, buses, trailers, and semitrailers, and accessories, attachments, parts, supplies, and materials therefor, sold to common or contract carriers who use such motor trucks, truck tractors, road tractors, buses, trailers, and semitrailers exclusively as common or contract carriers, including the urban mass transportation of passengers as defined in s. 71.38, Stats.

(am) *Exclusively.* As used in s. 77.54 (5) (b), Stats., and this section, "exclusively" means that the motor trucks, truck tractors, road tractors, buses, trailers, and semitrailers are used solely as common or contract carriers to the exclusion of all other uses, except that the sales and use tax exemption for this tangible personal property will not be invalidated by an infrequent and sporadic use other than as a common or contract carrier.

(b) *Accessories and attachments.* Accessories, attachments, parts, and supplies for exempt vehicles are exempt from the sales and use tax under s. 77.54 (5) (b), Stats. This exemption includes the following items if they are assigned to and carried on vehicles used exclusively as common or contract carriers: dollies, pianoboards, ladders, walkboards, tire chains, fire extinguishers, flares, bug deflectors, engine block heaters, defroster fans, auxiliary heaters and cooling units and their fuel, radios, flag kits including flags and reflectors, and items designed to be used with a vehicle which protect or secure the vehicle's load including tape, fitted tarpaulins, tarpaulin straps, furniture pads and covers, load holding chains, logistic straps and shoring beams. This exemption does not include corrugated boxes, containers and related materials that are transferred to customers in conjunction with the selling, performing or furnishing of a moving service, as provided in par. (g).

(e) *Equipment and supplies.* Equipment acquired by a carrier for the repair, service, or maintenance of its exempt vehicles is not exempt, including repair tools, welding torches, battery chargers, and grinding discs.

(g) *Packaging materials.* The transfer to a customer of corrugated boxes, containers, and related packing materials in conjunction with moving or transporting a customer's goods is incidental to the selling, performing, or furnishing of the moving or transportation service. The service provider is the consumer of the property and shall pay tax on its purchase of the property to be transferred.

Note to LRB: Amend the second example at the end of Tax 11.16 (1) (h) as follows:

2) Cutting down trees, cutting them into logs₁ and hauling them to a mill as a private business operation voids the exemption in par. (a), even though the trucker also hauls logs as a common or contract carrier for other persons at the same time.

(2) (a) Section 77.54 (12), Stats., provides a sales and use tax exemption for the sales price from the sales of and the storage, use₁ or other consumption in this state of rail freight or passenger cars, locomotives₁ or other rolling stock used in railroad operations, or accessories, attachments, parts, lubricants₁ or fuel therefor.

(c) 1. Rails, crossties₁ and other road building and maintenance materials. However, sales of crossties to a common or contract carrier are exempt if they are shipped wholly or in part by way of the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside Wisconsin if the property is transported outside Wisconsin for use by the carrier in the conduct of its business as a carrier. The exemption will not be invalidated because of interruption of the shipment for storage, drying, processing₁ or creosoting of the crossties in Wisconsin.

2. Bracing materials, rough lumber₁ and dunnage materials.

(3) (a) Section 77.54 (13), Stats., provides a sales and use tax exemption for the sales price from the sales of and the storage, use₁ or other consumption in this state of commercial vessels and barges of 50-ton burden or over primarily engaged in interstate or foreign commerce or commercial fishing, and the accessories, attachments, parts and fuel therefor.

SECTION 19. Tax 11.17 (1), (2), (3), and (4) (title) and (a) 2. and 3. are amended to read:

Tax 11.17 (1) GENERAL. (a) Although professional personnel in hospitals and clinics and other members of medical professions including physicians, surgeons, oculists, optometrists, and podiatrists regularly transfer antibiotics, bandages, splints, and other tangible personal property and items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., to their patients in the performance of professional services, the transfer of that property, item₁ or good is an incident of a service rather than a retail sale of the property, item₁ or good. The persons are, therefore, deemed the consumers of the property, items, or goods in the same way they are the consumers of other materials and supplies used by them in the performance of their services. Accordingly, the suppliers of hospitals, clinics, and members of medical professions are retailers obligated to register and report tax on sales of tangible personal property, items, property, and goods under s. 77.52 (1) (b), (c), or (d), Stats., and taxable services, unless the transaction is specifically exempt from the tax.

