ORDER OF THE DEPARTMENT OF ADMINISTRATION AMENDING RULES

RECEIVED

Relating to rules concerning Population Determinations.

OCT 1 8 1983

Revisor of Statutes Bureau

To repeal Adm 3.05, 3.06 and 3.07; to repeal and recreate Adm 3.01, 3.02, 3.03(1) and (2) and 3.04, relating to Population Determinations of the Wisconsin Administrative Code.

Analysis prepared by the Department of Administration:

Section 16.96, Stats., requires the Department of Administration to determine statewide annual population estimates for use in the determination of state revenue sharing distributions under Chapter 79, Stats. The rules are amended to clearly outline the department's process for the preparation of the preliminary population determination, the appeal process to challenge that determination and the preparation of the final population determination. Section Adm 3.05 is being repealed because notification of the final population determination is included in section Adm 3.04. Sections Adm 3.06 and 3.07 are repealed to remove outdated information from the rules.

Pursuant to the authority vested in the Department of Administration by ss. 16.004(1) and 227.014(2)(a), Stats., and in interpretation of s. 16.96, Stats., the Department of Administration hereby amends rules as follows:

SECTION 1. Adm 3.01, 3.02, 3.03(1) and (2) and 3.04 are repealed and recreated; SECTION 2. Adm 3.05, 3.06 and 3.07 are repealed to read:

(as stated in the material attached)

The rule amendments contained in this order shall take effect as provided in s. 227.026(1)(intro.), Stats.

Dated: 10
