Subchapter I — General

ILHR 202.001 Purpose. The purpose of this ch. ILHR 202 is to implement ss. 32.185 to 32.27, Stats., by establishing minimum standards for providing relocation payments and services to a person who moves from a dwelling, business or farm operation because of acquisition for a public project, and to assure that such persons do not suffer disproportionate costs as a result of projects designed to benefit the public as a whole. Payments required by this chapter do not affect any right to seek compensation specified in ss. 32.01 through 32.18 and 32.28, Stats. The de-

partment of industry, labor and human relations shall assure that displaced persons are treated uniformly, fairly and equitably.

History: Cr. Register, March, 1986, No. 363, eff. 4-1-86; am. Register, November, 1989, No. 407, eff. 12-1-89.

ILHR 202.002 Applicability. (1) Chapter ILHR 202 applies to the following:

(a) A public project conducted by any agency under s. ILHR 202.01 (13) which may or shall displace any person from real property regardless of the source of funds, federal regulations, or the date the project was formally adopted, approved, funded or started;

(b) A displacement under par. (a) resulting from initiation of negotiations which begins after April 2, 1989.

History: Cr. Register, March, 1986, No. 363, eff. 4-1-86; am. (1) (b), Register, November, 1989, No. 407, eff. 12-1-89.

ILHR 202.01 Definitions. In this chapter:

(1) "Acquisition" means:

(a) A property purchased by an agency by any legal means including a negotiated sale and exercise of eminent domain; or

(b) A tenant-occupied unit where possession or use is denied to the occupant under a rehabilitation, code enforcement or other program or project being carried out with public financial assistance.

(2) "Agency" means a displacing agency, under sub. (13).

(3) "Average annual net earnings" means one half of the net earnings of a business or farm operation, before federal and state income taxes, during the 2 taxable years preceding the taxable year of the displacement, or another period an agency determines more equitable. It includes compensation paid by a business or farm operation to an owner, spouse or dependents. Owner, as used under this subsection includes a sole proprietorship, a principal partner of a partnership, and a principal stockholder of a corporation. Stock held by a spouse and dependent children shall be treated as one principal stockholder.

(4) "Average monthly income" means, for determining financial means, the annual gross income of an individual or the adults in a family, including salaries, wages, public assistance payments, tips, commissions, unemployment payments, rents, royalties, dividends, interest, profits, pensions, annuities, and other income, divided by 12.

(7) "Comparable replacement business" means a replacement business currently available to a displaced person and, when compared with the acquired business:

- (a) Meets applicable federal, state or local codes;
- (b) Is adequate for the needs of a business and suited for the same type of business;
- (c) Is similar in major characteristics and functionally equivalent with respect to:

1. Condition, state of repair, land area and building square footage required;

2. Access to transportation necessary for the business operation, customers, utilities and public services.

(d) Is in an area free of adverse environmental conditions which may cause significant impairment of the business.

(e) Is within reasonable proximity of the acquired business if necessary to retain existing or new clientele.

(8) "Comparable replacement dwelling" means a dwelling which is currently available to the displaced person and, when compared with the dwelling being acquired:

(a) Is adequate for the person and is decent, safe and sanitary under s. ILHR 202.04.

(b) Is functionally equivalent and substantially the same as the acquired dwelling, with respect to:

1. Area of habitable living space, number and size of rooms and closets, and the size and utility of any garage or outbuilding within the immediate surrounding yard;

2. Type of construction, age and state of repair;

3. In an area not less desirable than the acquired dwelling with respect to public utilities, public and commercial facilities and neighborhood conditions, including schools and municipal services, and is accessible to the person's place of employment;

(c) Is available to the person regardless of sex, race, color, handicap, religion, national origin, sex or marital status of the person maintaining a household, legal sources of income, age, ancestry, sexual orientation or other applicable federal, state or local fair housing laws.

Note: The comparable must be available to the person being displaced. For example, a dwelling may not be selected as a comparable for a family with children, when the owner does not rent to families with children.

(d) Is available within the financial means of the displaced person.

(9) "Comparable replacement farm operation" means a replacement farm operation currently available to a displaced person and, when compared to the acquired farm operation:

(a) Meets applicable federal, state or local codes;

(b) Is adequate for the needs of the farmer and suited for the same type of farm operation;

(c) Is similar in major characteristics and functionally equivalent with respect to:

1. Type of farm operation, condition, and state of repair of farm buildings;

(d) Is in an area free of adverse environmental conditions which may cause significant impairment of the farm operation;

(e) Is within reasonable proximity of the acquired farm operation to the extent necessary for the farm operation.

(10) "Conventional financing" means, for determining a down payment assistance payment, a loan or promissory note secured by a mortgage made by a financial institution and not insured or guaranteed by an agency of the state or federal government, or any other private insurer.

(12) "Direct loss of property" means a compensable moving expense, in addition to an expense incurred in a move of other property, payable to a displaced business or farm operation, for direct loss of tangible personal property used in a moved or discontinued operation and which is sold or abandoned rather than moved, after attempting to sell.

(13) "Displacing agency" means a condemnor, state agency, political subdivision of the state, developer or any other person carrying out a public project that causes a person to be a displaced person. An agency vested with eminent domain power under ch. 32, Stats., acquiring real property in whole or in part for a public project, is a displacing agency, regardless of whether or not any or all of the statutory or procedural steps necessary to exercise such power have been taken, or whether the property is acquired by negotiated purchase or by eminent domain. In a project being carried out by a person or entity without eminent domain power, the condemnor, state agency or political subdivision of the state that is the principal public funding source for the project, shall ensure compliance with the provisions of ch. ILHR 202.

(14) (a) "Displaced person" means any person who moves from real property or moves personal property from real property:

1. As a direct result of a written notice of intent to deny possession or use of rented property or to purchase real property, the initiation of negotiations for, or the purchase of, such real property by a displacing agency, in whole or in part, for a public project. A person is also considered to have moved because of the purchase when the person occupies a

property at the time of initiation of negotiations, but moves before acquisition, if the property is subsequently acquired;

2. As a result of denial of possession or use by the owner in anticipation of acquisition by an agency, if the removal is unrelated to a material breach of a rental agreement by the tenant. A substantial and unwarranted rent increase before acquisition by an agency shall be considered denial or use by the owner; or

3. As a result of property rehabilitation, conversion, demolition, or other related displacing activity, provided the person is:

a. A tenant occupant who will be permanently displaced and has not been offered a reasonable opportunity to occupy a suitable, decent, safe and sanitary dwelling in the same or a nearby building with actual reasonable moving cost of the move being paid by the displacing agency; or

b. A tenant occupant in a federally assisted project who is unable to continue occupancy in the displacement dwelling under terms and conditions that are reasonable as specified by the federal funding agency.

(b) "Displaced person" does not include, among others:

1. A person who moves before initiation of negotiations, unless the agency determines the person was displaced by the project;

2. A person who initially occupies the affected property after the date of its acquisition by the agency;

3. A person who has occupied the property for the express purpose of obtaining relocation benefits under this chapter;

4. A tenant-occupant of a dwelling who has been promptly notified that he or she will not be displaced by the project, provided that, if a temporary move is necessary, the temporary replacement dwelling is decent, safe and sanitary and the tenant is compensated for actual out-of-pocket expenses incurred in connection with a temporary move, including moving costs to and from the temporary dwelling, any increased rent or utility costs, and other reasonable expenses incurred;

5. A person who, after receiving a notice of relocation eligibility, is subsequently notified in writing that the person will not be displaced for the project. Such notice shall not be issued unless the person has not moved, the agency provides compensation for any expenses incurred up to the time the no displacement notice is issued and the agency withdraws any attempt to acquire the property or carry out the project affecting the property;

6. An owner-occupant who voluntarily sells a property after being informed in writing that the agency will not acquire the property by condemnation if a mutually satisfactory agreement of sale is not obtainable. In such cases, however, any tenants who occupy the property are displaced persons under this chapter;

Note: The agency may be required to obtain a waiver of relocation assistance under s. ILHR 202.12.

7. An owner-occupant who voluntarily sells a property to a displacing agency not vested with eminent domain power;

8. A person who voluntarily retains the right of use and occupancy of the real property for life following its acquisition by the agency;

9. A person who is determined to be in unlawful occupancy of the property or has been evicted for cause under applicable law before initiation of negotiations for the property. Unlawful occupancy is defined under s. ILHR 202.01 (42).

(20) "Financial means" means the standard for determining if a dwelling is affordable. A replacement or comparable dwelling is within a person's financial means when, as an owner, the monthly housing costs, including payments for mortgage, insurance, utilities and property taxes, or, as a tenant, monthly rent including comparable utility costs, minus any replacement housing payment available to a person under this chapter, does not exceed 30% of average monthly income. In lieu of the 30% of income standard in this subsection, a comparable dwelling may also be considered to be within a person's financial means if:

(a) *Owner-occupant*. The acquisition price of the comparable replacement dwelling does not exceed the sum of the payment for the acquired dwelling and the comparable replacement housing payment available under this chapter.

(b) *Tenant-occupant*. The monthly rent of the comparable replacement does not exceed the monthly rent at the displacement dwelling, after taking into account any rental assistance payment available under this chapter.

(21) "Initiation of negotiations" means:

representative and makes a written monetary offer to purchase the property; or

(b) In rehabilitation, code enforcement or related non-acquisition projects, the date a displacing agency makes its initial funding or other commitment to the project which may cause the displacement of an occupant, or the date a person receives actual or constructive notice that the person will be displaced, whichever is earlier, unless a different action or date is specified in applicable federal program regulations.

Note: Initiation of negotiations does not generally include a situation where the agency obtains only a first right of refusal to acquire that does not also include a monetary offer or establishment of a purchase price and where the agency is not otherwise committed to the acquisition of the property.

(22) "Mortgage" means a lien given to secure an advance for the unpaid purchase price of real property, together with a credit instrument secured thereby.

(23) "Moving expense-actual" means an actual and reasonable expense necessary to move a person and personal property including charges by public utilities for starting service, storage of property up to 12 months, and necessary temporary lodging and transportation.

(24) "Moving expense-fixed payment" means an alternate payment for moving. A payment for an occupant of a dwelling is based on a room schedule plus a dislocation allowance. A fixed payment for a business or farm operation is based on average annual net earnings and may not be less than \$1,000 nor more than \$20,000.

(25) "Nonprofit organization" means a corporation, partnership, individual or other public or private entity, engaged in a legal business, professional or instructional activity on a nonprofit basis and having fixtures, equipment, stock in trade or other tangible property on the premises and established as a nonprofit organization under federal or state law.

(b) An interest in cooperative housing including a right to occupy a dwelling;

(c) A contract purchaser of any of the estates or interests under this subsection;

(d) A mobile home on a permanent foundation, or a mobile home which is not decent, safe and sanitary, and cannot be moved without substantial damage or unreasonable cost or there are no replacement sites to where it can be moved;

(e) An interest other than under this subsection which is considered ownership by an agency or the department;

(28) "Owner-occupant, business", means a person who is an owner of a property being acquired, and is also the owner and operator of a business or farm operation which was conducted on the property for at least one year before initiation of negotiations to purchase the property or the date of vacation when given a notice of intent to acquire, whichever is earlier.

(29) "Person" means an individual, family, partnership, corporation, association, business or farm operation, or non profit organization under this chapter. Two or more persons who are tenants of the same dwelling shall be treated as one person.

(30) "Personal property" means tangible property located on real property but not acquired by an agency.

It is occupied by a person for a substantial period of time before initiation of negotiations. 1. Real property acquisition;
2. Housing or commercial rehabilitation or conversion;
3. Demolition within a designated redevelopment or blight removal area established by formal local government action on or after April 2, 1989; or
4. Another related public construction or improvement project receiving federal financial assistance covered under federal relocation regulation.

(b) "Public project" does not include, among others:

1. Any public guarantee or insurance;
2. Any interest reduction payment or loan to an individual in connection with the purchase and occupancy of a property by the individual.

3. Acquisition of property under tax foreclosure proceedings, provided a tenant-occupant is not displaced for a public project related to the acquisition;

4. Direct acquisition by a federal agency carrying out a federal program or project;

5. Demolition activity accomplished on a random basis if there is no planned public project for the property affected; or

6. A private project which is able to proceed as a result of governmental zoning changes, variances or related actions.

(34) "Real property" means land and improvements on and to the land, estates in land, and fixtures or other personal property directly connected with the land.

(35) "Relocation payment" means a payment under this chapter, including actual moving expense, a fixed payment in lieu of actual moving expense, purchase, rental and interest differential payment, down payment assistance, and cost incidental to a purchase of replacement property. An agency may pay more than the minimum amounts under this chapter, provided the payments are uniform.

(36) "Relocation plan" means a document prepared by an agency and submitted to and approved by the department before any property acquisition activity begins. A plan describes the relocation assistance and payments to be provided, and indicates whether displaced persons can be satisfactorily relocated.

(42) "Unlawful occupancy" means occupancy by a person who has been ordered to move by a court of competent jurisdiction prior to initiation of negotiations for the acquisition of the property. At the discretion of the agency, persons who occupy property without permission of the owner may be considered to be in unlawful occupancy. having an unauthorized pet or withholding rent because of improper building maintenance, do not constitute unlawful occupancy.

(43) "Utility charge" means an average monthly cost for space and water heating, lighting, water and sewer, and trash removal, but not telephone service.

(2), and actual expense in searching for a replacement business as specified under sub. (3). A displaced business may be eligible for a fixed payment in lieu of actual moving expenses under sub. (4).

(1) **ACTUAL AND REASONABLE MOVING EXPENSE.** (a) *Commercial move.* An agency shall pay a person for the expense of a commercial move as specified under s. ILHR 202.52. The expense shall be supported by receipts and an inventory of the items moved.

(b) *Self-move.* 1. A person shall have the option of taking responsibility for all or a part of the move and being paid an amount equal to the lower of two acceptable bids or estimates obtained by the agency or prepared by qualified staff. An agency shall also pay a person for expenses specified under s. ILHR 202.52 when not included in a bid or estimate.

2. An agency shall pay a person for actual and reasonable expenses, supported by evidence of expense, when a bid or estimate cannot be obtained or when a large fluctuation in inventory prevents bidding. The following expenses may be included in a self-move in addition to items specified under s. ILHR 202.52:

a. A hired truck and equipment;

b. Gas and oil when a vehicle or equipment owned is used in the move and the cost of insurance and depreciation directly allocable to the move;

c. Wages for persons who assist in the move based on hours worked, not to exceed the hourly rate paid by commercial movers in the area;

d. Wages for supervisory personnel who are regular employes for time spent in overseeing the move.

3. An agency may pay a person without obtaining bids or estimates and without supporting evidence of expenses when it is estimated that the cost of the move will not exceed \$1,000.

4. A person who self-moves shall certify that the items listed were moved. The inventory of items listed as moved may not deviate to any appreciable extent from the original inventory without a corresponding increase or decrease in the agreed payment. An increase in the payment shall be based on a moved inventory normal to business operations.

(c) *Low value-high bulk property.* The agency shall pay the difference between the estimated sales value and the replacement cost of junk, sand, gravel, metal, or other low value and high bulk property used in the operation, when the estimated cost of moving is disproportionately higher than the value.

(2) **DIRECT LOSS OF TANGIBLE PERSONAL PROPERTY.** An agency shall pay a person for direct loss of tangible property which a person may move but does not, provided the person makes a good faith effort to sell the property. Selling expense and sale proceeds shall be supported by receipts or records. Payment shall be determined as follows:

(a) The payment, when an operation is to be reestablished and an item of personal property used in the operation is not moved but replaced with a comparable item at the new location, shall be the lesser of:

1. The replacement cost, minus the net proceeds of the sale. Trade-in value may be substituted for net proceeds when applicable;

2. The estimated cost of moving the item to a replacement site;

(b) The payment, when an operation is to be discontinued or an item is not replaced in a reestablished operation, shall be the lesser of:

1. The difference between the market value of the tangible property for continued use at its location before displacement, less the net proceeds of the sale;

2. The estimated cost of moving the item to a replacement site;

(c) A payment for loss of an item abandoned because it wasn't sold may not be more than its market value for continued use before displacement, or the estimated cost of moving the item, whichever is less, plus

the cost of the attempted sale, irrespective of the cost to an agency for removing the item.

(d) An agency shall pay a person for direct loss of tangible property when it is abandoned and no effort was made to sell the property, provided the agency determines a sale was not practicable.

(e) The cost to an agency for removal of tangible property may not be considered an offsetting charge against other relocation payments.

(3) **ACTUAL AND REASONABLE EXPENSE IN SEARCHING FOR A REPLACEMENT BUSINESS.** An agency shall pay a person for actual and reasonable expense in searching for a replacement business. The expense shall include transportation, food and lodging away from home and the value of time spent in searching, including any fee paid to a real estate agent or broker, providing a commission was not paid to the agent or broker by the seller.

(a) *Receipted bills.* All expense claimed except the value of time spent in searching shall be supported by receipts.

(b) *Time spent in searching.* Payment for time spent in searching may not exceed \$30 per hour, unless approved by the agency. A certified statement of time spent, the hourly rate, and the replacement locations considered, shall support a claim.

(c) *Payment amount.* A search payment may not exceed \$1,000, unless it is determined by an agency that a greater amount is necessary.

(4) **PAYMENT IN LIEU OF ACTUAL AND REASONABLE MOVING EXPENSE.** An agency shall pay a person who discontinues or relocates a business, at a person's option, a fixed payment in lieu of actual moving and related expense, and reestablishment expenses under s. ILHR 202.67. The fixed payment shall be equal to the average annual net earnings of the business, but not less than \$1,000, nor more than \$20,000, if the following requirements are met:

(a) *Loss of patronage.* A person is unable to relocate without a substantial loss of existing patronage as specified under s. ILHR 202.01 (18). A business shall be assumed to meet the loss of patronage test, unless the agency demonstrates that the business will not suffer a substantial loss of existing patronage, and shall consider the following:

1. The type of business and nature of the clientele may require a location near the displacement property and a suitable replacement site may not be available;

2. The replacement sites may create a significant financial burden on the business not otherwise compensable;

3. A person may incur substantial uncompensated expense, in downtime, the need to borrow additional capital, the allocation of other resources for a new operation, substantial change in method of operation or related expense;

4. A person is unable to relocate to the rental properties available and remain competitive;

5. The age or physical condition of a person or the need to be near a residence may make reestablishment of the business impractical.

(b) *Number of businesses.* The business is not part of a commercial enterprise having more than 3 other establishments not being displaced and engaged in the same or similar business under the same ownership.

(c) *Rental business.* The business is not operated at the displacement dwelling or site solely for the purpose of renting to others.

(d) *Payment determination.* The payment shall be based on the average annual net earnings of the business as specified under s. ILHR 202.01 (3).

(e) *In business less than 2 years.* A business in operation for less than 2 years, shall qualify for a payment. The payment shall be based on a 12 consecutive month period, or by dividing the net earnings by the number of months in operation when operated less than 12 consecutive months.

(f) *Owner verification of income.* A business owner shall verify net earnings if claiming a payment in excess of \$1,000. Income tax records shall be acceptable evidence of earnings.

(4) provided the business suffers a substantial loss of patronage and discontinues the business within 2 years of the date of payment for moving expense.

ILHR 202.56 (1), (2) and (3).

(2) **PAYMENT IN LIEU OF ACTUAL AND REASONABLE MOVING EXPENSE.** An agency shall pay a person who discontinues or relocates a farm operation, at the person's option, a fixed payment in lieu of actual moving and related expense and reestablishment expenses under s. ILHR 202.67. The fixed payment shall be equal to the average annual net earnings of the farm operation, but not less than \$1,000, nor more than \$20,000, if the following requirements are met:

(a) *Entire farm affected.* The entire farm operation is discontinued or relocated; or

(b) *Partial acquisition.* A farm operation shall be eligible in a partial taking, when:

1. The property remaining after the acquisition is no longer an economic unit for the same type of farm operation;

2. The acquisition caused displacement of a person from a farm operation on the remaining land; or

3. The acquisition caused substantial change in the nature of the farm operation.

(c) *Payment determination.* The payment shall be based on the average annual earnings of a farm operation as specified under s. ILHR 202.01 (3).

(d) *In operation less than 2 years.* A farm in operation for less than 2 years shall qualify for a payment. The payment shall be based on a 12 consecutive month period, or by dividing the net earnings by the number of months in operation when operated less than 12 consecutive months.

(e) *Owner verification of income.* The farm operator shall verify net earnings if claiming a payment in excess of \$1,000. Income tax records shall be acceptable evidence of earnings.

ILHR 202.56 (1), (2) and (3).

(2) **PAYMENT IN LIEU OF ACTUAL MOVING EXPENSE.** An agency shall pay a discontinued or relocated nonprofit organization at the organization's option, a fixed payment in lieu of actual moving and related expense and reestablishment expenses under s. ILHR 202.67. The fixed payment shall be equal to the average annual difference between gross revenues and administrative expenses for the 2 year period before displacement, but not less than \$1,000, nor more than \$20,000, if the organization is unable to relocate without a substantial loss of existing membership or clientele. A nonprofit organization is assumed to meet this test unless the agency demonstrates otherwise.

(3) **SIGN A PART OF OTHER DISPLACED BUSINESS.** The requirements in this section do not apply to an advertising sign owned by and located on a business or farm operation being displaced. The sign, including a sign eligible under s. ILHR 202.50 (3), are considered items of the business or farm operation and shall be included as part of the moving expense payment.

(4) **DIRECT LOSS OF PERSONAL PROPERTY.** An agency shall pay a person for direct loss of tangible property when a person does not relocate a sign. The payment shall be the depreciated reproduction cost of the sign as determined by the agency or the estimated cost of moving the sign, whichever is less.

(5) **PAYMENT IN LIEU OF ACTUAL AND REASONABLE MOVING COSTS.** At the person's option, an agency shall pay a person who discontinues or relocates an outdoor advertising sign, a fixed payment in lieu of actual moving and related expenses and reestablishment expenses under s. ILHR 202.67. The fixed payment shall be equal to the average annual net earnings of the sign, but not less than \$1,000 nor more than \$20,000, if the person meets the loss of patronage requirement under s. Subchapter V — Replacement Housing Payment

ILHR 202.68 General. This section describes the general requirements for a replacement housing payment to a person displaced from a dwelling. A person is not required to relocate to the same owner or tenant occupancy status, but has other options as specified under this subchapter. An agency shall make one replacement payment for each dwelling unit, except in the case of joint occupancy of a single family dwelling as specified under sub. (7) (d).

(1) **ELIGIBILITY REQUIREMENTS.** (a) *Persons who meet length of occupancy requirements.* An owner or tenant occupant displaced from a dwelling shall be eligible for a replacement housing payment under this sub-

Register, November, 1989, No. 407

chapter, if the person occupied the dwelling 180 days before initiation of negotiations if an owner, or 90 days if a tenant, except that a 90-day owner may qualify for a tenant replacement payment.

(b) **PERSONS WHO DO NOT MEET LENGTH OF OCCUPANCY REQUIREMENTS.** A person who occupies real property before its acquisition, but does not meet the length of occupancy requirements in par. (a), may receive a payment equal to the difference between 30% of the person's average monthly income and the monthly housing costs of a replacement dwelling, for a period of 48 months, if a replacement rental is not otherwise available within 30% of the person's average monthly income.

(2) **DELAYED OCCUPANCY FOR CONSTRUCTION AND REHABILITATION.** A person who contracts for the construction or rehabilitation of a replacement dwelling, but cannot occupy it within the time period as specified under s. ILHR 202.70 (1) (b), shall be considered to have purchased and occupied the dwelling as of the date of the contract. A replacement payment may be deferred until occupancy, provided the agency makes payment into an interest-bearing escrow account for release to a person upon occupancy. An agency may pay the person before occupancy provided the agency is assured that occupancy will occur.

(3) **PRIOR OWNERSHIP OF REPLACEMENT DWELLING OR LAND.** An agency shall make a replacement payment to a person based on a dwelling or site owned by the person before acquisition, if the person occupies the replacement within the time limit as specified under s. ILHR 202.70 (1) (b), and the dwelling is decent, safe and sanitary. The fair market value of the land and the dwelling at the time of displacement shall be used as the actual cost in determining the payment.

(4) **HOUSING INSPECTION.** (a) *Person moves to decent, safe and sanitary.* a replacement payment to a person after finding a replacement to be decent, safe and sanitary as specified under s. ILHR 202.04.

(b) *Person moves to non-decent, unsafe or unsanitary.* 1. An agency shall assist in correcting deficiencies and, when necessary, refer a displaced person to other decent, safe and sanitary housing, before terminating assistance or denying a replacement housing payment.

2. An agency shall notify a displaced person in writing within 10 days of an inspection regarding deficiencies to be corrected to receive payment, and shall make the payment when deficiencies are corrected, or a person moves to another decent, safe and sanitary dwelling.

(5) **STATEMENT OF ELIGIBILITY TO A LENDER.** An agency, upon request of a person to be relocated, shall inform an interested person or mortgage lender that the person shall be eligible for a replacement payment upon the purchase or rent and occupancy of a decent, safe and sanitary dwelling within the applicable time limit.

(6) **ADVANCE PAYMENT IN A CONDEMNATION CASE.** An agency shall promptly pay a replacement housing payment. An advance payment shall be made when an agency determines the acquisition payment will be delayed because of condemnation proceedings. An agency's maximum offer shall be used as the acquisition price for calculating the payment. The payment shall be contingent on a person signing an affidavit of intent that:

(a) The agency shall re-compute a replacement payment using the acquisition amount set by the court;

(b) The person shall refund to an agency the excess amount from the judgment when the amount awarded as the acquisition amount plus the advance payment exceeds the amount actually paid for a replacement or an agency's determined cost of a comparable replacement. A person is not required to refund more than the advance payment. A payment shall be made after condemnation proceedings are completed when a person does not sign an affidavit.

(7) **CARVE-OUT AND MODIFICATION OF REPLACEMENT PAYMENT COMPUTATION.** (a) *Complete acquisition.* 1. Typical size lot. The maximum replacement payment shall be the selling price of a comparable dwelling on a lot typical for the area, less the price of the acquired dwelling and the site, when a dwelling is located on a lot typical for the area.

2. Larger than typical size lot. The maximum replacement payment shall be the price of a comparable dwelling on a lot typical for the area, less the price of the acquired dwelling plus the price of that portion of the acquired land which represents a lot typical for the area, when the acquired dwelling is located on a lot size larger than typical for the area.

(b) *Partial acquisition.* 1. Typical size lot. The maximum replacement payment shall be the selling price of a comparable dwelling on a lot typical for the area, less the value of the entire property, when an acquired dwelling is located on a lot typical for the area. An agency may purchase the remainder of the lot when requested by an owner.

2. Larger than typical size lot. The maximum replacement payment shall be the selling price of a comparable dwelling on a lot typical for the area, less the value of that portion which represents the homesite lot typical for the area, when the dwelling is located on a lot larger than typical for the area. An agency may purchase the remainder of the lot when requested by an owner.

3. Remainder property. If a buildable residential lot or an uneconomic remnant remains after a partial taking and the owner of the remaining property refuses to sell the remainder to the agency, the market value of the remainder may be added to the acquisition cost for the purposes of computing the payment.

Note: Under ss. 32.05 (3m) and 32.06 (3m), Stats., an agency is required to offer to purchase a remainder if it is an uneconomic remnant.

(c) *Dwelling on land with higher and better use.* The maximum replacement payment shall be the selling price of a comparable dwelling on a lot typical in the area, less the price of the acquired dwelling, and the price of that portion which represents a lot typical for residential use in the area, when the market value is based on a higher and better use than residential.

(d) *Multiple occupancy of a dwelling.* 1. An agency shall make one replacement payment when there are 2 or more families occupying a dwelling, except when there is no comparable dwelling available. A replacement payment shall be paid to each family when a comparable is not available. The payments shall be based on housing comparable to that occupied by each family plus space shared by other persons. The acquisition price or rent used for payment computations shall be the amount

each person receives from the total property acquisition payment, or when tenants, the amount each pays toward the total rent.

2. Two or more individuals who occupy a dwelling unit, shall be considered as one person for a replacement payment. An agency shall pay individuals a pro rata share of one payment, based on a comparable dwelling, regardless of whether the individuals relocate together or separately, except that payment shall be made to persons moving to decent, safe and sanitary housing.

(e) *Joint residential and business use.* 1. An agency shall make a replacement housing payment to a person displaced from a dwelling separately from a payment required for a business or farm on the same property.

2. An agency shall compute a replacement housing payment for a person who occupied one unit of a multi-family or a mixed-use property provided:

a. The comparable property shall be the same as a property acquired. For example, a comparable shall be a triplex when the acquired property is a triplex. Dwellings of the next lower density shall be used when there is no comparable. A single-family dwelling shall be used as the comparable for a person's dwelling when there are no comparable multi-family or mixed-use dwellings;

b. The carve-out value of the dwelling shall be used for a replacement housing determination, not the market value of an entire property. A replacement housing payment is the difference, if any, between the value of the acquired dwelling unit and the value of a comparable dwelling unit in the most comparable property.

(8) **NONPROFIT ORGANIZATION.** A nonprofit organization or a religious society which meets the eligibility requirements applicable for a residential tenant or owner shall be eligible for a replacement housing payment under this subchapter. A payment shall be determined as follows:

(1) **ELIGIBILITY REQUIREMENTS.** A displaced person shall be eligible for a payment when the person:

(a) An agency may adjust the asking price of the selected comparable if considered justified on the basis of local market conditions. The agency's relocation plan shall specify if adjustments will be made for the project, the basis for this determination and the method of adjustment to be used.

(b) The cost of physical changes or improvements necessary to meet comparable standards in the selected comparable or the actual replacement shall be included in the maximum replacement payment.

(c) An agency shall select comparable dwellings from the neighborhood of a displaced person provided the area is not designated for governmental acquisition and displacement, or subject to adverse environmental conditions.

(d) An agency shall select comparable dwellings from adjacent or nearby neighborhoods in ascending order of cost when there are no comparable dwellings in the neighborhood of a displaced person.

(e) An agency, to promote racially integrated housing, may select comparable dwellings from an adjacent or nearby neighborhood having less concentrated racial composition, when desired by a displaced minority person.

(b) *Payment computation.* The increased interest payment shall be computed as follows:

1. The interest payment shall be an amount which will reduce the mortgage balance on the replacement dwelling to an amount which could be amortized with the same monthly payment for principal and interest as that for the mortgage or mortgages on the displacement dwelling, except that the payment for a person obtaining a mortgage that is less than the mortgage balance computed in the buydown determination, shall be prorated and reduced accordingly. In the case of a home equity loan, the unpaid balance shall be that balance which existed 180 days before the initiation of negotiations or the balance on the date of acquisition, whichever is less.

(e) *Adjustment to interest payment amount.* 1. Larger than typical size lot. The interest payment shall be reduced to the percentage ratio that the value of the typical residential portion is to the value of the entire property before acquisition, when a dwelling is located on a lot larger than typical for the area.

2. Multi-use property. The interest payment on multi-use property shall be reduced to the percentage ratio that the residential value of the multi-use property is to the value of the entire property before acquisition.

(b) when a dwelling is located on land where the fair market value is established on a higher and better than residential use, and when the mortgage is based on residential value. The interest payment shall be reduced to the percentage ratio that the estimated residential value of the land is to the value of the entire property before acquisition, when the mortgage is based on the higher use.

(f) *Prompt payment.* An agency shall advise a displaced person of the approximate amount of a refinancing payment as soon as the facts relative to a person's current mortgages are known. If requested by the displaced person, the refinancing payment shall be made available at or near the time of closing on the replacement to permit reduction of the new mortgage amount.

(6) **INCIDENTAL EXPENSE PAYMENT.** An agency shall pay a person for actual and reasonable expense incurred incidental to the purchase of a replacement dwelling. The payment shall include the following:

Subchapter VI — Replacement Business and Farm Payment

ILHR 202.90 General. This section describes the general requirements for a replacement payment to a displaced person who is a tenant-occupant or an owner-occupant of a business, farm operation, or nonprofit organization. A person is not required to relocate to the same owner or tenant occupancy status, but has other options as specified under this subchapter. An agency shall make one payment for each displacement, not to exceed \$30,000 for a tenant-occupant or \$50,000 for an owner-occupant.

(1) **ELIGIBILITY REQUIREMENTS.** An agency shall make a replacement payment to a displaced business or farm operation provided:

(a) The property is subsequently acquired, a tenant is affected by displacement, or a notice to vacate is issued;

(b) The person owns and occupies a business or farm conducted on the real property acquired or affected by displacement, for not less than one year before initiation of negotiations.

(c) The person purchases or rents a replacement business or farm operation within 2 years of the date the person vacates or receives final payment for the acquired property; whichever is later.

(d) For the purpose of this section, a replacement business or farm property is purchased when a person:

1. Acquires an existing property as a replacement for the business or farm operation;

2. Relocates or rehabilitates a property owned or acquired.

Note: The cost to achieve comparable standards and to correct code deficiencies shall be included in the actual cost of purchasing a replacement property when it is not comparable or in code compliance.

3. Contracts to, or constructs a building or structure for a new business or farm operation on a site owned or acquired.

Note: The cost of construction shall be limited to that necessary to construct a comparable replacement. The cost shall include the value of the land at the time it was acquired. The cost of constructing a replacement structure shall include the value of labor furnished by a self-help builder.

(e) The entire business or farm operation shall be displaced to qualify for a replacement payment. However, a business or farm operation shall be considered eligible for a replacement payment when:

1. The property remaining after the acquisition is not an economic unit or would result in a significant reduction in net earnings for the same type of business or farm operation, as determined by an agency;

2. The acquisition substantially changed or interfered with the principal operation or the nature of the business or farm operation so as to constitute a displacement.

(2) **DELAYED OCCUPANCY FOR CONSTRUCTION AND REHABILITATION.** A person who contracts for the construction or rehabilitation of a replacement building, is considered to have purchased the replacement as of the date of the contract. The replacement payment may be deferred until a final acquisition price is known and relocation is completed provided the agency makes payment into an interest-bearing escrow account for release upon reestablishment of the business or farm operation. An agency may pay a person before reestablishment when there is assurance of reestablishment.

(3) **PRIOR OWNERSHIP OF A REPLACEMENT BUILDING OR LAND.** An agency shall pay a person who is an owner of a replacement building or land upon which a replacement building is constructed and within the time limit under sub. (1), a replacement payment as specified under this subchapter. The fair market value of the land and the building at the time of displacement shall be used as the actual cost in determining the payment.

(4) **INSPECTION FOR COMPLIANCE WITH FEDERAL, STATE OR LOCAL CODE.** An agency shall inspect a replacement business or farm operation to determine if it meets federal, state or local codes before making a replacement payment. An agency shall take the following steps before terminating assistance or denying eligibility for a replacement payment because a person moved to a facility which is not in compliance;

(a) Assist a person to correct a deficiency and when necessary, refer a person to another facility in compliance with applicable codes;

(b) Notify a person in writing within 10 days of the inspection regarding a deficiency to be corrected to receive payment, and that when the deficiency is corrected by the date as specified under sub. (1), or when a person moves to another facility which is in compliance, the person shall receive payment.

(6) **ADVANCE PAYMENT IN CONDEMNATION CASE.** An agency shall promptly pay a replacement business or farm payment. An advance payment shall be made when an agency determines the acquisition payment will be delayed because of condemnation proceedings. An agency's offer shall be used as the acquisition price for calculating the payment. The payment shall be contingent on a person signing an affidavit of intent that:

(a) The agency shall re-compute the replacement payment using the acquisition amount, set by the court;

(b) The person shall refund the excess amount from the judgment when the amount awarded as acquisition amount plus the advance payment exceeds the amount paid for a replacement or the agency's determined cost of a comparable replacement. A person is not required to refund more than the advance payment. The payment shall be made after the condemnation proceedings are completed when a person does not sign an affidavit.

(7) **CARVE-OUT AND MODIFICATION OF REPLACEMENT PAYMENT COMPUTATION.** (a) *Complete acquisition.* 1. Typical size lot. The maximum replacement payment shall be the selling price of a comparable replacement on land typical in size for the business less the price of the acquired building and the site when the acquired business is located on land typical in size for the type of business conducted.

2. Larger than typical size lot. The maximum replacement payment shall be the selling price of a comparable replacement on land typical in size for the business, less the price of the acquired building, plus the price of that portion of the acquired land typical in size for the business being conducted, when the acquired business is located on land larger in size than typical for the type of business conducted.

(b) *Partial acquisition.* 1. Typical size lot. The maximum replacement payment shall be the selling price of a comparable replacement on land typical in size for the business, less the value of that portion of the acquired property which represents the typical size for the business, when the acquired business is located on land larger than typical for the business conducted.

2. Larger than typical size lot. The maximum replacement payment shall be the selling price of a comparable replacement on land typical in size for the business, less the value of that portion of the acquired property which represents the typical size for the business, when the acquired business is located on land larger in size than typical for the business conducted.

3. Remainder property. If a buildable residential lot or an uneconomic remnant remains after a partial taking and the owner of the remaining property refuses to sell the remainder to the agency, the market value of the remainder may be added to the acquisition cost for the purposes of computing the payment.

Note: Under ss. 32.05 (3m) and 32.06 (3m), Stats., an agency is required to offer to purchase a remainder if it is an uneconomic remnant.

(c) *A business or farm operation on land with higher and better use.* The maximum payment shall be the selling price of a comparable replacement business or farm operation on land typical in size for the existing

business or farm use in the area, less the price for the acquired property and the price of that portion of the acquired land which represents land typical for the existing use, when the market value is based on a higher and better use than the existing use.

(d) *Mixed residential and nonresidential use property.* An agency shall determine a replacement payment by using only that portion of the acquired or displacement property occupied by the displaced business or farm.

(e) *Multiple occupancy of the same parcel.* 1. Each separately organized business or farm operation which occupies a parcel shall be eligible for a replacement payment. The acquisition price or rent used for a replacement payment computation shall be the amount each business or farm occupant receives from the total payment for the property acquired, or the rent each tenant-occupant pays toward the total rent.

2. There shall be only one business or farm operation replacement payment for a business or farm operation under one ownership but engaged in more than one operation.

Note: An agency shall consider the factors under s. ILHR 202.66 in determining whether more than one business or farm is eligible for payment under this subchapter.

(f) *Decentralization of business or farm.* The purchase price or rent of more than one replacement site shall be combined to determine the cost of a replacement, when a business or farm operation displaced from one site relocates to more than one site. The replacement payment shall be limited to a selected comparable at one site unless an agency determines the needs of a business or farm operation require location at more than one site.

(g) *Joint business and investment use.* A person who owns and occupies a business and also rents out a residence or business facility on the same property, shall receive a replacement payment based only on that portion of the space and that portion of the acquisition price utilized by the business.

(8) **NONPROFIT ORGANIZATION.** A nonprofit organization is eligible for a replacement business payment as specified under this chapter, provided the organization has not claimed a replacement housing payment under subch. V.

(9) **OUTSIDE PROFESSIONAL ASSISTANCE.** The agency may use professional assistance to reestablish a displaced business or farm operation. Professional assistance for searching and other incidental expense incurred by a displaced person shall be compensable if the costs are necessary for reestablishment of the business or farm operation.

History: Cr. Register, March, 1986, No. 363, eff. 4-1-86; am. (1) (a) and (b), (3) and (7) (d), Register, November, 1989, No. 407, eff. 12-1-89.

ILHR 202.92 Owner-occupant who purchases. An agency shall pay an owner-occupant of a business or farm operation a payment, not to exceed \$50,000, for the difference necessary to purchase a replacement business or farm operation; for the loss of favorable financing on an existing mortgage or land contract in financing a replacement property, and expenses incidental to the purchase of a replacement business or farm operation. The payment shall be computed as specified under this section.

(1) **DIFFERENTIAL AMOUNT PAYABLE.** A differential amount payable is an amount, if any, when added to the acquisition payment for the acquired business or farm operation, equals an amount a person pays for a replacement property, or an amount determined by an agency as necessary to purchase a comparable replacement, whichever is less. A replacement payment shall include the difference between the price paid for a fixture or other real property improvement acquired and the cost to purchase and install the improvement in a replacement facility. A replacement payment shall also include the cost to modify a property to meet comparable standards and code requirements.

(2) **SELECTION AND COST OF COMPARABLE AND ACTUAL REPLACEMENTS.** The agency shall determine the cost of a comparable replacement business or farm operation by analyzing 3 or more comparable replacement business or farm operations and selecting the one that is the most comparable. Fewer may be analyzed if 3 are not available.

(a) An agency may adjust the asking price of the selected comparable if considered justified on the basis of local market conditions. The agency's relocation plan shall specify if adjustments will be made for the project, the basis for this determination and the method of adjustment to be used.

(b) The cost of physical changes or improvements necessary to meet comparable standards in the selected comparable or the actual replacement shall be included in the maximum replacement payment.

(c) An agency shall select a comparable business or farm operation from the area of a displaced person provided the area is not designated for governmental acquisition and displacement, or subject to adverse environmental conditions.

(d) The selected comparable shall be equal to or better than the acquired property and a payment shall be based on new construction when there is no comparable business or farm operation available.

(3) **REVISION TO SELECTED COMPARABLE AMOUNT.** An agency, upon request of a displaced person, shall offer a comparable replacement business or farm operation within the maximum differential payment determined. Another comparable study shall be made to determine a new replacement payment when there is no comparable available, except the new replacement payment may not be less than the original payment.

(4) **INCREASED INTEREST PAYMENT.** (a) *General.* An agency shall pay a displaced person for the increased interest expense and other debt service costs incurred in financing the purchase of a replacement business or farm operation, provided:

1. The acquired business or farm operation property was encumbered by a bona fide mortgage or land contract;

2. The mortgage or land contract was executed in good faith not less than one year before initiation of negotiations to purchase the property;

3. All bona fide mortgages or land contracts that were valid liens on the displacement property for at least one year before initiation of negotiations on the acquired property shall be used to compute the increased interest payment.

(b) *Payment computation.* The increased interest payment shall be computed as follows:

1. The interest payment difference shall be an amount which will reduce the mortgage balance on the replacement property to an amount which could be amortized with the same monthly payment for principal and interest as that for the mortgage or mortgages on the displacement property, except that the payment for a person obtaining a mortgage that is less than the mortgage balance computed in the buydown determination, shall be prorated and reduced accordingly.

2. The amount paid by a person as points, loan origination or assumption fees, but not seller's points, shall be based on the amount refinanced, not exceeding the amount which would have been paid had the original mortgage balance been refinanced, and shall be added to an amount as specified under subd. 1. The origination or assumption fee shall be limited to the fee normal for real estate transactions in the area.

(c) *Interest rate on replacement mortgage.* The interest rate on the mortgage for a replacement business or farm operation used in the computation may not exceed the rate typically charged by mortgage lenders in the area.

(d) *Mortgage term.* The payment shall be based on the remaining term of the mortgage(s) on the displacement dwelling regardless of the term on the new mortgage.

(e) *Adjustment to interest payment amount.* 1. Larger than typical size lot. The interest payment shall be reduced to the percentage ratio that the value of the typical and necessary part is to the value of the entire property before acquisition, when a property is located on a lot larger than typical and necessary for the type of business or farm operation being operated.

2. Multi-use property. The interest payment on multi-use property shall be reduced to the percentage ratio that the business or farm operation value of the multi-use property is to the value of the entire property before acquisition.

3. Business or farm on land with higher and better use. An agency shall compute an interest payment under par. (b), when a business or farm operation is located on land where the fair market value is established on a higher and better use, and when the mortgage is based on business or farm operation value. The interest payment shall be reduced to the percentage ratio that the estimated business or farm operation value of the parcel is to the value of the entire property before acquisition, when the mortgage is based on the higher use.

(f) *Prompt payment.* An agency shall advise a displaced person of the approximate amount of a refinancing payment as soon as the facts relative to a person's mortgages are known. If requested by the displaced person, the refinancing payment shall be made available at or near the time of closing on the replacement to permit reduction of the new mortgage amount.

(5) **INCIDENTAL EXPENSE PAYMENT.** An agency shall pay a person for actual and reasonable expense incurred incidental to the purchase of a replacement business or farm operation. The payment shall include the following:

(a) Legal, closing and related cost including title research, preparing conveyance contracts, notary fees, surveys, preparing drawings or plats and recording fees;

(b) Lender, appraisal or application fees, and loan origination or assumption fees that do not represent prepaid interest;

(c) Certification of structural soundness;

(d) Credit reports;

(e) Owner or mortgagee title insurance policy or abstract of title;

(f) Escrow agent fee;

(g) Other expense approved by an agency.

Note: The payment may not include a prepaid expense such as taxes, water, or fuel costs, or a fee, cost, charge or expense which is part of a debt service or finance charge.

(6) **OWNER RETENTION.** An owner-occupant may purchase the property back from an agency and move it to another location following receipt of the payment for the acquired property, and when not inconsistent with project development. The replacement payment shall be determined as follows:

(a) *Amount payable.* The payment shall be the amount, if any, between the acquisition price and the cost to relocate. The cost to relocate shall include the purchase-back price, the cost to acquire and develop a new site, or when moved to retained land, the market value of the site, installing utility service, constructing a foundation, moving the property, restoring it to comparable standards and other moving costs.

(b) *Limitation.* The differential payment computed under this section may not exceed the amount necessary to purchase a comparable replacement under sub. (2) plus any increased interest or incidental expense payment due under subs. (4) and (5).

(7) **REPLACEMENT PAYMENT CONVERSION.** An agency shall pay a person as specified under this section. A replacement payment for a prior move to a rental property shall be deducted from the amount payable under this section. The combined payment may not exceed \$50,000.

ILHR 202.94 Owner-occupant who rents. (1) **GENERAL.** An agency shall pay an owner-occupant who rents a replacement business or farm operation, a rental assistance payment not to exceed \$30,000 for 4 years, or the amount the person is eligible for as an owner under s. ILHR 202.92, whichever is less.

(2) **COMPUTATION OF PAYMENT.** The payment shall be computed as specified under s. ILHR 202.96, except that the economic rent of the acquired property shall be used to compute the payment.

History: Cr. Register, March, 1986, No. 363, eff. 4-1-86.

ILHR 202.96 Tenant-occupant who rents. An agency shall pay a tenant-occupant of a business or farm operation, a rental assistance payment, not to exceed \$30,000, for the increased cost to rent or lease a replace-

ment business or farm operation. The payment shall be computed as specified under this section.

(1) **RENT DIFFERENTIAL PAYMENT.** An agency shall pay a person who rents a replacement business or farm operation, a payment equal to the difference for 48 months, if any, between the monthly rent for the displacement unit and the lesser of the monthly rent for a comparable business or farm operation, or the actual replacement.

(2) **PREFERRED REPLACEMENT TENURE.** An agency shall assist a person to relocate to original tenancy status or, at a person's option, purchase a replacement using the downpayment assistance provisions under s. ILHR 202.98.

(3) **PAYMENT COMPUTATION.** To compute a payment, an agency shall determine the base monthly rent, the rent of a comparable replacement, and the rent paid for the replacement property as follows:

(a) *Base monthly rent.* The base monthly rent shall be either:

1. The average monthly rent and utilities paid by the tenant-occupant for the 12-month period before initiation of negotiations, or a more representative period; or

2. The economic rent when the actual rent is insignificant in relation to market rents for similar property in the area.

(b) *Determine rent of a comparable replacement.* The agency shall determine the rent of a comparable replacement business or farm operation using the selection procedures under s. ILHR 202.92 (2) and (3) except:

1. An agency shall increase the rent by the additional amount the owner would charge if required to make modifications necessary to bring a property up to comparable standards, or

2. An agency shall pay a person who rents a replacement business or farm operation requiring modifications to meet comparable standards, the actual cost of these modifications if incurred by the person. The amount shall be included in the rent differential payment.

(4) **COMPARABILITY OF RENT FACTORS.** Rent factors such as utilities, furnishings, parking and others, shall be the same for the displacement property and the comparable or replacement property. However, rent factors in the comparable property which must be paid by the displaced person shall be included in the payment regardless of whether they existed in the displacement property.

(5) **CHANGE OF OCCUPANCY.** A person, after moving to a replacement business or farm operation, moves to a higher rent property within a 2 year period, may be eligible for an amount in excess of the original claim but not to exceed the amount necessary to rent a comparable replacement.

History: Cr. Register, March, 1986, No. 363, eff. 4-1-86; am. (1), (3) and (4), Register, November, 1989, No. 407, eff. 12-1-89.

ILHR 202.98 Tenant-occupant who purchases. (1) **GENERAL.** An agency shall pay a person otherwise eligible under s. ILHR 202.96, an amount up to \$30,000 for a downpayment on the purchase of a replacement, and reimbursement for actual expenses incidental to the purchase. The pay-Register, November, 1989, No. 407

ment may not exceed the amount necessary to rent a comparable replacement as specified under s. ILHR 202.96.

(2) **COMPUTATION OF DOWNPAYMENT AND INCIDENTAL COST.** (a) The agency shall pay a person the amount the person is entitled to receive for a rental replacement payment as specified under s. ILHR 202.96.

(b) An agency shall pay the amount calculated under s. ILHR 202.96 to a tenant-occupant who purchases a replacement business or farm operation within 2 years after the person moves from the displacement property.

(c) The incidental cost as specified under s. ILHR 202.92 (5) shall be added to the amount as specified under par. (a).

(d) An agency may require that the full amount of the downpayment assistance payment be applied to the purchase price of the replacement property and related incidental expenses. An agency may pay the amount directly to a displaced person upon reasonable assurance that the displaced person will apply the payment toward business or farm reestablishment costs.

(e) An owner eligible for a payment under s. ILHR 202.92 is ineligible for a downpayment assistance payment under this section.
