

# STATEMENT OF SCOPE

## MARRIAGE & FAMILY THERAPY, PROFESSIONAL COUNSELING AND SOCIAL WORK EXAMINING BOARD

Rule No.: MPSW 3

Relating to: Practice Requirement for Licensure as a Clinical Social Worker

Rule Type: Permanent

**1. Finding/nature of emergency (Emergency Rule only):** N/A

**2. Detailed description of the objective of the proposed rule:**

The objective of the rule is to remove the licensure requirement for clinical social workers to complete the 3,000 hours of supervised practice within 2 years and to establish the number of face-to-face hours required for diagnosis and treatment of individuals based upon the Diagnostic and Statistical Manual of Mental Disorders (DSM) or its equivalent.

**3. Description of the existing policies relevant to the rule, new policies proposed to be included in the rule, and an analysis of policy alternatives:**

The current rule contains a requirement that an applicant for a clinical social worker license must complete their 3,000 hours supervised clinical social work practice in no less than 2 years, including at least 1,000 hours of face-to-face client contact and including DSM diagnosis and treatment of individuals.

The Legislature enacted 2001 Act 80 which removed the 2 year requirement and inserted the 3,000 hours requirement. This rule would remove the 2 year requirement to be consistent with the statutory threshold.

2017 Act 356 created a statutory requirement for the 1,000 hours of face-to-face client contact to include the diagnosis and treatment of individuals based on the applicable edition of the DSM or its equivalent. The Act also authorizes the Board to establish how many of the 1,000 hours, not to exceed 600 hours, are required for the diagnosis and treatment of individuals based on DSM to qualify for licensure.