(b) Section 77.54 (14) (b), Stats., specifically provides an exemption for drugs furnished by a licensed physician, surgeon, or podiatrist to that person's patient for medical treatment. Section 77.54 (22b), Stats., provides an exemption for durable medical equipment for home use, mobility-enhancing equipment₁ and prosthetic devices, and repair and replacement parts and accessories for such equipment or devices, if such equipment or devices are used by a human being. The scope of these exemptions is set forth in ss. Tax 11.08, 11.09, and 11.45.

(2) PURCHASES BY HOSPITALS. Purchases by hospitals, except hospital service insurance corporations under s. 613.80 (2), Stats., are exempt from the sales and use tax if the hospitals are nonprofit and, as such, qualify as charitable organizations under s. 77.54 (9a), Stats. Each is issued a Certificate of Exempt Status, "CES", by the department. When purchasing property, items, goods₁ and services, a hospital shall furnish its CES number to its supplier, and the supplier may then make sales of every type of tangible personal property and

items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., and services to the hospital without tax. Hospitals organized for profit do not qualify for this exemption.

Act 2.

2) Insert the following note between the second and third notes at the end of Tax 11.17 (5):

Note: Refer to s. Tax 11.33 for additional information relating to occasional sales.

SECTION 20. Tax 11.18 (2) (b) is amended to read:

Tax 11.18 (2) (b) The items described in par. (a) include braces and other corrective and supporting devices, such as teeth, mouth, and jaw braces and supports.

SECTION 21. Tax 11.19 (1) and (2) (a) and (d) are amended to read:

Tax 11.19 (1) GENERAL. All retail sales of tangible personal property and items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., including printed material, are subject to the tax, except when a specific exemption applies to the transaction. This section describes exemptions which commonly apply to sales of printed material.

(2) (a) Section 77.52 (2) (a) 11., Stats., imposes the sales and use tax on certain services. However, an exemption is provided for the printing or imprinting of tangible personal property and items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., furnished by customers, that results in printed materials, catalogs, or envelopes that are exempt under s. 77.54 (25) or (25m), Stats.

(d) Section 77.54 (2m), Stats., provides an exemption for the sales price from the sales of and the storage, use, or other consumption of tangible personal property or services that are used exclusively and directly by a manufacturer in manufacturing shoppers guides, newspapers, or periodicals and that become an ingredient or component of shoppers guides, newspapers, or periodicals or that are consumed or lose their identity in the manufacture of shoppers guides, newspapers, or periodicals, whether or not the shoppers guides, newspapers, or periodicals are transferred with charge to the recipient. This exemption applies to newspapers, shoppers guides, and periodicals which are issued at average intervals not exceeding 3 months or issued at average intervals not exceeding 6 months by an educational association or corporation sales to which are exempt under s. 77.54 (9a) (f), Stats. It does not apply to advertising supplements that are not newspapers as defined in s. 77.51 (8), Stats.

Note to LRB: Amend the first note at the end of Tax 11.19 (6) as follows:

Note: Section Tax 11.19 interprets ss. 77.51 (1fr), (8) and (13h), 77.52 (1), (2) (a) 11., 77.54 (2m), (9a), (15), (25), (25m), and (43) and 77.55 (1), Stats.

SECTION 22. Tax 11.26 (1) (a), (2) (c) and (d), and (3) (b) are amended to read:

Tax 11.26 (1) (a) Tangible personal property and items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., sold at retail are subjected to many direct and indirect taxes prior to reaching a retailer. The taxes are commonly included in the price the retailer pays for the property and are not separately identifiable as taxes. Occasionally, however, a tax is either separately passed on to a retailer or is imposed at the retail level of activity, but is different from and in addition to the sales tax. The tax may be imposed by Wisconsin, the federal government, or a municipality.

(2) (c) Any federal stamp tax and manufacturer's or importer's excise tax not imposed directly on the purchaser. Federal excise taxes include excise taxes on alcohol, tobacco, motor and aviation fuel except motor fuel taxes refunded, tires, firearms, sporting goods, and air or ship transportation.

(d) A federal, county, or municipal fuel tax included in the price of alternate fuels and general aviation fuel subject to sales tax.

Note to LRB: Amend the example at the end of Tax 11.26 (2) (d) as follows:

Example: Fuel taxes are included in the price of fuel used in aircraft, boats, and for other nonhighway use. The taxes are included in the sales price.

(3) (b) Any tax imposed by the United States, this state, or a Wisconsin municipality upon or with respect to retail sales.

Note to LRB: Amend the third example at the end of Tax 11.26 (3) (b) as follows:

3) The county, stadium, and regional transit authority sales and use taxes imposed under s. 77.71, Stats.

SECTION 23. Tax 11.28 (2) (f) and (3) (c) 1. a. and b. are amended to read:

Tax 11.28 (2) (f) *Gifts originally purchased for resale.* When a person purchases property for resale or for another exempt purpose or under a valid exemption certificate but uses the property for a purpose other than for resale or another exempt purpose and does not donate the property to an entity described in s. 77.54 (9a), Stats., the purchaser shall be liable for tax on its purchase price of the property.

(3) (c) 1. a. When purchasing tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., which will be given away to customers who must purchase other property, items, or goods to obtain the free property, item, or good, a retailer may not use an exemption certificate to purchase the free property, item, or good without payment of the sales tax. The retailer is deemed the consumer of the free property as provided in s. 77.52 (21), Stats. If the free property, item, or good was acquired without tax for resale, the retailer shall report the tax on their its purchase price of the property, item, or good.

b. A retailer may not use an exemption certificate when purchasing taxable tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., which the retailer knows, or should know, is to be given away to customers without the customers being required to purchase other property, items, or goods to receive the free property, item, or good. If the property, item, or good that is given away was acquired without tax for resale, the retailer shall report the tax on its purchase price of the property, item, or good.

Note to LRB: Amend the second example at the end of Tax 11.28 (3) (c) 1. b. as follows:

2) A retailer purchases key chains that are subsequently given away to customers, regardless of whether the customer makes a purchase. If the retailer purchased the key chains without Wisconsin sales or use tax by giving its supplier an exemption certificate claiming resale, the retailer is liable for tax on its purchase price of the key chains given away.

SECTION 24. Tax 11.30 (2) (a) and (d) 1. are amended to read:

Tax 11.30 (2) (a) *Definition of bad debt.* “Bad debt” is defined in s. 77.585 (1) (a), Stats., to mean the portion of the sales price or purchase price that the seller has reported as taxable and for which the seller has paid the tax under this subchapter subch. III of ch. 77, Stats., and that the seller may claim as a deduction under section 166 of the Internal Revenue Code. “Bad debt” does not include financing charges or interest, sales or use taxes imposed on the sales price or purchase price, uncollectible amounts on tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., that remain in the seller’s possession until the full sales price or purchase price is paid, expenses incurred in attempting to collect any debts, debts sold or assigned to 3rd parties for collection, and repossessed property or items.

(d) 1. ‘Nontaxable receipts.’ If an account found worthless and charged off as a bad debt is comprised in part of nontaxable receipts, such as interest, financing, or insurance, and in part of taxable receipts upon which tax has been paid, a bad debt deduction may be claimed only for the unpaid amount upon which tax has been paid. In determining that amount, all payments and credits to the account shall be applied proportionately against the various charges comprising the amount the purchaser contracted to pay.

