Tax 3.03 Dividends received deduction - corporations. (ss. 71.22 (4) and 71.26 (2) and (3) (j), Stats.) (1) PURPOSE. This section clarifies the deduction from gross income allowed to corporations for dividends received. Dividends may be deductible due to the payor's business activity in Wisconsin, explained in sub. (3), or due to the recipient's ownership of the payor corporation, explained in sub. (4).

(2) DEFINITION. "Dividends received" means gross dividends minus taxes on those dividends paid to a foreign nation and claimed as a deduction under ch. 71, Stats.

Note: Refer to s. 71.26 (3) (j), Stats.

(3) DIVIDENDS DEDUCTIBLE DUE TO PAYOR'S WISCONSIN ACTIVITY. (a) A corporation may deduct from gross income all dividends received from a payor corporation, if the payor corporation:

1. Is subject to the Wisconsin income or franchise tax laws.

2. Filed all Wisconsin income or franchise tax returns required by law.

3. Was not entitled to deduct the dividends from gross income in computing its net income or loss for Wisconsin income or franchise tax purposes.

4. Had used 50% or more of its net income or loss, after adjustment for tax purposes, for the year preceding the payment of the dividends in computing taxable income under ch. 71, Stats., or in the case of franchise taxpayers, net income used as a measure of the franchise tax.

(b) In determining whether 50% or more of the net income or loss of the payor corporation for the year preceding the payment of the dividends was used in computing taxable income under ch. 71, Stats., or in the case of franchise taxpayers, net income used as a measure of the franchise tax, a payor corporation:

1. Which was subject to the franchise tax in the year preceding the payment of the dividends shall include interest income from the federal government and its instrumentalities.
2. Which was subject to the income tax in the year preceding the payment of the dividends may not include interest income from the federal government and its instrumentalities.

Note: Refer to s. 71.26 (3) (j), Stats.

(4) DIVIDENDS DEDUCTIBLE DUE TO OWNERSHIP. A corporation may deduct from gross income 100% of the dividends received from a payor corporation during a taxable year if both of the following occur:

(a) The dividends are paid on common stock of the payor corporation.

(b) The corporation receiving the dividends owns directly or indirectly during the entire taxable year in which the dividends are received at least 80% of the total combined voting stock of the payor corporation.

Note: Refer to s. 71.26 (3) (j), Stats.

2) Only cash dividends were deductible by the recipient in taxable years 1980 through 1986. This limitation was eliminated by 1987 Wis. Act 27.

3) For the taxable years 1980 through 1983 the deduction under sub. (4) was limited to 50% of the dividends received.

4) For the taxable year 1984 the deduction under sub. (4) was limited to 75% of the dividends received.

5) For the taxable years 1985 and thereafter the deduction under sub. (4) equals 100% of the dividends received.

(5) LIMITATIONS ON DEDUCTION. (a) If dividends received from a corporation qualify for deduction under both subs, (3) and (4), only one of the deductions may be claimed.

(b) The deduction under sub. (3) or (4) may not exceed the dividend received and included in gross income for a taxable year.

(c) Dividends received shall be reduced by foreign taxes paid on those dividends and claimed as a deduction.

(6) DIVIDENDS INCLUDABLE IN GROSS INCOME. All dividend income shall be included in full in gross income on the income or franchise tax return of the recipient, whether or not certain dividends are deductible.

(4) (c) means any state, county, municipality, or other governmental entity or public body, or agency or instrumentality thereof, which is authorized to engage in or assist in the development or operation of lower income housing, under 42 USC §1437a (b) (6).

(h) Wisconsin Housing Finance Authority bonds, 42 USC § 1437i(b).

Note: 1) This section lists examples of interest and dividends payable on state, municipal and federal obligations which are taxable and tax exempt.

2) Section 71.05 (6) (a) 1, Stats. (1987-88), previously numbered s. 71.05 (1) (a) 1, Stats. (1985-86), provides for the inclusion in Wisconsin income of natural persons and fiduciaries of any interest, less related expenses, received on state and municipal obligations.

3) Section 71.05 (6) (b) 1, Stats. (1987-88), previously numbered s. 71.05 (1) (b) 1, Stats. (1985-86), provides for the exclusion from Wisconsin income of natural persons and fiduciaries of any interest or dividend income which is by federal law exempt from taxation by Wisconsin.

