

CR 95-145

CERTIFICATE

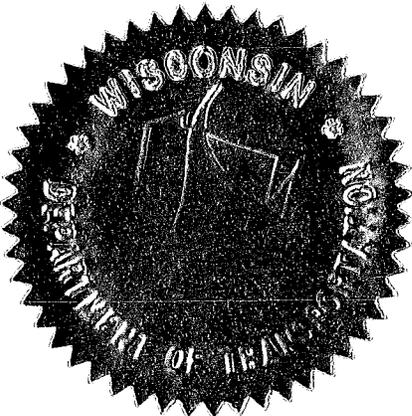

STATE OF WISCONSIN)
DEPARTMENT OF TRANSPORTATION) ss.

TO ALL WHOM THESE PRESENTS SHALL COME, GREETINGS:

I, CHARLES H. THOMPSON, Secretary of the Wisconsin Department of Transportation and custodian of the official records, do hereby certify that the rule, relating to **allowing the operation of double bottoms and certain other vehicles on certain specified highways**, was duly approved and adopted by this Department on November 30, 1995.

I further certify that this copy has been compared by me with the original on file in this Department and that the same is a true copy thereof, and of the whole of such original.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the official seal of the Department of Transportation at 4802 Sheboygan Avenue, in the City of Madison, Wisconsin, this 30 day of **November**, 1995.

Charles H. Thompson
CHARLES H. THOMPSON
Secretary

The Wisconsin Department of Transportation adopts an order to amend TRANS 276.07(5m), and 276.09(3), relating to allowing the operation of double bottoms and certain other vehicles on certain specified highways.

ORDER ADOPTING RULE

Analysis Prepared by the Wisconsin Department of Transportation

STATUTORY AUTHORITY: ss. 85.16(1) and 348.07(4), Stats.

STATUTE INTERPRETED: s. 348.07(4), Stats.

General Summary of Rule. This rule creates Trans 276.07(5m), Wisconsin Administrative Code, to add one segment of highway to the designated highway system established under s. 348.07(4), Stats. The actual highway segment¹ that this rule adds to the designated highway system is:

<u>Hwy.</u>	<u>From</u>	<u>To</u>
STH 22	USH 45 in Clintonville	STH 29 in Shawano

This rule also creates s. Trans 276.09(3) to establish a delayed effective date for the designation of STH 22 from Clintonville to Shawano.

The long trucks to which this rule applies are those with 53-foot semitrailers, double bottoms and the vehicles which may legally operate on the federal National Network, but which exceed Wisconsin's regular limits on overall length. Generally, no person may operate any of the following vehicles on Wisconsin's highways without a permit: A single vehicle with an overall length in excess of 40 feet², a combination of vehicles with an overall length in excess of 65 feet, a semitrailer longer than 48 feet, an automobile haulaway longer than 66 feet plus allowed overhangs, or a double bottom. Certain exceptions are provided under s. 348.07(2), Stats., which implements provisions of the federal Surface Transportation Assistance Act in Wisconsin.

¹ The proposed rule text often achieves these objectives by consolidating individual segments into contiguous segments with new end points. In order to determine the actual highway segment added, it is necessary to compare the combined old designations with the combined new designation.

² 45-foot buses are allowed on the National Network and Interstate system by Federal law. Section 4006(b) of the Intermodal Surface Transportation Efficiency Act of 1991.

The effect of this rule will be to extend the provisions of s. 348.07(2)(f), (fm), (gm) and (gr), and s. 348.08(1)(e), Stats., to the highway segments listed above. As a result, vehicles which may legally operate on the federal National Network in Wisconsin will also be allowed to operate on the newly-designated highways. Specifically, this means there will be no overall length limitation for a tractor-semitrailer combination, a double bottom or an automobile haulaway on the affected highway segments. There also will be no length limitation for a truck tractor or road tractor when operated in a tractor-semitrailer combination or as part of a double bottom or an automobile haulaway. Double bottoms will be allowed to operate on the affected highway segments provided neither trailer is longer than 28 feet, 6 inches. Semitrailers up to 53 feet long may also be operated on these highway segments provided the kingpin to rear axle distance does not exceed 41 feet. This distance is measured from the kingpin to the center of the rear axle or, if the semitrailer has a tandem axle, to a point midway between the first and last axles of the tandem. Otherwise, semitrailers, including semitrailers which are part of an automobile haulaway, are limited to 48 feet in length.

These vehicles and combinations are also allowed to operate on undesignated highways for a distance of 5 miles or less from the designated highway in order to reach fuel, food, maintenance, repair, rest, staging, terminal or vehicle assembly or points of loading or unloading.

Fiscal Effect. The Department estimates that there will be no direct fiscal impact from this rule making upon the state and anticipates no effect upon the fiscal liabilities or revenues of any county, city, village, town, school district, technical college district or sewerage district.

Final Regulatory Flexibility Analysis. The provisions of this rule adding highway segments to the designated system have no direct adverse effect on small businesses, and may have a favorable effect on those small businesses which are shippers or carriers using the newly-designated routes.

Copies of Rule and Contact Person. Copies of this rule are available without cost upon request to the office of the State Traffic Engineer, P. O. Box 7916, Madison, Wisconsin, 53707, telephone (608) 266-1675. For questions about this rule making, please call Mark Morrison, Regional Traffic Engineer at (608) 266-1675. Alternate formats of the rule will be provided to individuals at their request.

TEXT OF RULE

Under the authority vested in the state of Wisconsin, department of transportation, by ss. 85.16(1) and 348.07(4), Stats., the department of transportation hereby proposes an order to amend ch. Trans 276, Wisconsin Administrative Code, interpreting s. 348.07(4), Stats., relating to allowing the operation of double bottoms and certain other vehicles on certain specified highways, as follows:

SECTION 1. Trans 276.07(5m) is created to read:

	Route	From	To
Trans 276.07(5m)	STH 22	USH 45 in Clintonville	STH 29 in Shawano

SECTION 2. Trans 276.09(3) is created to read:

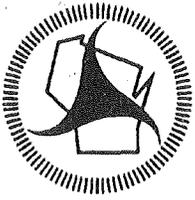

Trans 276.09(3) The treatment of s. Trans 276.07(5m) applies after the segment of STH 22 from the Waupaca-Shawano county line to Shawano is reconstructed and all detours are removed in 1996.

(END OF RULE TEXT)

Effective Date: This rule shall take effect on the first day of the month following publication in the Wisconsin Administrative Register as provided in s. 227.22(2)(intro.), Stats.

Signed at Madison, Wisconsin, this 30 day
of November, 1995.

CHARLES H. THOMPSON
Secretary
Wisconsin Department of Transportation
