

## WISCONSIN APPELLATE COURT CITATIONS TO ADMINISTRATIVE CODES

### INTRODUCTION

This table lists all citations to Wisconsin Administrative Code sections appearing in published Wisconsin Supreme Court and Court of Appeals opinions occurring from the original printing of the Code on January 2, 1956 through 2009 WI 103 and 2009 WI App 173. The initial compilation of Wisconsin Administrative Code Citations was completed by Sara Paul. The list was updated and maintained by the Revisor of Statutes Bureau until its elimination in 2007 and by the Legislative Reference Bureau since then.

### ORGANIZATION

The table is arranged by an agency's alphabetical designation. A list of the various alphabetical designations used by state agencies since 1956 is set out below. Some of the rules listed have been renumbered or repealed since the date of the court review.

A rule will be cited in this compilation if it is either mentioned in the text of the opinion or referred to in a note to the opinion. From 1956 through 2007, citations to cases were made by their Wisconsin Reports volume and page numbers. Beginning with case citations added during 2008, the citation will be by the public domain case number and paragraph numbers assigned by the Supreme Court or Court of Appeals and the court docket number, which will allow electronic versions of this table to be linked to the cited cases on the Wisconsin Court System Web site.

In order to distinguish between Supreme Court and Court of Appeals cases for electronic linking purposes, the docket number for Court of Appeals cases will be reproduced exactly as written by the court (09AP1111), while the "AP" will be replaced by a hyphen in Supreme Court case docket numbers (09-1111). Wisconsin Reports page numbers will no longer be cited. In the future, public domain cites and docket numbers will be added for case citations that did not originally include those numbers, although paragraph numbers will not be added. Also beginning with citations added during 2008, cites to code sections will not be made below the subsection level.