4) For periods prior to August 1, 1987, interest accrued from District of Columbia Development Land Agency bonds, Export-Import Bank of the United States debentures, Farmer's Home Administration insured notes, Government National Mortgage Association bonds, Small Business Investment Company debentures and transit bonds of the Washington Metropolitan Area Transit Authority was not subject to the Wisconsin income tax if payment of principal and interest on such obligations was guaranteed by the United States. As a result of the U.S. Supreme Court decision in the case of *Rockford Life Insurance Company v. Illinois Department of Revenue et al.*, 96 L Ed 2nd 152, the Department of Revenue does not consider these financial instruments to be direct and primary obligations of the United States so as to qualify for exemption from state income taxation. Therefore, by emergency rule effective August 1, 1987, the Department of Revenue amended this rule to reverse its prior interpretation and to provide that interest which accrues on these financial instruments on or after August 1, 1987, is subject to Wisconsin income tax.

5) Subsection (4) provides that interest accrued on certain state, municipal and other local government securities issued on or before January 28, 1987, is not subject to Wisconsin income tax. This is due to the fact that no modification is provided for in Wisconsin law that would add to federal adjusted gross income from these securities if the interest has been excluded from federal adjusted gross income by any reason other than or in addition to s. 103 of the Internal Revenue Code.

6) 1987 Wis. Act 27 amended s. 71.05 (1) (a) 1, Stats. (1985-86), to provide for the addition to federal adjusted gross income of any interest not included in federal adjusted gross income, of any interest not included in federal adjusted gross income, which is not specifically exempted from state taxation. This change applies only to securities issued after January 28, 1987. Prior to this act, this addition only applied to interest excluded from federal adjusted gross income solely by s. 103 of the Internal Revenue Code.

and nondistributable interest or dividend income which is by federal law exempt from the Wisconsin income tax shall be reduced by any related expense before it is claimed as a subtraction modification on a Wisconsin fiduciary income tax return.

(2) Interest expense is a "related expense" if it is incurred to purchase securities producing exempt interest or dividend income and if it is deducted in computing Wisconsin taxable income.

(3) Interest expense is not a "related expense" if it is incurred to purchase securities producing exempt interest or dividend income but is not deducted in computing Wisconsin taxable income (for example, because the taxpayer elects the standard rather than to itemize deductions).

Note: 1) For taxable year 1987, the subtraction modification for the amount of distributable and nondistributable exempt interest and dividend income did not have to be reduced by related expenses before it was claimed on a Wisconsin fiduciary return as a result of amendment to s. 71.05 (1) (b) 1 by 1987 Wis. Act 27.

2) For taxable years prior to 1986, individual taxpayers were required to reduce the amount of interest or dividend income which was by law exempt from Wisconsin income tax by any related expense before the income was claimed as a subtraction modification on a Wisconsin individual income tax return if the related expense was deducted in computing Wisconsin taxable income.

Examples:

1) U.S. bond interest exempt from Wisconsin income tax. $ 600
   Interest which was paid on funds used to acquire exempt securities and which was claimed as an itemized deduction. 400
   Subtraction modification. $ 200

2) U.S. bond interest exempt from Wisconsin income tax. $ 400
   Interest paid to acquire the exempt securities which was claimed as an itemized deduction. 600
   Subtraction modification. $ 0

3) U.S. bond interest exempt from Wisconsin income tax. $ 400
   Interest paid to acquire the exempt securities but not claimed as an itemized deduction 600
   Subtraction modification $ 400

"(c) Except as provided in subsection (b) of this section and the Internal Revenue Code of 1954 [26 USCS §§ 1 et seq., notwithstanding any other law of the United States, or of any State ... no annuity or supplemental annuity shall be ... subject to any tax... ."

(b) (1) This section shall not operate to exclude the amount of any supplemental annuity paid to an individual under section (2) (b) of this Act [45 USCS § 231m (b)] from income taxable pursuant to Federal income tax provisions of the Internal Revenue Code of 1954 [26 USCS §§ 1 et seq.].

2) 45 USCS, § 231m prohibits states from taxing railroad retirement supplemental annuity payments. Taxpayers may make a modification to federal adjusted gross income to remove this income in computing Wisconsin adjusted gross income.

