

State of Wisconsin
Examining Board of Architects, Landscape Architects, Professional Engineers, Designers and Land
Surveyors

IN THE MATTER OF RULE-MAKING PROCEEDINGS BEFORE THE
EXAMINING BOARD OF ARCHITECTS, LANDSCAPE ARCHITECTS,
PROFESSIONAL ENGINEERS, DESIGNERS AND LAND SURVEYORS

ORDER OF THE EXAMINING BOARD OF ARCHITECTS, LANDSCAPE ARCHITECTS,
PROFESSIONAL ENGINEERS, DESIGNERS AND LAND SURVEYORS
ADOPTING RULES
(CLEARINGHOUSE RULE 15-040)

ORDER

An order of the Examining Board of Architects, Landscape Architects, Professional Engineers, Designers, and Land Surveyors to repeal A-E 3.05 (2) and (3), 4.07 (2) and (3), 6.05 (4) and (5), 9.05 (2) and (3), to amend A-E 6.04 (1), and to repeal and recreate A-E 3.02, 6.02, 6.05 (1) and 9.02 relating to the requirements for entrance to examination.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:

Section 440.071, Stats.

Statutory authority:

Sections 15.08 (5) (b) and 227.11 (2) (a), Stats.

Explanation of agency authority:

Pursuant to ss. 15.08 (5) (b), and 227.11 (2) (a), Stats, the Examining Board of Architects, Landscape Architects, Professional Engineers, Designers, and Land Surveyors is generally empowered to promulgate rules that will provide guidance within the profession and interpret the statutes it enforces or administers. 2013 Wisconsin Act 114 created s. 440.071 (1) Stats, which provides that neither the Department nor a credentialing board may require a person to complete any postsecondary education or training before the person is eligible to take an examination for a credential. This legislative change prompted the Examining Board of Architects, Landscape Architects, Professional Engineers, Designers, and Land Surveyors to exercise its rule-making authority to draft the proposed rule which seeks to bring

current administrative code into compliance with the new legislation. 2013 Wisconsin Act 358 amended requirements related to professional land surveyors including repealing s. 443.06 (2) (a), Stats. The rule brings the administrative code in line with this statutory change.

Related statute or rule:

Sections 443.03, 443.035, 443.06, and 443.09, Stats.

Plain language analysis:

This rule addresses a change in policy instituted by 2013 Wisconsin Act 114. The new legislation requires the Department of Safety and Professional Services and its attached boards refrain from requiring applicants complete their postsecondary education before being eligible to take an examination for a credential. Therefore, the rule makes changes to the application and examination procedures for architects, landscape architects, professional engineers, designers, and professional land surveyors. The rule also incorporates rule changes necessitated by 2013 Wisconsin Act 358.

Summary of, and comparison with, existing or proposed federal regulation:

None

Comparison with rules in adjacent states:

Illinois: Applicants for the professional land surveyor license and the professional land surveyor-in-training license submit an application that includes verification of completed education and experience (Ill. Admin. Code 68, pt. 1270). Applicants for licensure as an architect must complete a combination of education and training prior to taking the examination prepared by the National Council of Architectural Registration Boards (Ill. Admin. Code 68, pt. 1150). Illinois administrative code does not specifically require that applicants for the landscape architecture license complete their education and professional experience prior to taking the National Council of Architectural Registration Boards' Landscape Architecture Registration Examination (Ill. Admin. Code 68, pt. 1275). An applicant for the Fundamentals of Engineering exam must either have graduated from or be in their final year of an approved baccalaureate curriculum (Ill. Admin. Code 68, pt. 1380).

Iowa: Applicants for architecture registration by examination must complete the eligibility requirements of the education standards for NCARB certification which include a professional degree from a program accredited by the National Architectural Accrediting Board (NAAB) or the Canadian Architectural Certification Board (CACB) and shall be enrolled in the NCARB Intern Development program prior to being admitted to the examination (Iowa Admin. Code r. 193B – 2.3). An applicant for engineering licensure must satisfy the educational requirements prior to completing the Fundamentals of Engineering Examination (Iowa Admin. Code r. 193C – 4.1). An applicant for land surveying licensure must satisfy the education and experience requirements prior to completing the Fundamentals of Land Surveying Examination (Iowa Admin. Code r. 193C – 5.1). An applicant for landscape architecture licensure need not meet preconditions to take the professional landscape architectural licensure examination (Iowa Admin. Code r. 193D – 2.4).

Michigan: To be examined as an architect, the applicant must provide evidence of completion of a first professional degree or further degree in architecture satisfactory to the board of architects. To be examined as a professional engineer, the applicant must meet specific education and experience requirements. To be examined as a land surveyor, the applicant must meet specific education and experience requirements (Mich. Comp. Laws s. 339.2005). An applicant for landscape architect certification must complete all education and experience requirements in order to sit for the examination (Mich. Admin. Code r. 339.19025).

