

Natural Resources Board Order WM-04-13, Clearinghouse Rule 16-035

Final Regulatory Flexibility Analysis

These rules are applicable to individual sportspersons and impose no compliance or reporting requirements for small businesses, and no design standards are contained in the rule.

This rule includes a proposal that would simplify the process by which private sector waste haulers are able to dispose of deer waste from the CWD Management Zone. This proposal is expected to reduce costs for private business because they will be able to find local, cost effective methods for disposal rather than transporting waste to one of the two landfills within the CWD management zone which are currently used for waste. The department currently has authority to make exceptions on a case-by-case basis and has granted exemptions, so actual economic benefits will be minor.
