AND LICENSING : (CLEARINGHOUSE RULE 95-141)

ORDER

An order of the Department of Regulation and Licensing to amend RL 10.04 (1); and to repeal and recreate RL 10.04 (2) relating to examination requirements for optometrists to obtain diagnostic pharmaceutical agent certificates.

Analysis prepared by the Department of Regulation and Licensing.

ANALYSIS

Statutes authorizing promulgation: s. 227.11 (2), Stats.

Statutes interpreted: s. 449.17 (3), Stats.

In this proposed rule-making order the Department of Regulation and Licensing repeals and recreates s. RL 10.04 (2), to specify to whom the candidate for examination makes application; and to identify when the Optometry Examining Board began accepting the passing scores on parts I and II of the National Board of Examiners in Optometry examination.

This proposed rule-making order clarifies when the Optometry Examining Board discontinued taking the score for the pharmacology portion of the examination and began accepting parts I and II of the national examination. The rule specifies when the board changed its policy from accepting the national pharmacology score to accepting parts I and II of the national examination.

Also, s. RL 10.04 (1) is amended to conform with administrative rules drafting format and style.
