Docket No. 706.

ORDER OF THE STATE DEPARTMENT OF AGRICULTURE  
AMENDING RULES

Pursuant to authority vested in the State Department of Agriculture by sections 93.07 (1) and (10) and chapter 95, Wis. Stats., the State Department of Agriculture hereby amends rules as follows:

Section Ag 10.15 of the Wisconsin administrative code is amended to read:

Ag 10.15 Removal of bovine animals from stockyards; tuberculosis test required. No person shall remove any bovine animal from the stockyards of a slaughtering establishment or from a federally inspected public stockyards as defined in title 9, section 78.1 (k), Code of Federal Regulations, unless it is accompanied by a report of negative tuberculosis test conducted not more than 30 days prior to such removal. This section shall not apply to animals removed to another such stockyards; calves under 8 months of age; steers; or feeder cattle received and held separately and apart from other animals at such federally inspected public stockyards. Facilities used for the receiving and holding of feeder cattle under this exception shall be reasonably isolated from other areas used for slaughter animals, and unless used for feeder cattle only, shall be thoroughly cleaned and disinfected prior to use under the supervision of the veterinary inspector in charge at the stockyards.

The amendment of rules contained herein shall take effect on February 1, 1965.

Dated: December 4, 1964.