Note to LRB: Amend the example at the end of Tax 11.30 (2) (f) as follows:

Example: At the time when the tax rate is 5%, a motor home is purchased on January 1 of a year for a cash price of \$15,000 and sales tax of \$750. A down payment of \$2,150 is made at the date of purchase, leaving a balance to finance of \$13,600. The motor home is financed

with the seller for a period of one year at the rate of 10% of the amount financed. After receiving periodic payments totaling \$6,800, the motor home is repossessed. The wholesale value of the property is \$6,000 on the date of repossession ~~due to rather extensive damage to the motor home.~~ The deductible bad debt loss upon repossession of the motor home is computed as follows:

	Cash Sales Price	Sales Tax	Finance Charge	Total
1. Sales price and tax	\$15,000.00	\$750.00	-	\$15,750.00
2. Down payment allocation (1)	<u>2,047.62</u>	<u>102.38</u>	-	<u>2,150.00</u>
3. Balance to finance	\$12,952.38	\$647.62	-	\$13,600.00
4. Add: Finance charge,			<u>1,360.00</u>	<u>1,360.00</u>
5. Contract balance	\$12,952.38	\$647.62	\$1,360.00	\$14,960.00
6. Payments on contract (2).....	<u>5,887.45</u>	<u>294.37</u>	<u>618.18</u>	<u>6,800.00</u>
7. Contract balance — date of repossession	\$7,064.93	\$353.25	\$741.82	\$8,160.00
8. Wholesale value of repossession (2)	<u>5,194.81</u>	<u>259.74</u>	<u>545.45</u>	<u>6,000.00</u>
9. Deductible loss	<u>\$1,870.12</u>			\$1,870.12
10. Nondeductible loss		<u>\$93.51</u>	<u>\$196.37</u>	<u>289.88</u>
11. Total loss				<u>\$2,160.00</u>
12. Percentage of sales price and tax (Line 1)	95.2381%	4.7619%		100%
13. Percentage of contract balance (Line 5)	86.5801%	4.3290%	9.0909%	100%

(1) The down payment on line 2 is allocated between the total cash sales price of the motor home and the sales tax thereon on the basis of the percentage of each to their total. The percentages are shown on line 12.

(2) The payments on the contract on line 6 and the wholesale value on the date of repossession of the property repossessed on line 8 are allocated on the basis of the contract balances on line 5. The percentages thereof are shown on line 13.

SECTION 25. Tax 11.32 (2) is amended to read:

Tax 11.32 (2) DELIVERY, HANDLING AND SERVICE CHARGES. A retailer's charges for customer alterations, handling services, small orders, returned merchandise, restocking, split shipments, shipping, postage, crating, packing, fuel surcharges, and similar charges for services related to retail sales, are included in the sales price derived from the sale of taxable tangible personal property, items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., or taxable services. Cancelled order charges are not taxable if there is no transfer of merchandise to a customer. For orders that include property and items that are subject to tax and property and items that are not subject to tax, the amount of the delivery charge that the seller allocates to the property and items subject to tax shall be based either upon the total sales price of property and items that are subject to tax as compared to the total sales price of all of the property and items included in the shipment or on the weight of the property and items subject to tax compared to the total weight of all of the property and items included in the shipment.

SECTION 26. Tax 11.33 (4) (c) is amended to read:

Tax 11.33 (4) (c) The transfer of a motor vehicle, boat, snowmobile, recreational vehicle, as defined in s. 340.01 (48r), Stats., trailer, semitrailer, all-terrain vehicle or aircraft to a spouse, parent, stepparent, father-in-law, mother-in-law, child, stepchild, son-in-law, or

daughter-in-law, of the transferor provided the property has been previously registered in Wisconsin in the name of the transferor, if required to be registered, and the transferor is not engaged in the business of selling this type of property.

SECTION 27. Tax 11.34 (3) (d) is amended to read:

Tax 11.34 (3) (d) The holder of a seller's permit shall wait until ceasing business before ~~delivering~~ requesting the inactivation of the permit ~~to the department~~ because a person may not continue regular business operations without a permit.

SECTION 28. Tax 11.34 (4) is repealed and recreated to read:

Tax 11.34 (4) INACTIVATION OF SELLER'S PERMIT. (a) A permit holder may request that the department inactivate its seller's permit by providing the department with the permit holder's name, address, seller's permit number, and the date the permit holder ceased business. The request may be made in any one of the following ways:

1. A permit holder may make a written request for seller's permit inactivation. The department shall presume that the request was made at 12:01 a.m. on the postmark date of a postpaid properly addressed envelope, if the envelope and its contents are actually received by the department. If the retailer desires assurance that the department has received the request, the permit holder may use certified mail, return receipt requested.

