ORDER OF THE NATURAL RESOURCES BOARD
RENUMBERING, AMENDING, REPEALING AND
RECREATING AND CREATING RULES

IN THE MATTER of renumbering ss. NR 10.12(5)(d)2.d.,
10.27(2) to (4), and NR 15.023(3); amending
ss. NR 10.21(2)(f)1. and 2.; repealing and
recreating ss. NR 10.01(3)(e)7., (4)(a)3. and
10.29; and creating ss. NR 10.12(5)(d)2.d.,
10.27(2) and 15.023(3) pertaining to hunting and
trapping regulations.

G-4-85

Analysis Proposed by Department of Natural Resources

1. Turkey hunting - Department wild turkey re-stocking efforts have been very successful and a harvest in a larger area is warranted. The boundaries for zones 3 and 5 are adjusted to accommodate management needs.
2. Deer hunting - Military officials desire to provide annual gun deer season flexibility by written agreement with the Department to minimize agricultural damage problems while optimizing recreational opportunities at Ft. McCoy (Monroe Co.) and Volk Field (Juneau Co.). The Department also proposes to establish deer hunting in 2 state parks for similar reasons.
3. Trapping zones - Modifying the Mississippi River trapping zone slightly from state highway 35 to the Burlington Northern railway will increase trapping recreation because certain lands will be regulated by a more liberal trapping zone.
4. Non-toxic shot - Research has verified that non-toxic (steel) shot regulations are needed in a portion of Burnett County to eliminate lead shot depositions and minimize lead poisoning risks for waterfowl.
5. Wildlife refuge - Creating a 150-acre no entry waterfowl refuge on a state-owned wildlife area will provide a rest area for waterfowl during the hunting season.
