

Fiscal Estimate for ERC 90 and ERC 100

Pursuant to Secs. 227.14(4) and 227.24(1)(e) 1, Stats., the Wisconsin Employment Relations Commission makes the following fiscal estimate as to emergency administrative rules ERC 90 and ERC 100 which were published April 19, 2012.

The fiscal impact of these emergency rules on the State of Wisconsin and municipal employers is indeterminate because it will be dependent on and determined by base wage collective bargaining agreements reached between those employers and the labor organizations representing employees.

These emergency rules have no fiscal effect on the private sector.