Note: A person making a written request for seller's permit inactivation should send its request to Wisconsin Department of Revenue, P.O. Box 8902, Madison, WI 53708-8902.

2. A permit holder may make a request for seller's permit inactivation by telephone. The department shall presume that the request was made at 12:01 a.m. on the day the department received the telephone call.

Note: A person requesting seller's permit inactivation by telephone should call (608) 266-2776.

3. A permit holder may make a request for seller's permit inactivation by electronic mail. The department shall presume that the request was made at 12:01 a.m. on the day the department received the electronic mail message.

Note: A person requesting seller's permit inactivation by electronic mail should send its request to sales10@revenue.wi.gov.

4. A permit holder may make a request for seller's permit inactivation in person at one of the department's income, sales and excise tax division offices. The department shall presume that the request was made at 12:01 a.m. on the day the department received the request.

(b) A person who has requested inactivation of its seller's permit may not qualify for the occasional sale exemption if the person contemplates resumption of those activities which would require that the person hold a seller's permit, unless the person qualifies for exemption under sub. (3) (b).

(c) The fact that a business ceases operating and no longer conducts its day-to-day sales of tangible personal property, items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., or taxable services does not result in the automatic inactivation of its seller's permit.

SECTION 29. Tax 11.35 (4) (b), (6) (b), and (7) are amended to read:

Tax 11.35 (4) (b) Entertainment is not involved at an event for which charges by the organization constitute admissions.

(6) (b) A nonprofit organization that would otherwise qualify for exempt occasional sales, except for the involvement of entertainment, may obtain a ~~temporary~~ seller's permit from the department for the day or days involving entertainment, pay the sales tax on that event and request inactivation of its seller's permit after the event, and still have exempt occasional sales on days not covered by the ~~temporary~~ seller's permit. Days and receipts from events involving admissions to entertainment for which a ~~temporary~~ seller's permit was obtained are included with all other sales in determining the 20-day test and the \$25,000 taxable receipts test described in sub. (5). A nonprofit organization that obtains a seller's permit for an event and does not request inactivation of its seller's permit after the event does not qualify for the occasional sale exemption while the seller's permit is active, regardless of the number of days and dollar amount of its sales.

Note to LRB: Amend the examples at the end of Tax 11.35 (6) (b) as follows:

Examples: 1) A nonprofit organization plans 5 events covering 3 days each for the year ~~(for a total of 15 days)~~. Entertainment will be involved at one event only. The sales by the nonprofit organization would qualify as exempt occasional sales, except for the involvement of entertainment at the one event. The nonprofit organization may obtain a ~~temporary~~ seller's permit for the one event involving entertainment and request inactivation of its seller's permit after the event; thus allowing the other 4 events to qualify as exempt occasional sales.

2) A nonprofit organization holds several events during the year. For one of the events, the nonprofit organization obtains a ~~temporary~~ seller's permit because entertainment is involved, ~~and~~ collects sales tax on its receipts of \$5,000 from that event and requests inactivation of its seller's permit after the event. Taxable receipts from its other events must be combined with the \$5,000 of receipts from the event for which it held a ~~temporary~~ seller's permit for purposes of determining whether the \$25,000 taxable receipts test is met.

(7) (a) A nonprofit organization is not required to hold a seller's permit if its sales are exempt from sales and use taxation by meeting the provisions of sub. (4) (a) and (b). However, an organization required to hold a seller's permit solely for the purpose of conducting bingo games may still qualify for ~~exempt the~~ occasional sales exemption on nonbingo sales if it otherwise qualifies under the provisions of sub. (4) (a) and (b).

(b) If a nonprofit organization holds a seller's permit in the current year, but intends or believes in good faith that its activities in the following year would qualify as exempt occasional sales except for its holding of a seller's permit, it may ~~deliver that seller's permit to the department for cancellation~~ request inactivation of its seller's permit and ~~have~~ its sales in the following year will qualify as exempt occasional sales provided it meets the standards in sub. (4) (a) and (b) in that following year.

