 : (CLEARINGHOUSE RULE)

PROPOSED ORDER

An order of the Department of Safety and Professional Services to create ch. SPS 88, relating to real estate appraisal management companies.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:

Sections 458.37 (4), 458.39 (2), and 458.44 (3) (b), Stats.

Statutory authority:

Sections 458.33 (2) (c) and 458.46, Stats.

Explanation of agency authority:

Section 458.33 (2) (c), Stats., requires the department to promulgate rules "... that require an applicant for a license under this subsection to demonstrate that the applicant is qualified to competently perform appraisal management services in compliance with all applicable state and federal laws."

Section 458.46, Stats., requires the department to "... promulgate rules to implement this subchapter, including, to the extent the department, in consultation with the board, deems necessary, rules establishing standards of professional conduct for licensed appraisal management companies exempt from licensure under s. 458.34 (2)."

Related statutes or rules:

None.

Plain language analysis:

Current rules do not provide for the regulation of real estate appraisal management companies. The proposed rules create a new chapter, ch. SPS 88, to provide for the regulation of real estate appraisal management companies in accordance with the provisions of subch. III of ch. 458, Stats., as created by 2017 Wisconsin Act 113.

Specifically, the proposed rules provide the requirements for licensure as a real estate appraisal management company and identify acts that constitute unprofessional or unethical conduct for purposes of conducting disciplinary proceedings and taking action against a license.

Summary of, and comparison with, existing or proposed federal statutes and regulations:

The Dodd-Frank Wall Street Reform and Consumer Protection Act added section 1124 to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989. This section

establishes minimum requirements to be applied by states in the registration and supervision of appraisal management companies. Specifically, pursuant to section 1124(a), participating states must require that appraisal management companies (1) register with, and be subject to supervision by, the state appraiser certifying and licensing agency in the state or states in which the company operates; (2) verify that only state-certified or state-licensed appraisers are used for federally related transactions; (3) require that appraisals comply with the Uniform Standards of Professional Appraisal Practice; and (4) require that appraisals are conducted in accordance with the statutory valuation independence standards pursuant to the Truth in Lending Act (15 U.S.C. 1639e) and its implementing regulations. An appraisal management company that is a subsidiary owned and controlled by an insured depository institution and regulated by a federal financial institutions regulatory agency is subject to all of the minimum requirements, except the requirement to register with a state.

The regulations in the proposed rules will comply with the above requirements.

Comparison with rules in adjacent states:

Illinois:

The Illinois Administrative Code [68 Ill. Adm. Code 1452] implements the Appraisal Management Company Registration Act [225 ILCS 459] and provides for the regulation of appraisal management companies. The rules, which are administered by the Illinois Department of Financial and Professional Regulation, include the requirements for an application for original registration [68 Ill. Adm. Code 1452.20] and identify acts that constitute dishonorable, unethical, or unprofessional conduct for purposes of disciplinary and non-disciplinary action against a registration [68 Ill. Adm. Code 1452.190].

Iowa:

The Iowa Administrative Code [187 IAC 25] implements the Iowa Appraisal Management Company Registration and Supervision Act [Iowa Code chapter 543E] and provides for the regulation of appraisal management companies. The rules, which are administered by the Division of Banking of the Iowa Department of Commerce, include the requirements for an application for registration [187 IAC 25.2] and identify acts that constitute grounds for disciplinary sanctions against a registration [187 IAC 25.11].

Michigan:

The Michigan Statutes [MCL 339.2661 to 339.2677, as created by Public Act 505 of 2012] provide for the regulation of appraisal management companies. The statutes, which are administered by the Michigan Department of Licensing and Regulatory Affairs, include the requirements for an application for licensure [MCL 339.2665] and identify conduct subject to penalties [MCL 339.2675].

Minnesota:

The Minnesota Statutes, Chapter 82C, provides for the regulation of appraisal management companies. The statutes, which are administered by the Minnesota Department of Commerce, include the requirements for an application for licensure [Minnesota Statutes, Section 82C.03] and identify unlawful conduct [Minnesota Statutes, Section 82C.14].

Summary of factual data and analytical methodologies:

The proposed rules were developed by reviewing subch. III of ch. 458, Stats., as created by 2017 Wisconsin Act 113, which provides for the regulation of real estate appraisal management companies, and other states' statutes and administrative rules concerning the regulation of real estate appraisal management companies.
