<b>11. Policy Problem Addressed by the Rule</b> 2009 Wisconsin Act 28 originally created the tribal language revitalization grants, which is a program that provides grants to school districts and CESAs, in conjunction with a tribal authority, for the purpose of supporting effective instruction in one or more American Indian languages. Section 115.745 (3), Stats., provides that the State Superintendent is given the authority to promulgate rules to implement the statutes relating to the tribal revitalization grants, which became effective under Chapter PI 39 on June 1, 2010, and was renumbered Subchapter VI of PI 38 on January 1, 2018. Since then, 2017 Wisconsin Act 59, the 2017-19 biennial budget, made a change to the statutes which permitted Head Start agencies to apply for the tribal language revitalization grants. The proposed rule makes a technical change to the rules governing tribal language revitalization grants in order to conform Chapter PI 38 of the DPI Administrative Code to recent changes in statute.