Note to LRB: Amend the example at the end of Tax 11.35 (7) (b) as follows:

Example: A nonprofit organization has held seven 3-day events for a total of 21 days each year for the past 5 years. Receipts were always over \$25,000, and there were no admissions to entertainment events. One event has lost money for the past 2 years. The organization intends to discontinue that event for the following year; thus, it may anticipate

coming under the 20-day standard and request inactivation of its seller's permit in good faith. ~~Its seller's permit may be delivered to the department for cancellation in good faith.~~

(c) If a nonprofit organization did not hold or was not required to hold a seller's permit or ~~delivered its seller's permit to the department for cancellation~~ requested inactivation of its seller's permit in good faith but later, due to unforeseen circumstances, exceeds the standards, only the sales occurring after the standards are exceeded do not qualify as exempt occasional sales and are subject to tax.

Note to LRB: Amend the first example at the end of Tax 11.35 (7) (c) as follows:

1) A church held 18 days of events or sales in the current year. Receipts for the events equaled \$30,000 and no entertainment was involved. The church expects to hold the same 18 days of events in the following year. It ~~delivers requests inactivation of its seller's permit to the department for cancellation.~~ However, in the middle of the following year, the church garage is destroyed by fire. An additional 4-day event is held to raise funds to help replace the garage. Only the receipts from days 21 and 22, the days exceeding the standard, are subject to sales tax.

(d) If a nonprofit organization has sales in the current year and then ~~surrenders requests inactivation of its seller's permit to the department for cancellation,~~ sales made in the current year before ~~surrendering it~~ requesting inactivation of the seller's permit do not qualify as exempt occasional sales, even if the standards for exempt occasional sales in sub. (4) (a) and (b) are met.

SECTION 30. Tax 11.40 (4) is amended to read:

Tax 11.40 (4) REPAIR OF EXEMPT MACHINERY AND PROCESSING EQUIPMENT. The sales price from the sale of and the storage, use or other consumption of repair or replacement parts and from repair service for exempt machines and processing equipment ~~are~~ is exempt.

Note to LRB: Amend the second note at the end of Tax 11.40 as follows:

Note: The interpretations in s. Tax 11.40 are effective under the general sales and use tax law on and after September 1, 1969, except: (a) Mobile mixing units are exempt effective September 1, 1983, pursuant to 1983 Wis. Act 27; (b) Vehicles and machines used in waste reduction and recycling are exempt effective July 1, 1984, pursuant to 1983 Wis. Act 426; (c) Motor vehicles or trailers upon which mobile mixing units are mounted are exempt effective July 20, 1985, pursuant to 1985 Wis. Act. 29; (d) Safety attachments became exempt effective June 1, 1986, pursuant to 1985 Wis. Act 149; (e) The exemption in s. 77.54 (6), Stats., shall be strictly construed effective October 1, 1989, pursuant to 1989 Wis. Act 31; (f) The definition of "manufacturing" and what is included in the scope of manufacturing is effective October 1, 2009, pursuant to 2009 Wis. Act 28; and (g) The change of the term "gross receipts" to "sales price" and the separate impositions of tax on coins and stamps sold above face value under s. 77.52 (1) (b), Stats., certain leased property affixed to real property under s. 77.52 (1) (c), Stats., and digital goods under s. 77.52 (1) (d), Stats., became effective October 1, 2009, pursuant to 2009 Wis. Act 2.

SECTION 31. Tax 11.41 (2) (a) (intro.) is amended to read:

Tax 11.41 (2) (a) (intro.) The following property and items are within the exemption provided by s. 77.54 (2), Stats., if the property or item is used exclusively and directly by a manufacturer in manufacturing tangible personal property or items or property under s. 77.52 (1)

(b) or (c), Stats., destined for sale and is consumed, destroyed, or loses its identity in manufacturing the property or item that is destined for sale:

Note to LRB: Remove the note at the end of Tax 11.41 (2) (a) 4. a.

SECTION 32. Tax 11.41 (2) (a) 4. is repealed and recreated to read:

Tax 11.41 (2) (a) 4. Cleaning compounds and solvents for maintaining exempt manufacturing machinery whether used while the machinery is operating or while the machinery is idle.