Minnesota: Applicants for architect licensure by examination must complete the education and experience requirements prior to taking the Architect Registration Examination (ARE) (Minn. R. 1800.1000). Minnesota administrative code does not specifically require that applicants for the landscape architecture license complete their education and professional experience prior to taking the Landscape Architect Registration Examination (LARE) (Minn. R. 1800.1500). Applicants for licensure as a professional engineer must complete specific education and experience requirements prior to taking the written Fundamentals of Engineering (FE) examination and the Principles and Practice of Engineering (PE) examination (Minn. R. 1800.2500). Applicants for licensure as a land surveyor must complete specific education and experience requirements prior to taking the Fundamentals of Surveying (FS) examination and the Principles and Practice of Surveying (PS) examination (Minn. R. 1800.3505).

Summary of factual data and analytical methodologies:

No factual data or analytical methodologies were used in drafting the rule due to the rule being prompted by recent legislation.

Analysis and supporting documents used to determine effect on small business or in preparation of economic impact analysis:

The rule was posted for public comment on the economic impact of the proposed rule, including how the rule may affect businesses, local government units, and individuals, for a period of 14 days. No comments were received.

Fiscal Estimate and Economic Impact Analysis:

The Fiscal Estimate and Economic Impact Analysis document is attached.

Effect on small business:

These rules do not have an economic impact on small businesses, as defined in s. 227.114 (1), Stats. The Department's Regulatory Review Coordinator may be contacted by email at Jeffrey.Weigand@wisconsin.gov, or by calling (608) 267-2435.

Agency contact person:

TEXT OF RULE

SECTION 1. A-E 3.02 is repealed and recreated to read:

A-E 3.02 Requirements for registration as an architect. (1) An applicant for registration as an architect, in accordance with s. 443.03, Stats., shall submit all of the following:

(a) Documentation certifying that the applicant has acquired a thorough knowledge of sound construction, building hygiene, architectural design and mathematics.

(b) One of the following:

1. A diploma of graduation, or a certificate, from an architectural school or college approved by the architect section as satisfactory standing, together with at least 2 years of practical experience as described in A-E 3.03 and of character satisfactory to the architect section in the design and construction of buildings.

2. A specific record of 7 or more years of experience in architectural work of a character satisfactory to the architect section in the design and construction of buildings.

(2) An applicant who files an application but who does not comply with a request for information related to the application within one year from the date of the request shall file a new application and fee.

SECTION 2. A-E 3.05 (2), (3), and (5) are repealed.

SECTION 3. A-E 4.07 (2), (3), and (5) are repealed.

SECTION 4. A-E 6.02 is repealed and recreated to read:

A-E 6.02 Licensure requirements for professional land surveyors. (1) An applicant for a professional land surveyor licensure, in accordance with s. 443.06 (2), Stats., shall complete all of the following:

(a) Shall submit one of the following:

1. Documentary evidence of completion of a bachelor's degree of not less than 4 years duration in a course in the practice of professional land surveying or a related field that is approved by the professional land surveying section and the completion of at least 2 years of approved practice in professional land surveying.

2. Documentary evidence of completion of an associate degree in not less than 2 years duration in a course in the practice of professional land surveying or a related field of study that is approved by the professional land surveying section and the completion of at least 4 years of approved practice in professional land surveying.

3. Documentary evidence that the applicant has engaged in the practice of professional land surveying for at least 10 years prior to the application and has demonstrated that the applicant is competent to engage in the practice of professional land surveying as determined by the professional land surveying section. This subdivision applies to applicants who are applying after June 30, 2000 and before July 1, 2019.

(b) Fundamentals of land surveying examination.

(c) Principles and practice of land surveying examination after completing all but one year of the required experience.

(2) An applicant who files an application but who does not comply with a request for information related to the application within one year from the date of the request shall file a new application and fee.

SECTION 5. A-E 6.04 (1) is amended to read:

A-E 6.04 (1) To meet the educational requirements of s. 443.06 (2) ~~(a) and~~ (bm), Stats., an applicant for ~~registration licensure~~ licensure as a land surveyor shall have satisfactorily completed at least 60 semester credits in ~~civil engineering or land surveying curriculum or in a related field as approved by the professional land surveyor section~~ including no less than 12 semester credits in land surveying which shall be in the following categories of study:

SECTION 6. A-E 6.05 (3) is repealed and recreated to read:

A-E 6.05 (3) TIME PERIOD FOR EXAMINATION. Applicants for licensure as a land surveyor must take and pass the fundamentals of surveying examination, the national principles and practice surveying examination, and the state jurisdictional examination within 4 years of applying for licensure.

SECTION 7. A-E 6.05 (4), (5), and (9) are repealed.

SECTION 8. A-E 9.02 is repealed and recreated to read:

A-E 9.02 Requirements for registration as a landscape architect. (1) An applicant for registration as a landscape architect shall submit documentary evidence of having met the requirements under s. 443.035, Stats.

(2) An applicant who files an application but who does not comply with a request for information related to the application within one year from the date of the request shall file a new application and fee.

SECTION 9. A-E 9.05 (2), (3), and (5) are repealed.

SECTION 10. EFFECTIVE DATE. The rules adopted in this order shall take effect on the first day of the month following publication in the Wisconsin Administrative Register, pursuant to s. 227.22 (2) (intro.), Stats.
