G-53-82

Analysis Prepared by Department of Natural Resources

The changes proposed in this order are intended to clarify, recodify and correct existing hunting and trapping regulations for the 1983 hunting and trapping seasons. The major changes are:

1. Clarification of the definition of "liquid" associated with liquid scent baiting. The current definition is too open to interpretation and causes confusion. The proposed definition is more concise.
2. Creation of uniform tagging instructions for archery and gun deer hunting. A no-tear paper product has been used experimentally for archery deer carcass tags for the past 3 years. The new material is superior to metal tags.
3. Update of assessment fees for game farms consistent with s. 29.65, Stats. The fees are assessed for animals on game farm lands at the time of licensing.

Pursuant to the authority vested in the State of Wisconsin Natural Resources Board by ss. 29.02(1), 29.174(1), 29.40(1), 29.544(2), 29.65(1), 227.014(2)(a) and 227.02(1)(e), Stats., the State of Wisconsin Natural Resources Board hereby repeals, renumbers, amends, repeals and recreates, and creates rules interpreting ss. 29.085, 29.174, 29.574(3) and 29.544, Stats., as follows:
