 Copy of identification (ID) containing photograph and signature of the person whose returns are requested (e.g., valid driver's license, state identification card, passport, or

If you are not the taxpayer, you must also submit a copy of a properly executed Power of Attorney, Attorney, Form A-222, as authorization to receive tax records. You may also use a tax authorization form or IRS Power of Attorney with the taxpayer's signature notarized (including stamp/seal).

If there is no estate, you must submit a copy of the death certificate and a letter stating the reason you need these documents.

For Trusts, you must have a court document that appoints you as the trustee and states you are authorized to request/receive state and federal tax records. Include a copy of your photo ID.

If you are an officer requesting a business tax return and did not sign the business tax return, submit proof that you are an officer of the business.
