STATE OF WISCONSIN DEPARTMENT OF ADMINISTRATION DOA-2049 (R03/2012) DIVISION OF EXECUTIVE BUDGET AND FINANCE 101 EAST WILSON STREET, 10TH FLOOR P.O. BOX 7864 MADISON, WI 53707-7864 FAX: (608) 267-0372

ADMINISTRATIVE RULES Fiscal Estimate & Economic Impact Analysis

1. Type of Estimate and Analysis		
☑ Original ☐ Updated ☐ Corrected		
2. Administrative Rule Chapter, Title and Number		
DE 3, 11, 15		
3. Subject		
Relating to certificate for dental hygienists to administer nitrous oxide inhalation analgesia		
4. Fund Sources Affected	5. Chapter 20, Stats. Appropriations Affected	
☐ GPR ☐ FED ☐ PRO ☐ PRS ☐ SEG ☐ SEG-S		
6. Fiscal Effect of Implementing the Rule		
☐ No Fiscal Effect ☐ Increase Existing Revenues	☐ Increase Costs	
☐ Indeterminate ☐ Decrease Existing Revenues	□ Could Absorb Within Agency's Budget	
	☐ Decrease Cost	
7. The Rule Will Impact the Following (Check All That Apply)		
	ific Businesses/Sectors	
	c Utility Rate Payers	
	Businesses (if checked, complete Attachment A)	
8. Would Implementation and Compliance Costs Be Greater Than \$20 million?		
Yes No 9. Policy Problem Addressed by the Rule		
9. Folicy Flobletti Addressed by the Rule		
2013 Wisconsin Act 354 required the Dentistry Examining B	oard to grant a certificate to administer nitrous oxide	
2013 Wisconsin Act 354 required the Dentistry Examining Board to grant a certificate to administer nitrous oxide inhalation analgesia to a dental hygienist who is licensed by the Board and who satisfies certain educational requirements		
that the Act directs the Board to establish by rule. Under 2013 Wisconsin Act 354, the certificate to administer nitrous		
oxide inhalation analgesia remains in effect while the dental hygienist holds a valid license to practice dental hygiene in		
Wisconsin, unless the Dentistry Examining Board suspends or revokes the certificate. The proposed rule implements		
2013 Wisconsin Act 354 by establishing the requirements for the certificate.		
10. Summary of the businesses, business sectors, associations representing business, local governmental units, and individuals that		
may be affected by the proposed rule that were contacted for comments.		
This proposed rule was posted for a period of 14 days to solicit comments from the public. No businesses, business		
sectors, associations representing businesses, local governmental units, or individuals contacted the department about the		
proposed rule during that time period.		
11. Identify the local governmental units that participated in the development of this EIA.		
None This rule does not offeet level government units		
None. This rule does not affect local government units.		
12. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be		
Incurred)		
The rule will not have an economic or fiscal impact on specific businesses, business sectors, public utility rate payers,		
local government units, or the state's economy as a whole.		
13. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule		

DIVISION OF EXECUTIVE BUDGET AND FINANCE 101 EAST WILSON STREET, 10TH FLOOR P.O. BOX 7864 MADISON, WI 53707-7864 FAX: (608) 267-0372

ADMINISTRATIVE RULES Fiscal Estimate & Economic Impact Analysis

The benefit of the proposed rule is that it brings the Dentistry Examining Board administrative rules in compliance with 2013 Wisconsin Act 354.

14. Long Range Implications of Implementing the Rule

The long range implications of implementing the rule is regulatory clarity for dental hygienist credential holders as the administrative code will align with the statutory requirements established in 2013 Wisconsin Act 354.

15. Compare With Approaches Being Used by Federal Government

None

16. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois: Dental hygienists may administer and monitor nitrous oxide provided they complete a 14 hour course relative to nitrous oxide analgesia and submit certification of completion of the required course to the supervising dentist. An individual who graduated from an approved dental hygiene program after January 1, 1998 that contained nitrous oxide analgesia administration and monitoring shall not be required to complete the 14 hour course upon proof to the dentist of the required curriculum. The dental hygienist must maintain BLS certification or its equivalent in addition to the required courses (Ill. Admin. Code tit. 68 pt. 1220).

Iowa: A dental hygienist may administer nitrous oxide inhalation analgesia provided the administration of nitrous oxide inhalation analgesia has been delegated by a dentist and the hygienist has completed a board approved course of training (Iowa Admin. Code r. 650- 29.6 (4)).

Michigan: A dentist may delegate administering nitrous oxide analgesia to a registered dental hygienist under direct supervision to a patient 18 years of age or older if the dental hygienist has met all of the following: (1) Successfully completed an approved course in the administration of nitrous oxide analgesia including content in nitrous oxide analgesia medical emergency techniques, pharmacology of nitrous oxide, nitrous oxide techniques, and if such a course is available, selection of pain control modalities. The course must consist of a minimum of 4 hours didactic instruction and 4 hours of clinical experience; (2) Successfully completed a state or regional board administered written examination in local anesthesia within 18 months of completion of the approved course; (3) Successfully completed a state or regional board administered written examination on nitrous oxide analgesia, within 18 months of completion of the approved course; and (4) Maintains and provides evidence of current certification in basic or advanced cardiac life support. A dental hygienist shall not administer more than 50% nitrous oxide (Mich. Admin. Code r. 338.11410 and MCL 333.16611 (4)).

Minnesota: A dental hygienist may administer nitrous oxide inhalation analgesia in accordance with all of the following: (1) Completion of CPR training and current CPR certification; (2) Usage of only use fail-safe anesthesia equipment capable of positive pressure respiration; (3) Successful completion of a course on the administration of nitrous oxide inhalation analgesia from an institution accredited by the Commission on Dental Accreditation. The course must be a minimum of 12 hours comprised of didactic instruction, personally administering and managing at least three individual supervised cases of analgesia, and supervised clinical experience using fail-safe anesthesia equipment capable of positive pressure respiration; (4) Under the appropriate level of supervision by a dentist who is current with the requirements to administer nitrous oxide inhalation analgesia (Minn. Admin. Code 3100.3600 subp. 4.).
