History: Cr. Register, April, 1983, No. 328, eff. 5-1-83.

Ag 56.02 Labeling food products made to resemble dairy products. (1) The statement "this is an artificial dairy product" or "an artificial dairy product" shall be placed in the upper 30% of the principal display panel of the package or container of all artificial dairy products as defined in s. Ag 56.01 (5). The print size shall be not less than one-half the size of the product name, but in no case less than 18 point type, and the letters shall be of the same color and on the same contrasting background as the product name.

(2) The product name shall be in bold face type on the principal display panel and in lines generally parallel to the base of the container or package.

(3) The type size requirement of this chapter shall not apply to individual serving size packages of artificial dairy products of one ounce or less served with meals in restaurants, institutions or on passenger carriers provided all required information is on the label in type of at least 1/16 inch in height.

History: Cr. Register, April, 1983, No. 328, eff. 5-1-83; reprinted to correct error in (3), Register, May, 1983, No. 329.

Ag 56.03 Ingredient and nutritional values. (1) A food product made to resemble a dairy product as defined in s. Ag 56.01 (2) shall include on the principal display panel a statement which will provide the major ingredient differences between the food product and the dairy product it resembles.

(a) The information shall state the difference in the basic ingredients used to replace any "milk ingredient" as defined in s. Ag 56.01 (3).

(b) The information regarding major ingredient differences shall be in type size which is 25% of the name of the food product, but not less than 1/8 inch in height.

(2) A nutritional panel shall be provided and shall indicate in comparative columns the nutritional differences between the artificial dairy product and the dairy product it resembles.

(a) The comparison shall include calories, protein, carbohydrates and fat in grams per serving and nutrients as a percent of the U.S. RDA for protein, Vitamin A, Vitamin C, thiamine, riboflavin, niacin, calcium and iron in that order. The following optional nutrients may also be declared: Vitamins D, B6 and B12, phosphorus, iodine, magnesium, zinc, biotin, and pantothenic acid. If any optional nutrients are declared, the comparison panel shall list all of the optional nutrients and the amount present for each, expressed as a percent of the U.S. RDA.
