State's Economy Specific Businesses/Sectors
 Local Government Units Public Utility Rate Payers
 Small Businesses **(if checked, complete Attachment A)**

8. Would Implementation and Compliance Costs Be Greater Than \$20 million?

Yes No

9. Policy Problem Addressed by the Rule

The Board conducted an evaluation and update of ch. Chir 9 to ensure consistency with current professional and academic practices and applicable Wisconsin statutes. As a result, the following updates have been made:

- Section Chir 9.03 (1) is revised to include the Councils on Chiropractic Education International as an approved accreditor of chiropractic colleges.
- As most of the criteria for approval of chiropractic college preceptorship programs under s. Chir 9.03 and postgraduate preceptorship programs under s. Chir 9.04 are identical, the sections have been consolidated.
- Other provisions throughout ch. Chir 9 have been revised to update notes, provide clarity, and conform to current drafting standards.

10. Summary of the businesses, business sectors, associations representing business, local governmental units, and individuals that may be affected by the proposed rule that were contacted for comments.

The proposed rule was posted on the Department of Safety and Professional Services' website for 14 days in order to solicit comments from businesses, representative associations, local governmental units, and individuals that may be affected by the rule. No comments were received.

11. Identify the local governmental units that participated in the development of this EIA.

No local governmental units participated in the development of this EIA.

12. Summary of Rule's Economic and Fiscal Impact on Specific Businesses, Business Sectors, Public Utility Rate Payers, Local Governmental Units and the State's Economy as a Whole (Include Implementation and Compliance Costs Expected to be Incurred)

This proposed rule will not have a significant impact on specific businesses, business sectors, public utility rate payers, local governmental units, or the state's economy as a whole.

13. Benefits of Implementing the Rule and Alternative(s) to Implementing the Rule

The benefit to implementing the rule is providing consistency with current professional and academic practices and applicable Wisconsin statutes. If the rule is not implemented, it will continue to not include the CCEI as an approved accreditor of chiropractic colleges.

ADMINISTRATIVE RULES Fiscal Estimate & Economic Impact Analysis

14. Long Range Implications of Implementing the Rule

The long range implication of implementing the rule is consistency with current professional and academic practices and applicable Wisconsin statutes.

15. Compare With Approaches Being Used by Federal Government

None

16. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

Illinois: Rules of the Illinois Department of Financial and Professional Regulation relating to chiropractic physician preceptorship were repealed effective February 15, 2000. (68 Ill. Adm. Code 1285.105, repealed at 24 Ill. Reg. 3620).

Iowa: Rules of the Iowa Board of Chiropractic administer chiropractic preceptorship programs (645 IAC 42.1 to 42.6). A program is established by a Board-approved chiropractic college and allows a chiropractic intern or resident from the college to practice under the supervision of a chiropractic preceptor (a chiropractic physician licensed and practicing in Iowa). The rules specify the criteria for Board approval of chiropractic colleges, preceptorship programs, and chiropractic preceptors, and the conditions under which a preceptorship program must be terminated.

Michigan: Michigan statutes permit a chiropractic student to apply for a limited license to engage in the practice of chiropractic under the supervision of a licensed chiropractor (MCL 333.16412). The applicant must have successfully completed 2 years of education in a college of arts and sciences and 2 years, 4 semesters, or 6 quarter terms in a chiropractic college approved by the Michigan Board of Chiropractic. The limited license is valid for not more than 6 months and is nonrenewable.

Minnesota: Rules of the Minnesota Board of Chiropractic Examiners administer graduate preceptorship programs (Minnesota Rules, parts 2500.2500 to 2500.2530). A program allows an extern (a graduate of an accredited chiropractic college) to work under the supervision of a preceptor (a chiropractic physician licensed and in active private practice in Minnesota) for a period of up to 12 months. The rules specify the role of the preceptor, the eligibility and responsibilities of the preceptor and the extern, the minimum requirements of a preceptorship training program, and the conditions under which a preceptorship program must be terminated.