SECTION 33. Tax 11.41 (2) (a) 15. is amended to read:

Tax 11.41 (2) (a) 15. Gloves and other wearing apparel, including hair nets, beard nets and facemasks used by employees working on the production line to prevent contamination of the manufactured product while it is being manufactured.

Note to LRB: Insert the following examples at the end of Tax 11.41 (2) (a) 15.:

Examples: 1) Employees of Manufacturer A wear gloves and aprons while grading, weighing, and slicing meat products within the scope of manufacturing as defined in s. Tax 11.39 (2). The gloves and aprons are used only in this manner and prevent the meat products being manufactured from being contaminated. The gloves and aprons worn by the employees to protect the meat products from contamination are used directly in manufacturing and qualify for exemption from Wisconsin sales and use tax under s. 77.54 (2), Stats.

2) Employees of Manufacturer B wear gloves and aprons while they are working on the production line. The gloves and aprons are used only in this manner. The gloves and aprons are worn to protect the employees' clothing rather than to prevent contamination of the product while it is being manufactured. Although the gloves and aprons are used exclusively in manufacturing, the gloves and aprons are not used directly in manufacturing and do not qualify for exemption from Wisconsin sales and use tax under s. 77.54 (2), Stats.

SECTION 34. Tax 11.41 (3) (a) (intro.) is amended to read:

Tax 11.41 (3) (a) (intro.) An exemption under sub. (1) (a) is not allowed for property or items consumed or destroyed or losing their identity in manufacturing if any of the following apply:

SECTION 35. Tax 11.41 (3) (a) 3. is created to read:

Tax 11.41 (3) (a) 3. The property or item is not used exclusively and directly by a manufacturer in manufacturing.

Note to LRB: Insert the following example at the end of Tax 11.41 (3) (b) 8.:

Example: Employees of Manufacturer C wear hard hats, as required by federal regulations, while working within the scope of manufacturing as defined in s. Tax 11.39 (2). The hard hats are worn to protect the employees. The hard hats are not used directly in manufacturing and do not qualify for exemption from Wisconsin sales and use tax under s. 77.54 (2), Stats.

SECTION 36. Tax 11.41 (3) (b) 9. is created to read:

Tax 11.41 (3) (b) 9. Chemicals and cleaning agents used to clean the room where manufacturing takes place, including walls, ceilings, floors, drains, windows, and doors, even if the cleaning is required in order to meet sanitation standards required by state and federal regulatory agencies.

SECTION 37. Tax 11.46 (1) (a) and (2) (intro.) are amended to read:

Tax 11.46 (1) (a) “Agency camps” means camps operated by corporations or associations organized and operated exclusively for religious, charitable, or educational purposes when no part of the net earnings inure to the benefit of any private shareholder or individual.

SECTION 40. Tax 11.46 (5) is repealed and recreated to read:

Tax 11.46 (5) COMBINED CHARGE. (a) A summer camp’s charge for meals, lodging, and program access for one nonitemized price is not subject to tax. The exemption in s. 77.54 (51), Stats., applies.

(b) It is presumed that the price for the lodging, meals, and other taxable products provided by the summer camp is 10 percent or less of the total price of all the products in the transaction. It is also presumed that true object of the transaction is not just one of the items provided. Therefore, the transaction is not a bundled transaction as defined in s. 77.51(1f), Stats.

Note: See s. Tax 11.985 for more information on bundled transactions.

(c) Summer camps are the consumers of tangible personal property, items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., and taxable services provided as part of the combined charge. The taxable products included in the transaction are the lodging services, the meals and the tee shirt. Summer Camp A may presume that the taxable products included in the transaction are less than 10 percent of the total sales price or purchase price of all the products included in the transaction and therefore the transaction is not a bundled transaction. Summer Camp A’s \$4,000 charge is not subject to

If the objective of the purchaser is to obtain the personal property, item, or good, a taxable sale of that property, item, or good is involved. However, if the objective of the purchaser is to obtain the service, a sale of a service is involved even though, as an incidence to the service, some tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., may be transferred.

