

Ag 10

STATE OF WISCONSIN )  
DEPARTMENT OF AGRICULTURE, ) SS  
TRADE & CONSUMER PROTECTION )

TO ALL TO WHOM THESE PRESENTS SHALL COME, GREETINGS:

I, Willis E. Lyle, Administrator, Animal Health Division, and custodian of the official records of said Division do hereby certify that the annexed order amending and adopting rules relating to the use of rabies vaccine and a distinctive tag for use on brucellosis vaccinates, Wis. Adm. Code Chapter Ag 10, was duly adopted by the Department on September 6, 1978.

I further certify that said copy has been compared by me with the original on file in the Department and that the same is a true copy thereof, and of the whole of such original.

IN WITNESS WHERE, I have hereunto set my hand at Madison, Wisconsin, this 6<sup>th</sup> day of September, 1978.

*Willis E. Lyle*

ORDER OF THE STATE OF WISCONSIN  
DEPARTMENT OF AGRICULTURE, TRADE AND CONSUMER PROTECTION  
AMENDING AND ADOPTING RULES

Pursuant to the authority vested in the State of Wisconsin Department of Agriculture, Trade and Consumer Protection by sections 93.07(10) and 95.20, Wisconsin Statutes, the State of Wisconsin Department of Agriculture, Trade and Consumer Protection hereby amends and adopts rules as follows:

1. Section Ag 10.01(12) of the Wis. Adm. Code is amended to read:

Ag 10.01(12) "Interstate health certificate" is a written certification for the interstate movement of animals, executed by an accredited veterinarian of the state of origin, showing the name and address of the consignor and consignee and certifying that animals identified thereon have been inspected and no evidence of infectious or contagious disease was disclosed.

2. Section Ag 10.01(23) of the Wis. Adm. Code is amended to read:

Ag 10.01(23) "Official vaccinate" is a female bovine animal of a dairy breed vaccinated by a licensed veterinarian against brucellosis with an approved brucella vaccine when it was between 60 and 179 days of age or a female bovine animal of a beef breed vaccinated by a licensed veterinarian against brucellosis with an approved brucella vaccine when it was between 60 and 299 days of age, which vaccination has been reported to the department as required under s. 95.46, Stats.

3. Section Ag 10.01(25) of the Wis. Adm. Code is amended to read:

Ag 10.01(25) "Accredited veterinarian" means a veterinarian who has been accredited and specifically authorized by the federal bureau to conduct official

tests, inspections, treatments, vaccinations or perform other animal disease eradication or control functions as provided under state or federal animal health laws.

4. Section Ag 10.07 of the Wis. Adm. Code is amended to read:

Ag 10.07 Dogs, import. No person shall import any dog over 6 months of age into this state unless it is accompanied by an interstate health certificate containing a record of vaccination for rabies. The record shall show that the dog has been vaccinated by a licensed veterinarian in accordance with age and time standards and label instructions approved by the federal bureau for the type of a vaccine used, and that the time for revaccination or repeat vaccination has not expired prior to entry.

5. Section Ag 10.21(1) and (2) of the Wis. Adm. Code is amended to read:

Ag 10.21 Identification of bovine animals. (1) IDENTIFICATION TAG.

(a) Every veterinarian, in conjunction with the testing of bovine animals for brucellosis, tuberculosis, or anaplasmosis, or the vaccination of or the identification of bovine animals, shall insert an identification tag, of a type approved by the department, in the right ear of each animal which is not otherwise identified with such an ear tag. In the case of an animal registered with a purebred association the registry or tattoo number assigned to the animal by such association may be used for identification in lieu of an identification tag.

(b) No person shall insert any ear tag in the right ear of any bovine animal without authorization from the department except as otherwise provided under this chapter.

(2) OFFICIAL VACCINATES: TATTOO AND TAG. Official vaccinates shall be identified by the veterinarian performing the vaccination by applying a tattoo to the inner surface of the right ear and inserting an orange colored identification tag in the right ear of the animal vaccinated. The tattoo and orange colored tag shall be as approved by the department and be used in the identification of official vaccinates only at the time of vaccination.

(a) The tattoo shall consist of a numeral or letter representing the month the animal was vaccinated followed by a symbol in the form of a shield containing the letter "V" and immediately thereafter the last numeral of the year in which the animal was vaccinated. The numeral or letter for animals vaccinated during the months of January through September shall consist of the number of the month, 1 through 9, in which vaccinated, and for the months of October, November and December, the letters O, N and D, respectively.

(b) The orange colored tag shall contain the prefix "35", followed by the letter "V" and a serial number. The orange colored tag shall not be replaced if lost or removed.

6. Section Ag 10.21(4)(d) of the Wis. Adm. Code is created to read:

Ag 10.21(4)(d) Back tags issued by the department to identify animals shall not be removed without authorization from the department.

The rules contained herein shall take effect as provided in section 226.026, Wis. Stats.
