

Chapter H 102

HATTERS' MERCURIAL CARROTING SOLUTIONS

H 102.01 Definitions

H 102.02 Use of mercurial carrot prohibited

H 102.01 Definitions. For the purpose of carrying out the provisions of these regulations the following terms are defined:

(1) **HATTERS' FUR** is any animal fiber or other substance used in the manufacture of hats, which is treated or otherwise prepared by the process of, or, in a manner similar to that of carroting.

(2) **CARROTING** is the process of treating hatters' fur with mercury nitrate or other solution or material for the purpose of rendering the hatters' fur suitable in the manufacture of hats.

(3) **MERCURIAL CARROT** is any solution or material containing mercury or its compounds in combination with nitric acid or other materials and used in the carroting or preparation of hatters' fur.

H 102.02 Use of mercurial carrot prohibited. The use of mercurial carrot in the preparation of hatters' fur, or the use of mercurial carotted hatters' fur in the manufacture of hats, is prohibited.