(2) (b) A person who performs a nontaxable service in conjunction with the sale of tangible personal property ~~and or~~ items, property, ~~and or~~ goods under s. 77.52 (1) (b), (c), ~~and or~~ (d), Stats., is a retailer with respect to the sale, and the tax applies to the total sales price from the sale without any deduction for the work, labor, skill, time spent, or other expense of producing the property, item, or good.

(3) (d) (title) *Interior ~~decorator's~~ designer's fee.*

1. An interior ~~decorator's~~ designer's fee is taxable when the ~~decorator's~~ designer's services are part of a sale of tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats. If a ~~decorator~~ designer bills a client only for the full list price of the property, item, or good sold and then receives the equivalent of a fee through the ~~decorator's~~ designer's supplier in the form of a trade discount, the ~~decorator~~ designer shall pay a tax on the full amount billed the client without any deduction for services performed.

Note to LRB: Amend the example at the end of Tax 11.67 (3) (d) 1. as follows:

Example: A ~~decorator's~~ designer's fee is taxable when it is added to the bill for tangible personal property and items, property, and goods under s. 77.52 (1) (b), (c), and (d), Stats., on a cost-plus arrangement.

2. A ~~decorator's~~ designer's fee is not taxable if the fee is solely for services rendered and there is no sale of tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., involved with the transaction.

SECTION 50. Tax 11.67 (3) (d) 3. is created to read:

If there is a separate charge for the designer's fee in addition to a separate and optional charge for any tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., the designer sells to the client, the designer's fee is not part of the sales price of the tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., if the client had all of the following choices:

a. Purchasing the tangible personal property or items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., from the designer for an additional, optional, fee.

SECTION 51. Tax 11.68 (6) (f) and (7) (b) are amended to read:

Tax 11.68 (6) (f) Personal property that is used to construct improvements to land, ~~including~~ “Improvements to land,” as used in this section, include retaining walls, roads, walks, bridges, fencing, railway switch tracks, ponds, dams, ditches, wells, underground irrigation systems except systems sold to and for use by farmers, drainage, storm, and sanitary sewers, and water supply lines for drinking water, sanitary purposes, and fire protection.

(7) (b) If a few items of tangible personal property, items, property, or goods under s. 77.52 (1) (b), (c), or (d), Stats., or taxable services, are minor in relation to the total amount of a contract, and are sold as part of a contract which includes construction of a building or other ~~structure~~ real property improvement and no separate charge is made ~~for the personal property, item, good, or taxable service~~ in any document provided to the customer for the taxable property, items, goods, and services, the cost of ~~the all such property, item, good, or service~~ items, goods, and services to the construction contractor shall be used as the measure subject to sales tax. The tangible personal property, property, items, and goods under s. 77.52(1) (b), (c), and (d), Stats., and taxable services are “minor in relation to the total amount of a contract” if, based on a reasonable allocation, the sales price of the taxable property, items, goods, and services included in the contract is 10 percent or less of the total contract amount. If a separate

charge is made in any document provided to the customer, including a contract, contract addendum, appendix, or payment request, for any of the taxable property, items, goods, or services, ~~they are~~ the separate charge is subject to the tax.

Note to LRB: Replace the examples at the end of Tax 11.68 (7) (b) with the following:

Examples: 1) A refrigerator and drapes are included in the contract to construct a new house. No separate charge is made for the refrigerator and drapes, but, based on a reasonable allocation, the sales price of the refrigerator and drapes is less than 10 percent of the total contract amount. Therefore, the cost of the refrigerator and drapes to the construction contractor is the construction contractor's measure subject to sales tax.

2) Landscaping services are included in a contract to build a building. No separate charge is made for the landscaping services, but, based on a reasonable allocation, the sales price of the landscape services is more than 10 percent of the total contract amount. Since the sales price of the landscaping services, based on a reasonable allocation, is more than 10 percent of the contract amount, the construction contractor is required to make an allocation between the taxable landscaping services and the other nontaxable charges included in the contract and charge Wisconsin sales tax on the sales price of those landscaping services.
