(1) Horicon zone Canada goose hunting permit and tag:

1. It is unlawful to hunt Canada geese in the Horicon zone without being in possession of a special combined goose hunting permit, metal goose tag and report card and valid state hunting license.

Each person desiring to hunt Canada geese in the Horicon zone shall apply for a special combined goose hunting permit, metal tag and report card. Only holders of the current valid hunting license may apply. The application form shall contain the applicant's full name, current address and hunting license number. It shall be unlawful for any person to submit more than one application per year or an application containing false information. Applications will be available at most department stations and county clerks' offices.

2. To be valid, the permit, tag and report card must remain attached together until a Canada goose is killed. When a Canada goose is killed and before it is carried by hand or transported in any manner, the metal tag with the permit remaining attached, must be locked through the nostrils of the goose. The permit must then be validated by tearing or cutting out notches designating the month, day and time of kill. Failure to follow the validation procedure in this manner invalidates the permit. Any permit, tag and report card which is detached prior to the kill is an invalid permit.

The permit and tag must remain attached to the Canada goose until it reaches the abode of the permit holder. The Canada goose must be transported in a motor vehicle in such a manner that the permit and tag attached to the goose cannot be handled or manipulated by any occupant of the vehicle. The permit, tag and report card are not transferable or replaceable and may not be reused.

3. Each person hunting in the Horicon zone must report on tag use or nonuse on the report card provided within 12 hours after a Canada goose is killed or the close of the period, whichever occurs first.

In the Horicon zone the hunting period and number of valid permits and tags issued will be as follows:

Hunting period	Number of permits and tags issued
October 9-26 (inclusive)	28,000

SECTION 2 - NR 10.01 (1) (o) is created to read:

(o) No person shall hunt migratory waterfowl, coot, rails or gallinules in open water except as provided in NR 10.12(2)(b), Wis. Adm. Code, in the waters of the Mississippi river lying westerly of the Burlington Northern railroad wherein it borders on Vernon county during the period beginning October 15 and continuing through the end of the duck season.

SECTION 3 - NR 10.06 (2) (d) is amended to read:

(d) Waterfowl Hunting Hours. 1. The hunting hours for waterfowl shall be the same as for small game hunting as determined in (b) above. Rails, gallinule and jacksnipe are included in this subsection.

2. General Hunting Hours C.S.T.
