

Ag 10

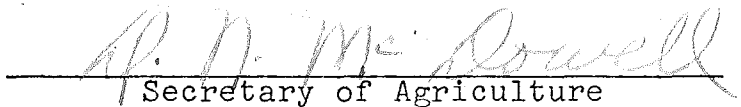

STATE OF WISCONSIN)
) SS
DEPARTMENT OF AGRICULTURE)

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETING:

I, D. N. McDowell, Secretary of Agriculture, and custodian of the official records of the Department of Agriculture of the State of Wisconsin, do hereby certify that the annexed order amending section Ag 10.02 (1) of the rules relating to animal health, Wis. Adm. Code chapter Ag 10, was duly issued by this department on January 30, 1968.

I further certify that said copy has been compared by me with the original on file in this department and that the same is a true copy thereof, and of the whole of such original.

IN WITNESS WHEREOF, I have hereunto set my hand at Madison, Wisconsin, this 30th day of January, 1968.

Secretary of Agriculture

Docket No. 784.

ORDER OF THE DEPARTMENT OF AGRICULTURE
AMENDING RULES

Pursuant to authority vested in the Department of Agriculture by sections 93.07 (1) and (10) and chapter 95, Wis. Stats., the Department of Agriculture hereby amends rules as follows:

Section Ag 10.02 (1) of the Wisconsin administrative code is amended to read:

Ag 10.02 (1) Health certificate; brucellosis and tuberculosis tests. Except as provided in subsections (2) and (3) hereof, no person shall import bovine animals into this state unless they are accompanied by an interstate health certificate including thereon a report of negative brucellosis and tuberculosis tests conducted within 30 days of entry. Brucellosis tests conducted pursuant to this section shall be by the tube test method, except that the brucellosis card test may be substituted for tests required as a condition of entry. In addition, cattle originating in a non-modified certified brucellosis area shall be imported into this state only under a permit issued by the department. Such cattle shall be held in quarantine at the premises in this state to which they were originally consigned until they are negative to another brucellosis test conducted not less than 30 days after the previous test nor more than 45 days after the date of shipment. This section shall not apply to animals shipped directly to slaughtering establishments or public stockyards inspected by the federal bureau, provided the animals are accompanied by a waybill or similar document; steers;

calves under 8 months of age; or feeder cattle which enter in compliance with Wis. Adm. Code section Ag 10.03. Tests for brucellosis shall be conducted in a state or federally approved laboratory. A copy of each health certificate, approved by the chief livestock sanitary official of the state of origin of the shipment, shall be filed with the department.

The amendment of rules contained herein shall take effect as provided in section 227.026, Wis. Stats.

Dated: January 30, 1968.
