

CR 10-099

ORDER OF THE STATE OF WISCONSIN
DEPARTMENT OF TRANSPORTATION
ADOPTING RULES

The Wisconsin Department of Transportation adopts an order amending TRANS 178.02(2) and 178.03(1); and creating TRANS 178.04(1)(a)1.(note), relating to the Unified Carrier Registration System

Analysis Prepared by the Wisconsin Department of Transportation

Statutes interpreted: s. 194.407, Stats., as created by 2007 Wis. Act 20

Statutory authority: s. 194.407 (1) and (3), Stats., as created by 2007 Wis. Act 20

Explanation of agency authority: Section 194.407, Stats., authorizes the Department to implement and administer a unified registration system for motor carriers consistent with 49 USC 13908 and 14504a, and to prescribe annual fees for that registration.

Related statute or rule: Section 194.407, Stats., 49 USC 13908 and 14504a, 49 CFR 367.

Plain language analysis: Chapter Trans 178 establishes the fees to be charged under the Unified Carrier Registration (UCR) system, and establishes a method for counting the number of vehicles so that an entity knows whether it is required to register under UCR and, if so, which fee bracket applies to the entity.

The Federal Motor Carrier Safety Administration published in the Federal Register on April 27, 2010 a changed schedule of fees. As provided in s. Trans 178.03(2), on May 6, 2010, the Department sent notice of the changed fees to the chairpersons of the standing committees of the legislature having jurisdiction over transportation. Neither committee chairperson notified the secretary of transportation within 14 working days after that notice that the committee had scheduled a meeting for the purpose of reviewing the fees. The Department implemented the new fees on May 27, 2010. The rule replaces the prior fee schedule with the new fee schedule.

In addition, the rule removes the reference to towed vehicles in the definition of commercial motor vehicle for the purposes of the UCR to conform to federal law. Originally, UCR included towed vehicles (trailers) in the definition of commercial motor vehicles for the purposes of UCR; subsequently, federal law eliminated towed vehicles from the definition.

Summary of, and preliminary comparison with, existing or proposed federal regulation: This rule complies and is consistent with federal law and regulations pertaining to the Unified Carrier Registration system.

Comparison with Rules in Adjacent States:

Michigan: Michigan participates in UCR. Michigan charges the 2010 fees as required by federal law and regulation and the UCR Agreement.

Minnesota: Minnesota participates in UCR. Minnesota charges the 2010 fees as required by federal law and regulation and the UCR Agreement.

Illinois: Illinois participates in UCR. Illinois charges the 2010 fees as required by federal law and regulation and the UCR Agreement.

Iowa: Iowa participates in UCR. Iowa charges the 2010 fees as required by federal law and regulation and the UCR Agreement.

Summary of factual data and analytical methodologies used and how the related findings support the regulatory approach chosen: This rule is derived solely from federal law, federal regulation and Unified Carrier Registration Agreement, both of which are authorized by 49 USC 13908 and 14504a and implement those sections. If Wisconsin does not follow federal law, federal regulation, and the Unified Carrier Registration Agreement, Wisconsin may not participate in the UCR program. If Wisconsin does not participate in the UCR program, Wisconsin will forfeit revenues from carrier registration pursuant to federal law.

Analysis and supporting documentation used to determine effect on small businesses: This rule is derived solely from federal law, federal regulation, and Unified Carrier Registration Agreement. Any effect on small businesses is a result of federal law, federal regulation and the Unified Carrier Registration Agreement.

Effect on small business: The fees charged under federal law, federal regulation, and Unified Carrier Registration Agreement will affect some small businesses by increasing the amount of annual registration fee. The new fee schedule increases all fees by just less than 96%. These fees are established under federal law at 49 CFR 367.20 but may be revised annually by publication in the federal register. If Wisconsin does not charge these fees, small businesses that operate affected trucks and trailers outside this state will nevertheless be required to pay these same fees to other states. The Department's Regulatory Review Coordinator may be contacted by e-mail at ralph.sanders@dot.state.wi.us, or by calling (414) 438-4585.

Fiscal effect: This rule is derived solely from federal law, federal regulation, and Unified Carrier Registration Agreement. Any fiscal impact on the liabilities or revenues of any county, city, village, town, school district, vocational, technical and adult education district, sewerage district, or federally-recognized tribes or bands is a result of federal law,

federal regulation and the Unified Carrier Registration Agreement. The Unified Carrier Registration Agreement authorizes states to exempt solely intra-state carriers and qualified school buses from the registration fee, and the Department has made registration and payment of the fees optional for those entities.

Anticipated costs incurred by private sector: This rule is derived solely from federal law, federal regulation, and Unified Carrier Registration Agreement. Any cost incurred by the private sector is a result of federal law, federal regulation and the Unified Carrier Registration Agreement. The fee schedule increases all fees by just less than 96%.