Assessment, Abatement and Refund Procedure

Tax 3.91 Petition for redetermination. (ss. 71.80 (18), 71.88 (1), 77.59 (6) and 77.61 (14), Stats.) (1) SCOPE. A person feeling aggrieved by a notice of additional assessment of income, franchise, sales, use, withholding or gift tax, by a notice of reduced homestead, farmland preservation or other credits, or by a notice of refund or denial of refund may petition the department of revenue for redetermination. This section describes the administrative provisions related to the petition for department redetermination.

(2) FORMAT OF THE PETITION. The petition for redetermination specified in ss. 71.88 (1) and 77.59 (6), Stats., shall be written, preferably typed, on only one side of plain white paper not more than 8½ inches wide by 11 inches long and shall be filed in duplicate. It shall set forth clearly and concisely the specific grievances to the assessment, refund or denial of refund, including a statement of the relevant facts and propositions of law upon which the grievance is based. Every petition shall be signed by the taxpayer or by a duly authorized representative.

(3) FILING DEADLINE. A petition for redetermination shall be filed within 60 days after receipt of a notice of additional assessment, refund or denial of refund. A petition for redetermination is not "filed" within the proper statutory 60-day time period unless it is actually received within the 60-day period, or unless it is mailed in a properly addressed envelope, with postage prepaid, the envelope is postmarked before midnight of the sixtieth day and the petition is actually received by the department within 5 days of the prescribed sixtieth day date.

(4) DEPOSIT OR PAYMENT. (a) Deposit. Any person who files a petition for redetermination may elect to deposit the amount of additional assessment, including interest and penalty, with the department of revenue at any time before the department makes its redetermination. Any deposited amount which is later refunded will bear interest at the statutory rate.

(b) Payment. A person may also pay any portion of the assessment admitted to be correct together with interest to date of payment. However, the payment shall be considered an admission that that portion of the assessment is correct. The admitted portion that is paid may not be recovered in an appeal or in any other action or proceeding.

(5) INFORMAL CONFERENCE. A taxpayer may request in a petition for redetermination or at any time before the department of revenue has acted on the petition, an informal conference at which the facts and issues involved in the assessment or determination may be discussed. The conference shall be held at a time and place determined by the department.

(6) CLOSING STIPULATIONS. If the informal conference specified in sub. (5) results in an agreement as to facts and issues and the applicable law, the taxpayer and the department of revenue may enter into a closing stipulation.

DEPARTMENT OF REVENUE

Tax 3.94 Claims for refund. (ss. 71.30 (4), 71.75, 71.80 (18), 77.59 (4) and 77.61 (14), Stats.)

(1) TIMELY FILING. Claims for refund may be filed as provided in s. 71.75 or 77.59 (4), Stats. A claim for refund is "filed" within the proper time to meet the requirements of ss. 71.75 and 77.59 (4), Stats., if it is actually in the possession of the department prior to the expiration of the limitation period, or if it is mailed in a properly addressed envelope, with postage prepaid, which is postmarked before midnight of the last day of the limitation period and is received by the department within 5 days after the last day of the limitation period.

(2) FORMAT OF CLAIM. The claim for refund shall be in writing, indicate the reporting period for which the overpayment was made and contain a statement setting forth the specific grounds upon which the claim is based. Amended return forms, form 1X for individual income tax, form 4X for corporation franchise or income tax, or form ST-12X for sales and use tax, may be used.

(3) RENEGOTIATION OF GOVERNMENT CONTRACTS. (a) The reduction of income resulting from renegotiation or price redetermination of any defense contract or subcontract is allowable as a deduction from income of the year in which the income was reported for taxation. A claim for refund filed under this subsection shall be accompanied by a verified copy of the renegotiation agreement or price determination. No interest is payable on the refund.

(b) When by reason of the allowance of amortization of war facilities over a period shorter than computed in arriving at the original renegotiation adjustment, or for any other reason, a portion of the profits originally determined to be excessive are rebated to the taxpayer by the federal government, the rebate is to be treated as a further renegotiation adjustment, and should be allocated back to the year of the income which was adjusted. Where a refund of Wisconsin income taxes due to renegotiation has previously been made, the additional taxes payable by reason of a renegotiation rebate are to be assessed without interest for the reason that the taxes constitute a return to the state of a portion of the previous refund.

Note: 1. Refer to s. 71.30 (4), Stats.

2. Forms 1X, 4X and ST-12X may be obtained by writing to the Wisconsin Department of Revenue, P.O. Box 8903, Madison, WI 53708.
