IN THE MATTER of amending s. NR  
146.07(3) of the Wisconsin  
Administrative Code pertaining to  
well driller and pump installer  
registration.

WS-40-90

Analysis Prepared by the Department of Natural Resources

Authorizing statutes: s. 162.01(1), Stats.  
Statutes interpreted: ch. 162, Stats.

Chapter NR 146 requires continuing education for all registrants. Currently six credits are required for each individual. The proposed change would replace the word "credits" with the word "hours" and would allow the department to sanction other training. In addition, the owners of registered business would not be required to complete continuing education.

SECTION 1. NR 146.07(3) is amended to read:

NR 146.07(3) CONTINUING EDUCATION. ~~(a) Each year, registrants registered persons shall earn continuing education credits~~ hours by attending training sessions sponsored or sanctioned by the department. ~~The owner of a firm, corporation or partnership which is registered by the department on the basis of employment of a Wisconsin registered well driller or pump installer shall earn continuing education credits for renewal of the firm, corporation or partnership's registration. Continuing education credits earned by a person who is also the owner of a firm, corporation or partnership registered by the department may be used for renewal of both that person's and the firm's, corporation's or partnerships registration. At least 6 credits~~ hours each year shall be earned by attending department sponsored or sanctioned training sessions. Continuing education ~~credits~~ hours shall be earned between January 1 and December 31 of each year beginning January 1, 1989.

Note: The department will consult with well drillers and pump installers in developing continuing education programs. One of the department sponsored training sessions will be held in conjunction with the annual Wisconsin water well association meeting.

~~(b) Well driller registrants shall earn a minimum of 6 continuing education credits.~~

~~(c) Pump installer registrants shall earn a minimum of 6 continuing education credits.~~

~~(d) Combined well driller and pump installer registrants shall earn a minimum of 6 continuing education credits.~~

The foregoing rule change was approved and adopted by the State of Wisconsin Natural Resources Board on October 25, 1990.

(ER ~~scribble~~)  
90-136)

The rule shall take effect the first day of the month following publication in the Wisconsin administrative register as provided in s. 227.22(2)(intro.), Stats.
