Background

2015 Wisconsin Act 33, effective July 3, 2015, modified rule provisions in ch. NR 405, Wis. Adm. Code., relating to construction permit requirements for stationary sources that emit greenhouse gases. The rule provisions affected by Act 33 had been promulgated by the WDNR based on an Environmental Protection Agency (EPA) interpretation of certain provisions of the Clean Air Act, which is no longer valid under the Supreme Court's decision in *Utility Air Regulatory Group v. EPA*, 134 S. Ct. 2427 (2014). The modifications to ch. NR 405, Wis. Adm. Code, made under 2015 Wisconsin Act 33 were published in the Wisconsin Administrative Register, No. 715B on July 27, 2015, and became effective on August 1, 2015.

Action Subject to Comment

The Department is soliciting comment on the proposed submittal of those rule provisions in ch. NR 405, Wis. Adm. Code, as affected by 2015 Wisconsin Act 33 to the EPA as a revision to Wisconsin's State Implementation Plan.

Agency Contact and Submitting Comment

Comments on the proposed SIP submittal should be received on or before January 11, 2016. Written comments may be submitted by U.S. mail, fax, or email and will have the same weight and effect as oral statements presented at the public hearing.

Questions or requests related to the hearing and written comments or questions on the proposed action to request a revision to the Wisconsin SIP should be submitted to:
