ORDER OF ADOPTION

Pursuant to authority vested in the Department of Industry, Labor and Human Relations by section(s) 103.905(1), Stats., the Department of Industry, Labor and Human Relations hereby creates; amends; repeals and recreates; and repeals and adopts rules of Wisconsin Administrative Code chapter(s):

Ind. Ind 201.07(8)(f) Migrant Labor
(Number) *(Title)*

The attached rules shall take effect on the first day of the month following publication in the administrative register, pursuant to section 227.026, Stats.

Adopted at Madison, Wisconsin, this 25th day of August, A.D., 19 82.

DEPARTMENT OF INDUSTRY, LABOR AND HUMAN RELATIONS

James J. Fosberg
Secretary

Pursuant to s. 103.905(1), Stats., the Department of Industry, Labor and Human Relations hereby adopts rules interpreting s. 103.92(3), Stats., as follows:

SECTION 1. Ind 201.07(8)(f) is created to read:

Ind 201.07(8)(f) 1. To insure that the housing site is not subject to a hazardous condition arising from pesticide application, the camp operator shall give notice to camp occupants immediately or as soon as reasonably possible, of the aerial application of pesticides on immediately adjacent land, as defined in ch. Ag. 29, Wis. Adm. Code, which is owned or controlled by another party, such notice having been received by the camp operator. Camp operators shall request this notice from persons who own or control adjacent land.

2. To insure that the housing site is not subject to a hazardous condition arising from pesticide application, the camp operator shall provide to camp occupants advance notice of at least 24 hours of any pesticide application on any land adjacent to the camp which is owned or controlled by the camp operator. If the application date or time is changed so that the application will occur before or after the intended date or time specified in the original notice of application, a new notice shall be given as soon as possible prior to the application. In this subdivision, "adjacent land" means land within 250 feet of the housing site, including land separated from the camp by a roadway.

3. As used in subds. 1. and 2., notice shall be given in English and in the language of the camp occupants, if other than English, by posting a written statement on a camp bulletin board or at the location where the camp occupants report for work in a place where it can be easily seen by the camp occupants. The notice shall include, but not be limited to: the intended date and time of application, the location of the land on which the pesticide is expected to be applied, the trade or common name of the pesticide and a statement from the pesticide label of the practical treatment for potential side effects, including but not limited to emergency first aid measures and information for physicians on treatment of poisons.

SECTION 2. EFFECTIVE DATE. Pursuant to s. 227.026(1)(intro.), Stats., this rule shall take effect on the first day of the month following the date of publication in the administrative register.

(end)
