**NR 20.03 Season tables; open and closed seasons, size and bag limits and measurements.** (1) The open seasons specified in the following table apply to fishing in open waters and fishing through the ice, except that the department shall close the season for fishing through the ice in any inland waters when it finds after scientific investigation and study that continued fishing through the ice in specified waters would result in a depletion of the supply of game fish and that a closed season is necessary to conserve the fish supply and insure the citizens of this state continued opportunities for good fishing. The closed seasons shall be put into effect by posting a notice on or in the vicinity of the shore of the waters affected. Posting is deemed by the department to be the most feasible way of notifying the public that a closed season is in effect. The closed seasons shall remain in full force and effect so long as the waters are covered with ice and so long as posting is continued. The department may also, following scientific investigation and study, establish bag limits and size limits on the individual inland waters when it finds that the taking of fish will aid in management of the fishery and insure the citizens of this state additional opportunities for good fishing. Such special regulations shall become effective only after public informational meetings are held. The department may also establish an urban fishing program by posting the open and closed seasons on specified waters. For open seasons in specified waters see s. NR 20.04. The possession limit for each species of fish shall be double the daily bag limit specified in this chapter except that no person may have in possession or under control more than the daily bag limit while on the ice or waters or while fishing in the state of Wisconsin. The measurement of all fish taken shall be in a straight line from the tip of the snout to the utmost end of the tail fin fully extended.

(b) The department shall open the season for fishing with dip nets in any waters when it finds after scientific investigation and study that the fish populations in such waters are threatened with imminent mortality because of depletion of dissolved oxygen or other adverse habitat conditions under which fish will not survive. During such open season all species of fish may be taken by means of dip nets not more than 3 feet in diameter or 3 feet square, but no person shall have more than 25 pounds and one fish of any species of game fish of any size so taken in his possession. No person shall fish with more than one such dip net. Such open season shall be put into effect by posting a notice thereof on or in the vicinity of the shore of the waters affected, such posting being deemed by the department to be the most feasible way of notifying the public that such open season for fishing with dip nets is in effect. Such open season shall remain in full force and effect only so long as such waters are covered with ice and so long as such posting is continued.

(c) Except for streams posted pursuant to ch. NR 26, there shall be no closed season for hook and line fishing for any species of fish except sturgeon, smallmouth bass and largemouth bass on any stream tributary to Lake Michigan or Green Bay, upstream to the first dam or lake except the Kewaunee river where this rule applies upstream to the third county highway "C" bridge.

(d) During the period of October 1 to but not including the first Saturday in May of the following May, annually, upstream to the first dam or

lake on any stream tributary to Lake Michigan or Green Bay, except the Kewaunee river where this paragraph applies upstream to the third county hwy. "C" bridge, hook and line fishing is restricted to baits using a hook with a maximum gape size of one-half inch from point to shank. During this period, fishing with hook and line is prohibited between one-half hour after sunset and one-half hour before sunrise on all streams tributary to Lake Michigan and Green Bay except the Menominee river, Oconto river and its tributaries and the Fox river.

(4) **EXPERIMENTAL WATERS; PERMITS; REPORTS.** (a) It shall be unlawful for any person to take, catch or kill fish or fish for fish in the waters of Nebish, Spruce, Mystery, Escanaba and Pallette lakes situated in sections 34 and 35, township 42 north, range 7 east, and sections 1, 2, 3, 10, 11 and 12, township 41 north, range 7 east, Vilas county except under the following conditions:

1. Fishing in such waters is authorized only under permit, which may be secured at the checking stations indicated by posted signs in the immediate area.

2. Fishing in such waters is restricted to hook and line or rod and reel with fishing in Spruce lake further restricted to the use of artificial lures only and except that cisco may be taken in Pallette lake by means of dip nets or seines described under s. NR 20.11 (2).

3. The provisions of this section shall apply to such waters throughout the year.

4. All permits are valid only for the date issued and shall be turned in at the checking stations at the termination of each day's fishing activities by the fisher.

5. There is a continuous open season with no daily bag limit or size limit for all species of fish contained in these waters except in Nebish lake there shall be a 10-inch minimum size limit for smallmouth bass, no open season through 1991 for lake trout in Pallette lake and a 12-inch minimum size limit with a 2 daily bag limit on largemouth bass in Spruce lake.

6. All fish taken pursuant to this section shall be exhibited to the department or its agents at the checking station for examination, identification and marking.

(5) **FLY FISHING ONLY.** (a) It shall be unlawful for any person to take, catch, or kill fish, or fish for fish by any means other than the use of an artificial fly by the method commonly known as "fly fishing" in the following described waters:

1. *Peshigo river*—In, on or along that part of the Peshtigo river lying in Marinette county, beginning at the Johnson Falls dam in the SW 1/4 of the SE 1/4 of section 32, township 33 north, range 19 east and extending downstream to the foot of Spring Rapids in the SE 1/4 of the SE 1/4 of section 15, township 32 north, range 19 east, with a daily bag limit of 5 trout and a minimum size limit of 10 inches on trout.

2. *Wolf river*—In, on or along that part of the Wolf river lying in Langlade county, beginning at the railroad trestle in section 19, township 32 north, range 14 east extending downstream to the eastwest quarter line dividing the west half of section 33, township 32 north, range 14 east

marked by a road which runs along side the Diercks irrigation pond with a daily bag limit of 5 trout per day and a minimum size limit of 10 inches on trout.

(b) For the purpose of this section, an artificial fly means a single hook dressed with fur, feathers, hair, silk, tinsel, thread or similar material to imitate the natural food of trout.

(6) Except as otherwise specifically provided in this section, the open and closed seasons and other regulations established by this chapter shall apply to the area described herein.

(7) **EXPERIMENTAL TROUT STREAMS.** For the purpose of this section no person may take, catch or kill fish, or fish for fish by any means other than the use of an artificial fly by the method commonly known as "fly fishing" and with the use of artificial lures on the following streams:
