Subchapter II — Public Facilities Program

Comm 108.09 Public facilities program. (1) GENERAL. (a) 1. 2. Other considerations that the department may use in this evaluation include, but are not limited to, the ability of the community to borrow funds, project readiness, overall CDBG funds the local government has received in the past, and the previous and current efforts by the local government to address the identified need.

3. A public facilities project may include one specific project or a number of projects that are demonstrated to be related.

(b) 1. Except as specified in s. Comm 108.12 (3), the minimum amount of points an applicant shall score to be eligible for funding under ss. Comm 108.10 to 108.13 shall be no less than 225 of the 300 available points.

2. The attainment of the minimum amount of points shall not be construed as an assurance of receiving funding under this section.

(2) **ELIGIBILITY.** A local government may not receive funding for more than one application for a public facilities project in any 12-month period.

(3) **MINIMUM FINANCIAL PARTICIPATION OR LOCAL MATCH.** (a) Except as specified in par. (c), the funding for every project proposed by a local government shall include financial participation by that local government or participating local governments of at least 10% of the total project cost.

(c) The minimum local financial participation as specified in par. To qualify for points under this section, a local government shall document the availability of firm commitments for the balance of project funding from creditworthy sources to ensure timely completion of the project.

(1) GENERAL. Except as specified in sub. (2), scores shall range from 100 points for a local government that proposes to leverage 1.5 or more dollars of non-CDBG funds for each dollar of CDBG funds to 0 points for a local government that proposes to fund a project solely with CDBG funds.
