.....  
IN THE MATTER of repealing s. NR 40.03(1)(g);  
renumbering s. NR 40.05(3)(a); renumbering  
and amending s. NR 40.05(3)(b); amending

(f), 40.07(1)(d) and (e), and 40.09; and  
creating s. NR 40.03(2) of the Wisconsin  
Administrative Code pertaining to state  
forest boundaries  
.....

Fo-51-83

Analysis Prepared by Department of Natural Resources

Chapter NR 40, Wis. Adm. Code, is being revised to reflect actions previously taken by the Natural Resources Board. The revisions include:

1. Four boundary revisions are made for the Black River state forest. Three of the revisions exclude 1,335 acres of privately owned land. This land is developed and includes the village of Millston, a developed area west of the Black river and the Winnebago Indian Mission area. The fourth revision adds 200 acres in Clark county which is contiguous with the present state forest boundary.

2. The Northern Highland state forest boundary is being changed in two locations to exclude 1,085 acres. One exclusion is north of Boulder Junction and the other is north of Manitowish Waters. Of this acreage, 355 acres is state-owned and will be used for trading to acquire lands within the state forest boundary.

3. A boundary extension is proposed for the Flambeau River state forest encompassing 707.94 acres. This addition includes Bass Lake and a minimum of 1/4 mile surrounding the lake.

4. The changes for the Governor Knowles state forest (formerly the St. Croix River state forest) are to correct errors and omissions of legal descriptions and to simplify some wording. The property boundaries are not changed.

---
