

**Notice of State Implementation Plan Submittal to Legislature
for Act 33 2015 (NR 405)**

The Wisconsin Department of Natural Resources (WDNR) submitted to the standing committees of the legislature with jurisdiction over environmental matters under s. 13.172(3), Wis. Stats., a report describing WDNR's proposal to submit a revision to Wisconsin's State Implementation Plan (SIP) for air quality to the U.S. Environmental Protection Agency (EPA). The WDNR is requesting that EPA approve a proposed SIP revision from a legislative action in Act 33 2015, which modified NR 405. This SIP revision ensures consistency with the Clean Air Act and aligns state law with federal standards.

A hard copy or electronic copy of the report that WDNR provided to the legislature may be obtained by contacting Kristin Hart, Permits and Stationary Source Modeling Section Chief, at (608) 266-6876 or kristin.hart@wisconsin.gov.
