ORDER OF THE WISCONSIN GAMING COMMISSION CREATING RULES

The Wisconsin Gaming Commission proposes an order to create RACE 9.11(20) relating to pari-mutuel in Wisconsin, as a permanent rule.

ANALYSIS BY THE WISCONSIN GAMING COMMISSION

Statutory Authority: §§562.02(1)(a), 562.02(1)(b), and 562.065(1), Stats.

Statutes Interpreted: §§562.01(1)(a), 562.02(1)(b), and 562.065(1), Stats.

Section RACE 9.11(20) is created to allow a maximum to be set for the twin-trifecta pool, and to establish procedures for distribution when this cap is reached.

This concludes the analysis of 92-103.

TEXT OF RULE

SECTION 3. RACE 9.11(20) is created to read:

(20) The following procedures shall govern twin trifecta pools subject to a maximum carryover.

(a) The amount of money accumulated in the twin trifecta jackpot pool may be capped at a maximum value designated by the association and approved by the executive director. The association shall inform the board, in writing, of the maximum value of the jackpot pool no later than fourteen days prior to the opening of the race meeting. No change shall be made to the maximum value of the jackpot pool during the race meeting without prior written approval of the director.

(b) When the maximum value of the twin trifecta jackpot pool is reached during a performance in which there is no twin trifecta ticket issued accurately selecting the officially declared first three finishers of the second half twin trifecta race, in exact order, the value of the jackpot pool reached during that performance shall be capped and carried over to subsequent performances until a winning twin trifecta ticket is issued for the second half of the twin trifecta wager.

(c) After the maximum value of the jackpot pool has been reached and is capped, the net distributable pool of that performance's wagers on the twin trifecta will be distributed equally to holders of first half tickets correctly selecting the officially declared first three finishers, irrespective of any second half winning tickets.

(d) If there is no exact winning exchange ticket issued in the first half of the twin trifecta wager after the jackpot pool has been reached and capped, the net distributable pool of the total monies wagered on the twin trifecta will be distributed per RACE 9.11(7)(a) to (f).

(e) If no winner can be determined pursuant to RACE 9.11(7)(a) to (f), a refund of that day's entire twin trifecta pool shall occur and the accumulated jackpot pool shall carry over to the next performance for distribution.

(f) On the final program of the race meeting for the calendar year, if the jackpot pool has been reached and capped, it shall be distributed per RACE 9.11(a) to (d).
