Policy Problem Addressed by the Rule

The objective for the proposed rule changes is to repeal sections of PI 36 that are obsolete due to the enactment of 2015 Wisconsin Act 55, including sections related to cost estimates for pupils with disabilities, billings that occur between school districts, and denials due to undue financial burden.

In addition, as a result of 2015 Wisconsin Act 55, the proposed rule will amend the open enrollment payment procedures to address statutory changes to open enrollment payments for pupils with disabilities.

In addition, minor substantive changes will be made to clarify some provisions following the repeal and recreate of PI 36 in September 2014.

The proposed rules would first be applicable in the 2016-17 school year.

Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

Local:

None. Certain sections of PI 36 were rendered obsolete as a result of changes to statute under 2015 Wisconsin Act 55, including sections related to cost estimates for pupils with disabilities, billings that occur between school districts, and denials due to undue financial burden. Since there is no longer any statutory authority for implementing these parts of this program, these sections of rule are no longer necessary. Thus, this rule change will DPI align administrative code with the changes in statute.

State:

No fiscal effect.

Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

The rule needs to be revised to align PI 36 with current practice and the statutory changes to s. 118.51, Stats., as a result of 2015 Wisconsin Act 55. Without this change, PI 36 will be inconsistent with current statute.

Long Range Implications of Implementing the Rule

This proposed rule change will align PI 36 with the statutory changes in 2015 Wisconsin Act 55 and clarify certain provisions that were implemented with the repeal and recreate of PI 36 in September 2014.
